WELCOME TO OUR 12TH ANNUAL BULL SALE!

We are excited to bring the best we have to offer back to Bow Slope Shipping in Brooks again this year. Our lineup is as consistent and strong as it's ever been, including our largest selection of heifer bulls we have ever had. The bulls have been raised on a light grain diet with silage and hay, while the heifers were only on a silage and hay ration.

Our returning buyers will recognize our continuing focus on producing bulls that will enhance your herd in all aspects. For anyone just finding out about us, we start with focusing on traits that create a strong and lasting cow herd...fertile, structure, feet, udder, temperament... these things are a must. When the herd has these traits consistently, we build on this secondly with growth and carcass traits, and we take pride in being an industry leader by using as many tools as possible including DNA testing on every calf in every year, ultrasound testing, and numerous other tests such as immunity, and independent feet and leg assessments.

A couple new sires we have to offer this year, Dahlke Outcome 016 and Square B Atlantis, with their exceptional calving ease and low birth weight has really expanded our heifer bull selection this year, but with no sacrifice made to performance. We also have a good selection of NCJ Rockefeller and Rebel Creek Kickstart sons again this year.

There is great value in our bulls, and we do everything we can to make the numbers accurate and relevant. Beyond that, we stand behind every one of the bulls so that the investment you have made is supported and respected.

The cattle market has been great the last year, and we're all happy about that; but it's still as important as ever to invest in the highest quality at the best price, and that's what all of you can expect at Bow Slope on April 7th... we'll see you there!

Sincerely,

The Rooke Family

Calvin, Catherine, Abby, Evan, Evelyn, & Charlotte

SALE DAY INFORMATION

LIVE AUCTION - APRIL 7, 2026

Bow Slope Shipping Association, Brooks, AB - Sale Time 2:00 PM

SALE DAY PHONES

Diane Van Essen: 403-915-7156

Calvin Rooke: 403-633-2726

Logan Hopp: 403-501-9778

Art Paetkau: 403-793-4716

Bow Slope Office: 403-362-5521

VIEWING OF THE CATTLE

All bulls and heifers are available to be viewed at the Ranch anytime prior to sale day.

ONLINE BIDDING

Mark Shologan: 780-699-5082

Online Viewing and bidding will be available through www.DLMS.ca, please sign up in advance to ensure you are able to bid on sale day if you are unable to attend in person.

HEALTH

All bulls have been vaccinated with Fusogard, Bovashield, and Covexin prior to sale day. All Livestock in the sale are cared for under the certified Cattle Management Solutions total herd health program under the guidance of Blake Balog.

All sales shall be final and binding. Any dispute shall be settled by the auctioneer at or before the time of sale.

Payment of livestock sold during the sale shall be paid in full, in Canadian funds to Bow Slope Shipping Association unless prior arrangements have been made.

Any errors found in the catalogue will be corrected on sale day by the auctioneer and will take precedence over the catalogue.

Accidents: although every precaution will be taken to protect the safety and comfort of the buyers and public, neither the sales management, auctioneer, association or sellers assume any responsibility in this matter and disclaims any liability, legal or otherwise in the event of damage or loss of property, or injury.

Transfer and Registration papers will be paid by the seller, and that no costs of the same be incurred by the purchaser.

All bulls are guaranteed to have passed a semen test performed by a licensed veterinarian and be a sound breeder. Any bull that has not passed a semen test at the time of sale will be declared prior to sale day. These bulls will be kept at Rebel Creek Angus at no additional cost to the buyer and will not be delivered until they have passed a semen test. If the bull does not pass a semen test the bull will be refunded at the request of the purchaser. Any bull who has passed the breeding evaluation is eligible to be insured and is the responsibility of the purchaser to procure insurance, and it will not be the responsibility of Rebel Creek Angus to cover any injury or negative reproductive situations that may arise.

Rebel Creek Angus will not be liable for more than the purchase price of the bull.

Bulls will be available to pick up at the conclusion of the sale. Provided that payment is made in full, the buyer will be credited \$50 per bull to a maximum of \$100 total if they accept the bull sale day. Any bulls returning to Rebel Creek Angus and requiring delivery will be subject to a \$100 per bull charge, to a maximum of \$200. If the buyer cannot accept the bull within 7 days of the sale, a \$40 feeding charge will be made for each week the bull remains at Rebel Creek Angus, excluding bulls that did not pass a semen evaluation. Contact information and delivery instructions must be provided on sale day. Pick up of bulls at Rebel Creek Angus within 10 days of the sale will be free of charge.

The buyer is responsible for acquiring bull insurance. Rebel Creek Angus will not be responsible to compensate for any injury or death occurring to the bull prior to delivery. Any bull who has passed the breeding evaluation is eligible to be insured and is the responsibility of the purchaser to procure insurance, and it will not be the responsibility of Rebel Creek Angus to cover any injury or negative reproductive situations that may arise.

All bulls are available for viewing at the Ranch prior and during the sale. Rebel Creek Angus will not be responsible for any injuries or sickness that may occur from being on the premises. Rebel Creek Angus will accept no responsibility for any actions of the visitors.

Rebel Creek Angus reserves the right to collect semen of any bull for in herd use only at the sellers' expense and the buyer's convenience.

Rockefeller is a long smooth bull with thick sturdy legs and impeccable feet. He has a great hair coat and great fleshing throughout. His sons and daughters are more moderate compared to the group, but the he looks to be filling the role I had in mind for him, balanced traits and great functionality. His sons will fit great in a maternal herd.

A home grown sire, his sons and daughter have been consistent and impressive. Top growth and carcass EPD's, he adds size, dimension and quality. His dam has great feet, legs, and a perfect udder, even at the age of 13, so add longevity to the list. Producing more Flash Bang sons is getting more limited, so don't hold back on one of the last chances to get in on these great genetics.

Once and a while you see a bull that makes you say, "WOW", and 24N is that bull. Whether you are looking for a purebred herdsire, heifer bull, or game changing cow bull; he's on everyone's list as he's got everything! Calving ease, growth, carcass, maternal... all near the top of the breed! His hair, legs and shape are as impressive as they come and everyone needs a bull like Napoleon.

Mach is top 15% in WW and YW, he would be a great cow bull choice if you need a two year old bull.

TOP SELECT OPEN RED ANGUS YEARLING HEIFERS

40 select red angus heifers will be offered in TBD lots at completion of our bull sale. All heifers are NVB, will have passed a heifer palpation test completed by Cattle Health Management, and have all yearling vaccines up to date. All heifers have a full panel of genetic and life information that can be transferred to you if you use the Herdtrax program.
