### Cattle Viewing:

Cattle can be viewed before the sale by appointment with breeders or can begin to be viewed at the sale location starting March 12.

### Directions to RKT Simmentals

RKT is five Minutes south of Minnedosa or 20 minutes North of Brandon. 1/2 mile west of #10 highway on road 82N.

### Directions to Crest View Ranch

Coming from the North on highway #5 or #10; come across on 357 to PR road #262, South to Rd #97, 1/4 mile East. Coming from the south; come north of Minnedosa on PR road #262 to Rd #97, 1/4 mile East

### Sale Day Contacts:

#### Bohrson Marketing Services

Rob Voice 306.270.6082

Martin Bohrson 306.220.7901

Cody Haney 403.845.8806

#### Auctioneer

Riley Lafrentz

### Keystone Livestock Services

Lois McRae 204.573.5192

Insurance will be available sale day.

### Accommodations

Bay Hill Inns & Suites 204.476.8888

Best Western Plus Hotel 204.476.2378

### Online broadcast

DLMS

www.dlms.ca

### Delivery Options

\$100 off the purchase price of each bull taken home sale day. Bulls can be taken back to the sellers and boarded free of charge until May 1st. After that a \$5/day charge will apply. All bulls returning to the farms must be insured. Free delivery up to 200km.

Export to USA: An additional fee of \$500 CDN per animal will be charged at the time of settlement to cover vet/export fees and we will help coordinate delivery with a carrier. Trucking is not included in this amount.

### Morning Refreshments

We'd like to thank Farm Credit Canada for their sponsorship of the sale day coffee and donuts!

# WELCOME FROM **BOHRSON MARKETING SERVICES**

**O**n behalf of the Taylor family of RKT Simmentals and the Woychyshyn's at Crest View Land & Cattle and Crest View Ranch, we would like to welcome you to the Rancher's Select Simmental Bull Sale.

This year's offering features a strong, uniform set of red and black Simmental bulls, many with attractive blaze faces. Whether your program is focused on calving ease, performance, or building powerful replacement females, you will find bulls here that are designed to work — backed by programs that emphasize sound structure, docility, fertility, and real-world functionality.

The beef industry is currently experiencing historic times, with strong demand and opportunity across all segments. In an environment like this, the importance of using top-notch Simmental sires has never been greater. Simmental genetics offer a proven combination of maternal excellence and performance — adding value through productive females, growth, and pounds that pay. The bulls in this sale are built to help you capitalize on these opportunities and move your cow herd forward with confidence.

We invite you to view the bulls at any time prior to sale day — we would be happy to visit with you and discuss the offering in detail. Join us on March 14th at the Beautiful Plains Ag Complex in Neepawa, MB, for sale day and good cattle, good people, and a great atmosphere.

If you are unable to attend in person, Rob Voice, Martin Bohrson, or Cody Haney of Bohrson Marketing Services would be pleased to assist you in any way, including representing you for absentee bidding and buying.

# RKT SIMMENTALS

**W**elcome to the 7th annual Rancher's Select Simmental Bull Sale. A year ago I wrote in this catalogue about record high prices, and we all know how it has gone since then. It is truly great to see people get paid well for doing the toughest job that there is. At this time of year the job is to select the bulls that will improve your herd moving forward, and I believe the bull pen this year can do just that. Our section leads off with seven tremendous RFS Heavy Hitter sons. They are big, thick beef bulls that will add pounds to a calf crop. LFE Loyalty has left some eye-appealing sons and daughters, and the bulls will be popular at the sale. Sons of our walking bulls, Big Hills Striker and More's Landslide will calve easily and perform well. A small but strong group of fall-born bulls will once again be popular with the commercial cattlemen. To round out the offering, we have a good selection of high-calving ease bulls from True North, Outcome, and more. As always we welcome you to the farm to check out the bulls prior to the sale. We will have videos and other information on our website later in February. I look forward to visiting with you March 14th in Neepawa, and don't forget to come for lunch at noon.

- Kyle Taylor

WW	YW	MK	MCE	MWW
69.1	104.8	21.6	5.1	56.2

- *Homo Polled*
- I talk a lot about the cows behind our bulls and none more deserving than 37N's dam 6Z.
- 6Z has her 13th calf at her side now, a full sister to 37N, that will be going into the keeper pen like every other one of her daughters have.
- All 13 of her calves have been born in January. Not an easy feat but a testament to her fertility and longevity.
- 37N is a feature in his own right. Smooth, stylish, and if you own him you will love how he turns out.

LFE AMBER JACK 385F - GRANDSIRE LOTS 11, 12, 15, 18, 26

85	714	1335	9.3	2.2

WW	YW	MK	MCE	MWW
85.4	128.6	25.3	6.2	68

- *Homo Polled*
- A really good bull that was very hard to picture. I'm sure the rancher that ends up with him won't need to take his picture anyway.
- Thick and round made with above average EPDs and a moderate 85 lb birthweight.
- The commercial cattlemen that have bought Striker sons talk about there ease of calving, shape they breed into the calf crop and consistency.

## LOT 12 RKTS STRIKER 87N

- Don't miss this great calving ease red bull tucked away at the back of our section of the catalogue.
- All well above average EPDs with respectable weigh in's along the way.
- This hairy, long bodied dark red bull has enough calving ease for heifers and enough performance for young cows.

# CREST VIEW RANCH

## CREST VIEW LAND & CATTLE CO LTD

We would like to welcome you to the 2026, 7th edition of the Rancher's Select Bull Sale.

It is hard to believe this year is number seven already, but how time flies! With exciting times in the cattle business and calves worth a premium, now is the time to optimize your calf crop with the use of a new herd sire to add pounds or new genetics.

If you are on the fence about changing up herd bulls, they are currently worth top dollar at the market. This will add to your ROI, added pounds on calves, and will put more dollars in your pocket. 2025 has to be our most consistent, hairiest package of red, black and baldy bulls to date; something for everybody!

We have some new exciting genetics to share with you in this year's sale, as it was time to change out some herd bull power here. There will be sire groups off of the Grinalta's Knightfall 12K bull; a Bounty Hunter son who is a black baldy with a mix of calving-ease and growth. Bulls out of the ARC Top Tier 5L bull who is a dark red blaze, double bred calving-ease bull that came from a female out of The R Plus dispersal. We also have some bulls out of the cherry red CSC Red Liner 58L bull who is an ET Next Century calf from the impressive MAF Tara 188D cow. This guy is very consistent in its makeup, added performance, and type and kind in both the bull and heifer divisions. Get in on the first ones to sell out of these new herd sires. There are also some sons once again out of our DMJ Cobra 19F bull that has done a concrete job for us over the years. These will be his last sons to sell as we parted with him to walk the pastures of our neighbours not far away.

In a new venture; our oldest son Chet is offering his first SimAngus cross bull in the sale out of his original papered Angus cow. In the future you, will see an inclusion of purebred black Angus and our percentage bulls on offer. We have made an addition to the Angus herd that the boys own, and purchased some more top quality purebred females from Amanda's parents at Kembar Farms. We hope to keep their 40 years worth of work, selection and genetics going within the family.

Last but not least, a draft off the AI sires with the likes of Copperhead, Dimension, Merit and Kaboom which have all worked well for us here.

These bulls were weaned a touch later than normal, with everything going on, during the end of the third week of September. Having said that, these bulls may not be the biggest you will find but have done well and have grown and developed with ease to get them to sale day. The bulls are on a 'Masterfeeds' blueprint whole grain bull developer pellet and free choice hay. Our goal here is to develop these bulls in such a way that you will get optimal usage and years out of them; they are not pushed along and will not melt away prior to the next breeding season. They are strictly culled for feet and legs as well as temperament. All bulls are on a full herd health Pfizer Gold Program with Blackleg and Pour On as is the entire cow herd.

You will notice all bulls are 100K tested as well as tested for colour, polled and diluter. The results were not available at catalogue time but we should have the results sooner than later; so don't hesitate to call regarding those or anything else you may require for information. If you'd like, please stop by the ranch to see these bulls in their home environment. Videos of the bulls will be posted prior to the sale.

We are looking forward to visiting with you all on sale day. If you can't make it, we are live on DLMS once again this year. Don't hesitate to touch base with any of Bohrson's professional sales team if you are needing assistance to purchase your next herd bull as they'd be happy to help you. Cody and Taylor came and walked the pen in mid January, thus have a good idea of our offering.

See you sale day.

– Greg

Greg and Amanda Woychyshyn & Family

Terry Woychyshyn & Family

- *Homo Polled, Hetro Black, 100K tested*
- A nice clean fronted, smaller headed, moderate framed black coming 2 year old.
- This guy is thick and stout yet maintains a 11.4 CE with the calving ease genetics of our Hercules bull as well as Limitless on the dam side.
- Another bull we held back to use in one of our smaller heifer pastures for clean up.
- He ranks in the top 2% for the breed in BW.
- Again options are endless here whether it be a heifer pen, second calvers or use his on the cow herd and calve with ease.
- Out of a deep bodied first calver.

- *Homo Black, Polled & 100K test pending*
- Out of the stylish, calving ease Kaboom bull.
- Good candidate for use on heifers, with his structure and genetic makeup of Kaboom/Cobra.
- An 82 lb birth weight out of a first calf heifer.

IRCC DD KABOOM - SIRE

NCB COBRA - MATERNAL GRANDSIRE

- *Homo Polled, Diluter & 100K test pending*
- A long bodied, smooth 2 year old here with a nice head and clean front.
- We held this guy back last year to use for clean up in the one heifer pen; calves should hit the ground soon.
- He is out of a refined dark red young Mountain daughter that I'd say did quite well for her first time out.
- Calving ease, calving ease! With the likes of Red Heat and Mountain. A 74lb birth weight out of a first calver, unassisted with a 16.2 CE. All the cards are in his favour.
- Whether you want to use him on a larger group of replacement heifers or first calvers; you will sleep with ease come calving time.

TSN MOUNTAIN - MATERNAL GRANDSIRE

- *Homo Polled, Diluter & 100K test Pending*
- Another Copperhead son out of one of the most consistent bull producing red cows we have.
- The 23E cow has had bulls make the cut six out of seven years of the Rancher's Select sale. Previous bulls selling to Jim Kryzaniak, Grant Bradley x 2, Egburt Sheper & Diamond J Simmentals respectively.
- Power here and maternal, proof is in the pudding.

# BUYERS DRAW

This year after the conclusion of the sale, we will be holding a drawing for two lick tubs! This is exclusively for buyers at the 2026 sale, so stick around for the end of the sale to see if you are a lucky winner. Two vouchers will be drawn and we are excited to partner with Minnagro Ltd. of Minnedosa for sponsoring the lick tubs!

# CANADIAN SIMMENTAL ASSOCIATION EPDS AND PERFORMANCE DATA

## *ACT BW*

The weight of the animal at birth.

## *CE*

Percent of unassisted births when used on heifers.

## *MK*

The MK EPD is measured in pounds of calf weaning weight due to his mother's milking ability.

## *ADJ WW*

The average weaning adjusted weight of the animal.

## *BW*

Compares the differences in the weight of calves at birth.

## *MCE*

Percent of unassisted births in first-calving heifers.

## *ADJ YW*

The average yearly adjusted weight of the animal.

## *WW*

The WW EPD is expressed in pounds and predicts differences in weaning weight of a sire's calves

## *MWW*

Pounds of weaning weight due to milk and growth.

## *YW*

Just like WW, only at the next stage of life. The yearling weight EPD is expressed in pounds.

# TERMS & CONDITIONS

## TERMS:

The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrson Marketing Services. Bohrson Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

## BIDDING:

All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

## DISPUTES:

In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

## ANNOUNCEMENTS:

Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

## LIABILITIES:

All persons attend the sale at their own risk.

## CERTIFICATE OF REGISTRY:

A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

## HEALTH:

All sale animals have met all necessary health requirements, and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrson Marketing Services assume no responsibility for the health status of any animal in the sale.

## PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold.

## SHIPPING:

Shipping of cattle is the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

## INSURANCE:

We strongly recommend the buyer insures for full value on all purchases.

## ACCIDENTS:

Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

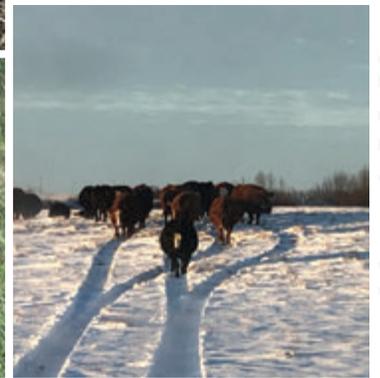

## INFORMATION SUPPLIED:

The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrson Marketing Services and they assume no responsibility if the information supplied is not accurate.
