

# RED ROCK SIMMENTALS

2nd Annual Bull and Female Sale

**MARCH 11 & 12**

Welcome to the Red Rock Simmentals 2nd annual Bull sale with open heifers proudly on offer for the first time this year. We are proud to present 13 powerful bulls and 8 outstanding heifers this year, all backed by strong, proven genetics designed to add performance, consistency and longevity to your herd.

We take great pride in the program we have built. We AI on the first cycle, allowing us to use leading sires and produce high quality simmentals that deliver pounds at weaning, strong maternal values and performance on the pasture.

Disposition is a top priority in our herd. Our cattle are quiet, docile and easy to work with, because we believe good cattle should not only perform, but fit into real-world cattle operations. We handle our cattle regularly and select for temperament alongside performance and structural soundness.

We are proud of the accomplishments we have made in our program and grateful for the support we have received along the way. Whether you are a returning customer or a first time visitor, we appreciate your interest and invite you to evaluate this offering with confidence. If you have any questions feel free to reach out or come on down to the farm to take a look. You won't be disappointed you did

## SON OF MAPLE VOLTAGE

LOT 9

Lot #9 ARC Perfect Storm 3N

BW: 84 lbs | WW: 975 lbs | YW: 1425 lbs

A definite sale feature bull. An extremely masculine, deep-bodied, big ribbed black blazed bull. What else is there to say. He's a very complete bull. If cow family means anything to you, this guy comes from a great one. His Voltage mother is one of the best cows with a nice udder and great feet that produces year after year. This is an exceptional bull. Don't miss out on this guy!
