# Welcome FROM REDRICH...

Welcome to the 8th Edition of the Redrich Farms Annual Bull Sale!!

It is hard to believe that 8 years have flown by and we are again at Bull Sale time. We are so thankful and appreciate the following we have created selling cattle. You, the cattlemen that support Redrich Farms buying bulls or females are truly some of our best friends. We have grown to know you as customers but mostly as friends. We might sound like a broken record but what a fun time to be in the cattle industry and it is real rewarding to see the markets where they are for producers to be rewarded for our efforts.

We are a family operation who works hard to bring you the very best every year. We are always looking for new and useful genetics that not only work for us but will also work for you. The genetics we source are from good people that we also call friends. It is a very exciting offering this year with new sire groups including the exceptional Red Watch and Anthem sons on the Angus side and the Crossfire and Limelight sons in the Simmental pen.

The family is growing and are more help every day, having them here to help us whenever we need means the world to us and there is nothing we would sooner do than share the love we have for the land and the cattle with the next generation.

The bulls we have assembled for this sale are the evenest, quietest and the nicest cherry red you will find. Last year with feed being sparse we sold a large group of cows and we feel it sure shows in the quality of the bull pen and in our Replacement heifer pen. The bulls have done well this winter on the TMR ration. They have enjoyed the warm weather and are ready for your appraisal.

We are in the home stretch for calving and have time to tour the bull pen with you, please give Tyler or Bill a call. Coffee is on and there is always time for a visit.

Our sales staff have been through the bulls and are available should you require their services before or on sale day to bid and buy. We are confident that they can help you as they are the guys we call when we can not get to a sale.

We look forward to seeing you on March 31 for lunch at 12:30, Sale at 2:00.

### Calving Ease Legend

Calving ease is often related to birth weight of a bull. This is partly true but there are other factors that influence calving ease. The dam and her management are at least 50% of calving ease. Also, the consistency of the birth weights of the sire and dam should be considered. We rated each bull in the sale based on the information we have.

- \*\*\* Should be minimal problems when bred to moderate sized heifers.
- \*\* Recommend for second calvers and larger framed heifers
- \* Recommend for mature cows

### Delivery Options

- A. If you wish you may take your cattle home sale day or within a week and receive a \$100 discount per Bull.
- B. Bulls will be delivered free of charge up to 250 miles, further at cost. Delivery usually commences 2-3 weeks after sale.
- C. We ask that ALL commercial heifers go home sale day unless prior arrangements have been made with Redrich, contact us for options.
- D. Bulls kept at Redrich free of charge until MAY 1<sup>st</sup>, after that, \$4.00/day will be charged and animals must be picked up by purchaser.

**\*\*\* ALL BULLS STAYING AT THE FARM MUST BE INSURED BY PURCHASER, IF THEY ARE NOT REDRICH WILL NOT BE LIABLE**

- A top cattleman touring the bull pen asked me if one of these were the best we had ever raised? I feel they are in the running for that title but without question this is the highest quality set of flush brothers we have ever had.
- Great haired, soft made, deep ribbed, tremendous muscled, very attractive, balanced and complete bulls standing on an outstanding foot.
- Three sisters from this flush are retained in herd and are exceptional.
- Dam has given us two other very good daughters and 2 sons that were high sellers to Jonathon Knowles and Lauron Red Angus.
- Sire was Red Angus Champion Bull at Agribition and Manitoba Nationals 2023.
- Red Watch sired a phenomenal set of calves at Redrich, both male and female.
- 240F's natural born son sells as Lot 240N
- 14, 57 & 605 are PARENT VERIFIED

- Long-bodied and structurally correct, 32N moves with confidence and balance.
- He stems from the Diamond Mist cow family originating from Ter-Ron Farms – a cow family Lexi is excited to incorporate into our program.
- While moderate in his overall frame, 32N is packed with muscle shape and dimension.
- Tons of docility

# Commercial Open Heifers

The Angus heifers sell without papers and some of the heifers are Red Angus/Simmental cross, being F1 from two purebred parents. These commercial heifers are bred for soundness and correctness to become valued females in any herd. They have all been palpated for breeding soundness by our vet and have been vaccinated with Vira Shield 6+ VL5.

For more details on these females please feel free to contact us.

## COMMERCIAL OPEN HEIFERS

*Consigned by Redrich Farms*

In the fall of 2024 with the shortage of feed, we reduced our numbers drastically and there is a smaller group of commercial heifers and some that we feel are very strong. With utilizing embryo transfer in our operation a number of commercial cows have been used as recipients and the heifers for this year are a higher percentage angus and would work great in a one way cross.

## COMMERCIAL OPEN HEIFERS

*Consigned by Jonathon & Raelynn Knowles*

This year Jonathon & Raelynn have selected a group of select heifers right off the top of their pen. Sired by bulls they have purchased from us over the years and on the same herd health program.

# 15% OF A LOT MEANS A LOT

We are proud to support the  
**Canadian Angus Foundation  
Future 15 Program**

With **YOUR** help we will continue to  
further our mission and the breed.

Since 2019 almost \$550,000  
has been **INVESTED** in member  
education, awards, bursaries and  
youth scholarships.

\$325,000 invested in Angus  
research has helped leverage  
additional grant funding over  
the last seven years.

\$80,000+ has been invested  
in history and archives,  
including the 2019 Canadian  
Angus history book.

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association. Donations are tax deductible.

If you are interested in giving back or learning more about this initiative,  
please contact Belinda Wagner, Canadian Angus Foundation Executive Director  
at 306-537-1518 or email [bwagner@cdnangus.ca](mailto:bwagner@cdnangus.ca).
