Greetings and congratulations to my fellow cattle producers! The 2025 year was both rewarding and challenging - marked by record prices and renewed optimism across the cattle industry. While the weather continues to test us, producers have learned to adapt and adjust well.

We invite you to assess our offering of bulls and females. Our offering, along with Bar Diamond Cattle; Doug Green's bulls together ours will cover all your needs. The mix of multi-generational, polled Fullblood genetics with strong, consistent pedigrees continue to translate into real-world performance. Our black division, in particular, has gained strong momentum with buyers. Progeny from NUG 76J, a Game Face son, have truly checked all the boxes for performance and growth, while we continue to offer reliable options for calving ease.

Our new herd sires, ZSL 46L and WJS 12L, bring exciting bloodlines that our repeat buyers will appreciate. The sale females are not managed separately - they are selected directly from our replacement pen for quality, soundness, and longevity. You will find all our offerings will be extremely quiet. SPECIAL THANKS to our youngest son Kaleb, our dedicated Herdsman!

Please join us for our Open House Social and Supper, and feel welcome to stop by anytime to view the cattle. You can expect the Real Deal preferential treatment that all of our customers deserve.

Thank you to our past customers, buyers, bidders, and supporters - and a sincere welcome to those joining us for the first time. Together, we look forward to continuing the strong momentum and record-setting success in the cattle business.

Well were off to another great start in the cattle business . I would like to thank the Klammer Family at Triple K Simmental for once again inviting Bar Diamond Cattle to participate in The Real Deal Bull and Female Sale. The hail storm was very hard on crops and the building in the yard I guess if there.

Was anything positive at least it never hit the pasture. I have to say that I'm so impressed on job my heifers did on raising such a strong set Bulls. The door is always open to come visit the bulls, the coffee is on and you're always welcome. Also feel free to call if you have any questions or concerns.

**HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:**

1. Visit [dlms.ca](http://dlms.ca) and follow the link to the DLMS FarmGate timed auction site [www.farmgatetimedauctions.ca](http://www.farmgatetimedauctions.ca), click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once

again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases. For more info and assistance with bidding contact any of the sale contacts listed on the DLMS Website; DLMS FarmGate Timed Auctions ~ Mark Shologan Ph: 780-699-5082

**FAQ:**

**WHAT IS RACEHORSE STYLE SALE CLOSE?** Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

**HOW WILL EXTENDED BIDDING WORK?** When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

**100% Guarantee:**

All bulls are guaranteed to be satisfactory breeders in accordance with CSA guidelines.

Should a problem occur barring physical injury or mismanagement, a bull of equal value will be provided or a refund will be issued towards the purchase of another bull.

If you have any problems with your purchase, please contact us immediately. Free of charge delivery to central points in Western Canada; we will try our very best to deliver them to your yard. Beyond that transportation will be at the buyer's expense.
