## INSURANCE

**BLYTHMAN AGENCIES LTD. - Keith Schmidt, C.I.P.**  
306-662-2604

Every bull remaining and being fed at the ranch after the sale must be insured, Keith will be at the sale to take care of insurance needs.

## TERMS AND CONDITIONS

### Payment Terms:

The terms of the sale are cash or cheque, payable at par at the sale location upon completion of the sale.

### Liability:

Heartland Livestock Auction is acting as agents only and assume no responsibility for representations made by the seller. Purchasers must look to the seller for fulfillment of all guarantees and representations made hereunder.

### Accidents:

Although every precaution will be taken to protect the safety and comfort of buyers, neither the sales manager, auctioneer nor any owner assumes any responsibility in this matter and disclaims any liability, legal or otherwise, in the event of accident or loss of property.

### Calving Ease Score:

Evaluate each bull for calving ease determined by bone size, birthweight, genetics and profile.

- ★★★ Recommended for use on first calf heifers
- ★★ Recommended for use on cows or large framed first calf heifers
- ★ Recommend for use on cows

## COW PROGRAM

- Our cow herd starts calving at home around Feb. 1st. We pride ourselves in hands off calving, problem free udders and low maintenance cows.
- The cows get moved out mid April for grazing and sorted into breeding groups.
- Bulls get turned out early May and we rely 100% on natural breeding so we end up with quite a few different breeding fields.
- All calves get DNA tested to make sure we don't have any mistakes as bulls get moved around in June for clean-up and rotational grazing.
- We try and wean calves September/October dependent on weather, we bring the calves home where they are weighed, and processed and fed for the winter at the Ranch.
- The cows are left to graze in their pastures after weaning, eventually being turned out onto the stubble, where they stay until the weather turns. They are then gathered up and chased 12-14 miles home in November/December.

## BULL PROGRAM

- Bulls have not been groomed, clipped, or trimmed at all through out the year or before the sale.
- The calves are raised solely on there mommas milk, and grass through out the summer, no creep feeding is done.
- All the bulls in the sale have gone through a strict culling process that starts the day they are born.
- All bulls in the sale have been born unassisted, and were strong, vigorous calves.
- All calves get Inforce 3 nasal spray at birth, and then double vaccinated later in spring and again at weaning in the fall.
- In the fall, bulls also receive Safe Guard, Ivomec, and Boss pour on Insecticide.
- Bulls are fed with longevity in mind and will be ready to work.
- This year the bulls were weaned Oct, 22nd.

### RANCH SALE LOCATION

Ranch is located 14 Miles SE of Swift Current

**STOP BY ANY TIME!**

### GPS COORDINATES

50.15620° N, 107.61867° W

*Welcome* to our 11th annual bull sale! Thank you to everyone who has supported us and has shown interest in our program this year! I'm not gonna lie, the year has flown by and it is hard to believe it is bull sale season again. I'm not the best at keeping in touch or contacting everyone throughout the year but I just want everyone to know whether you buy a bull or not, whether you stop in for a tour, flip through the catalog online or visit over the phone we appreciate you taking time to see what we have to offer.

Our program is a little different than most as we continue to move forward

without A.I., embryo, grooming or clipping. If you can believe it, we have been at this for 20 years now. The herd has been built up slowly from bulls that can travel and work along with cows that get it done on their own.

The kids' herds are growing as well. In this year's sale you may see 3 red bulls tagged red from Daisy's cows and one bull tagged blue from Gus's cow. Sawyer had 90% heifer calves last year, so although she doesn't have any purebred Charolais bulls for sale this year, she is offering one tan bull out of a first-calf heifer bred to one of our proven calving ease sires; 154K.

In the coming years, we look forward to adding more of their cattle to the sale. Whether it's Sawyer's Charolais bulls, his tan heifers, or our baldie heifers sired by one of Wrenley's Hereford bulls, we're continuing to diversify. With 240 registered cows calving this spring, we've also started crossbreeding again using Charolais and Hereford bulls.

Call any time for more info, pictures, for a tour or just to visit. If you can't get ahold of me please leave a message or a text and I'll call you back as soon as I can, as we have poor service at home. We would love to have you join us for sale day, lunch will be provided!

*Josh, Steph, Sawyer, Gus, Daisy & Wrenley Rempel*

## REFERENCE SIRES - RED ANGUS

### LOT A RED FLYING K GRAVITY 80K

RED DVO CENTRE OF GRAVITY F163  
RED FLYING K GRAVITY 80K  
RED FLYING K ANGELA 159E

Red Flying K Gravity 80K left us a strong set of calves last year and again this year. Last year the sons topped our bull sale with the high selling lot going to Jensens Red Angus! The heifer calves have also been easy to spot with Mark picking one out for the Masterpiece sale that sold to our neighbours, Spring Valley. Lastly, we just had a couple young men come through the pen looking for a red heifer to show and they picked out 2 gravity daughters! 80K is definitely leaving his mark in our herd by adding depth, thickness and eye appeal.

### LOT B RED RUNNING JR STEALTH 177J

RED SIX MILE STEALTH 269F  
RED RUNNING JR STEALTH 177J  
RED RUNNING JR RAWHIDE 88E

Stealth 177J is tried and true. He stands on a solid black foot, is structurally sound, good breeder, has consistent birth weight in his calves, strong calves at birth and is an awesome female maker. His daughters are moderate, easy doing with tidy udders. He also stamps his calves with a cherry red hair coat. Come stop in and view his progeny along with himself, his dam, JRRA 88E and grand dam, JRRA 87C! Check out his 9 sons in the sale!!

### LOT C RED COCKBURN PATRIOT 3021

RED COCKBURN PATRIOT 9048  
RED COCKBURN PATRIOT 3021 (CWJ 21L)  
RED COCKBURN MS HAUCK 9019

We purchased Patriot 3021 to work in the heifer pen. He was a 2 star bull with a excellent dam. He's proven himself as a good breeder and calved true to what we where hoping for by adding a touch more birthweight to some of our heifers stacked with calving ease. We look forward to watching his females grow and develop this summer.

### LOT D RED RUNNING JR SKERRY 62K

RED RUNNING JR MASTERMIND 33D  
RED RUNNING JR SKERRY 62K  
RED RUNNING JR OUTLANDER 87C

62K is a grandson out of our old 24Y bull that we raised. Mastermind breeding has been known for excellent feet and a little more size, muscle and performance. 62K carried these traits along with him plus he's backed by a good old proven outlander cow, 87C. You may have noticed that she is also the grand dam to 177J. Unfortunately he broke his leg and this will be his last calf crop but feel free to contact Mark if you'd like another opinion on him as he saw him as a 2 year old.

# REFERENCE SIRES - BLACK ANGUS

As you view the black Angus bulls you'll notice 4 different herd sires. That is because there's a younger generation here at the ranch eager to expand the black herd. Gus now has 7 black Angus cows with blue tags bred to GLENDAR SHORT CUT 89L. Dax got his first heifer from his grandpa Glen which was bred black to one of Glens bulls. Lastly, Joel had his tired and true GLENDAR RENO 86J bull that has left some very impressive females out with some of his cows and the rest were out with GLENDAR RAINFALL 3K, a proven heifer bull that has left some nice calving ease options.
