*March 6<sup>th</sup> & 7<sup>th</sup>*  
**2026** **Simmental Bull Sale**

**Open House | March 5<sup>th</sup> & 6<sup>th</sup>**

# Welcome to the 8th Annual RUZICKA FARM'S Bull Sale

Welcome to Ruzicka Farms Ltd. We are a third and fourth generation family farm. Our kids are now 17, 16, 13, 11, and 10, and 2 and they all keep us busy with sports and 4-H. We are grateful that we were chosen to be their parents and love watching them learn and grow. Our oldest, David is almost finished high school and is our right hand man when it comes to feeding and fixing. Our other kids all pitch in with chores in between the various sporting events.

We have a few different sire groups this year and we are super excited to see those bulls and females develop. We have been extremely happy with our Money and Jumangi daughter's udder structure and maternal abilities. They have been a huge asset to our herd and we have another big group of them to breed this spring. Our purebred herd grew this past year and we ended up calving out more heifers than expected but they have done a great job.

We continue to be mixed farming operation, calving out about 125 purebred Simmental cows and 160 commercial cows. We would not be able to do it all without the help of our family. From babysitting, to feeding cows or checking pastures or running kids to hockey our parents and siblings are great supports. We also had our nephew Wyatt working along side David and they can accomplish along together from pulling bulls, moving cows and getting the crop off. This is our sixth Online Farm Gate Auction. We have really appreciated the positive feedback and the return and new customers with this format. The open house at the farm will be March 5 & 6 2026 in conjunction with our online sale. Visitors are more than welcome to stop anytime for a tour of the bulls and their dams. The bulls are fed a TMR daily complete with mineral. They have a few acres to roam around to ensure they are getting plenty of exercise. All bulls will be semen tested prior to the sale.

Please ensure you are registered with DLMS prior to sale day. Full terms and conditions of the Farmgate style auction are on the DLMS website as well as the catalogue, videos, and up to date weights and scrotal measurements. Bulls must be paid for within 1 week of the sale via cheque, cash or e-transfer. Bulls picked up within 2 weeks of the sale with receive at \$50 discount. We encourage our buyers to purchase insurance on the bulls. Please contact Kolton Kauser at 780 387-8376 for your insurance needs. We look forward to seeing you all at the open house or for a visit anytime

Please contact Mark Shologan with DLMS with any questions registering for the sale 780 699-5082. [www.dlms.ca](http://www.dlms.ca)

Sincerely,

*Mike & Jenine Ruzicka  
David, Dayna, Sara-Jane, Garrett, Darian & Emmitt*

## Sale Information

### HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION WITH EXTENDED BIDDING:

1. Visit [dlms.ca](http://dlms.ca) and follow the link to the DLMS FarmGate timed auction site [www.farmgatetimeductions.ca](http://www.farmgatetimeductions.ca), click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases. For more info and assistance with bidding contact any of the sale contacts listed on the DLMS Website;  
DLMS FarmGate Timed Auctions ~ Mark Shologan Ph: 780-699-5082

### FAQ:

**WHAT IS RACEHORSE STYLE SALE CLOSE?** Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone in to extended bidding.

**HOW WILL EXTENDED BIDDING WORK?** When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

RS

## REDRICH **JUMANGI** 153J

SONS SELLING

21N, 7N, 10N, 36N, 41N, 28N, 60N, 46N, 56N, 82N

We acquired Jumangi at the beginning of our 2022 breeding season from Redrich farms. We are impressed by his pronounced masculinity, strong top, exceptional hair coat and easy fleshing ability. This is our third group of Jumangi bulls to have in our sale. We have been very happy with how well they have calved out and most impressed on how well his daughters calved with stunning udders. They continue to be big footed, easy fleshing cattle with a solid makeup. We look forward to continue to use him on our purebred and commercial cattle.

RS

## W2 **MONEY** 80H

SONS SELLING

19N, 52N, 71N, 50N, 98N

We acquired Money from W2 Farms in 2022. We were looking for a lighter birthweight black bull that still had plenty of power and maternal traits. This is the third group of Money bulls for sale and our 3rd calf crop on the ground. He consistently calves very well and we have even used him on a few heifers without any issues. They are moderately framed with lots of volume, muscle mass and soundness. We have our second milking daughters this spring and love what great momma's they are with nice tight udders. They are moderate framed and milk really well

RS

## CMS **LOGIC** 010H

SONS SELLING

25N, 23N, 27N

We have used Logic consistently now for 4 years on our heifers and love how well he calves. They are small at birth and then have great growth. We now have milking females out of him for two years and they are front pasture heifers. Very Moderate, lots of volume, natural muscling with femininity as well. We look forward to more Logic females and bulls.

## BOUNDARY **EXPRESS** 242L

SON SELLING  
95N

We were unexpectedly on the hunt for a red heifer bull in 2024 and found Express. He is the perfect sized for heifers and a very aggressive breeder. He's super stout with lots of rib shape and muscle expression. We didn't get many calves last year but already have quite a few on the ground this year. They come easy and have lots of vigour. We are looking forward to more calves from Express.

## LAZY S BLK **HE'S THE ONE** 508L

SONS SELLING  
31N, 62N, 75N, 87N, 92N

Another bull we acquired form Lazy S Ranch in 2024. we went looking for a red bull and found this guy. Known as "60" to us as it was his lot number and he has found a spot here. We used him to add performance to some of our cows and he definitely did his job. They are built wide topped, super stout with nice front ends. We were pretty excited and used him quite heavily last spring. We unfortunately lost him due to injury late spring, but we drew semen on him for in herd use and plan to use him more.

## LAZY S RED **GRIDLOCK** 63L

SONS SELLING  
26N, 33N, 93N, 94N, 107N, 58N, 78N, 103N

Nicknamed "Gritty" we purchased him from Lazy S Ranch in January 2024. This is his first calf crop and we are extremely happy with them. They are moderate framed, dark red, good haired and very easy fleshing. They are very consistent in frame size, birth weight and build. There is a large group of daughters in replacement pen and we are looking forward to seeing them develop.

## JLA NAVIGATOR 31N

**HOMO POLLED  
HOMO BLACK**

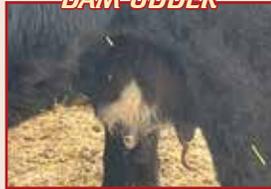

BPG1525448 | JLA 31N | 12-Jan-25 | BW: 93 lbs. | Act WW: 952 lbs. | Adj WW: 852 lbs | Adj 365: 1377 lbs.

EPDS	CE	BW	WW	YW	MILK	MCE
	7.2	1.9	90.7	134.4	26.3	3.9

Our lead off "sixty" bull. Navigator has been a pasture favorite since birth. His docile nature and strong presence make him easy to spot in the pen. He is strong topped, deep quartered, with lots of testicle. He's solid footed with lots of neck extension. His dam is a moderate framed sucker punch cow with a perfect udder. She's sharp fronted, good tempered and milks like a true sucker punch daughter.

	5.3	4.7	74.5	100.8	21.7	1.5

These 3 bulls, 62, 75 and 87 remind me of butterballs. They are quite the consistent trio. Nitro is moderate framed, stout made, sweet headed with lots of muscle. He's a deep sided, smooth shouldered complete individual that will make lots of friends on sale day. He's a great choice for second calvers.

BPG1526924 | JLA 87N | 16-Feb-25 | BW: 85 lbs. | Act WW: 792 lbs. | Adj WW: 832 lbs | Adj 365: 1232 lbs.

EPDS	CE	BW	WW	YW	MILK	MCE
	9.7	1.7	76.2	115.4	23.3	5.6

Nightline is another light birthweight Sixty son with still enough punch and power. He's strong topped with lots of hip and masculinity. A super moderate bull with lots of pen presence and docility. His dam just calved with another full brother. She is a super long bodied Breaker daughter with a great udder and a strong hip to her. Her first calf was a 4-H heifer for our daughter Sara-Jane. She also has a son working at Heidecker Farms.

E P D S	CE	BW	WW	YW	MILK	MCE
	7	3.6	72.5	100.7	18.4	4

Another eye catching sixty son here out of a direct Frank daughter. He's flashy, stout and easy fleshing. We love his wide top, testicular development and free movements. Our "60" sons are all stamped very similar with their head design and hip structure. Nassen is out of a 3/4 simm 1/4 angus cow. She's moderate framed, heavy milking and has crossed well with a few different sires. He's a great option for cows. Nassen has a 1/2 brother working for Dean Bykewich.

	6.4	3.1	70.5	101.8	22.3	2.7

Nighthawk is definitely a power bull. Herd bull in the making! He's wide based, free moving, smooth sided with lots of depth of flank. He comes from a big barrelled stubby grand daughter. She's a larger framed cow with a big foot and lots of length of body. She has raised a few other herd bulls that are now working at Gase Holdings and Hope Ranch. Nighthawk will add performance, foot quality and fleshing ability. He's a great choice for cows.

## JLA NORTHLAND 22N

**HOMO POLLED**

PG1525437 | JLA 22N | 8-Jan-25 | BW: 100 lbs. | Act WW: 886 lbs. | Adj WW: 783 lbs | Adj 365: 1237 lbs.

E P D S	CE	BW	WW	YW	MILK	MCE
	5	3.6	85.2	118.2	25.8	0.9

Northland is an extremely long hipped bull with lots of middle and testicle. His dark red color and eye appeal make him easy to spot in the bull pen. He's bold in his shoulder with lots of length of spine and lower quarter. His dam 63G is a dark red full bodied cow that has a beautiful milking daughter retained in our herd. She's big footed, strong hipped, the kind of cow that makes great bulls. Northland is a good choice for cows to increase pounds and overall capacity.

E P D S	CE	BW	WW	YW	MILK	MCE
	3.6	5.4	88.6	130.7	14.4	-0.9

The only Westcott son in our offering. We lost our Westcott herd bull a few years ago and he left such an impact that we have used some of his sire on a select group of cows. This cross always works. 37E is a moderate framed solid footed tank of a cow that continues to produce the good ones. Northcott is long spined, thick topped and square hiped with lots of hair and testicle. A great choice for cows to increase performance and maternal traits from this cow family.

	12.9	-0.4	59.9	81.6	25.9	6.1

This cow family has been so solid for our son david. They all stem back to his first 4-H cow and he built up females for many years and now they are producing some pretty great bulls. New Agenda checks all the boxes. He's dark red, homo polled, only 84lbs at birth, easy fleshing with lots of hair and testicle. His dam is a moderate framed red cow with a stunning udder. Lots of ways to use New Agenda. A maternal brother is working at Hanson Farms.

Niko was a twin at 70lbs but it hasn't slowed him down. He's dark red, smooth shouldered, deep sided with lots of stifle and testicle. He comes from one of the kids old 4-H cows who has raised some good ones. 9J is moderate framed, good uddered and worked hard by still breeding back and calving Jan 1 this year. Two 1/2 brothers at Clint Kuziw and Logan Downey's.

This stout rascal is a meat machine. Nigel is built thick, round and deep. You really have to admire his width of top, roundness of muscle and punch to his stifle. He's heavy crested, good footed and comes from a moderate framed money daughter who did an amazing job on her first calf. Shes stems back to 18U, one of the great matriarchs of our herd. A great heifer bull choice with only a 84lb birthweight and some extra punch.

	11.2	0.8	58.4	79.8	20.6	5.9

This Logic son is a great heifer bull choice with only a 84lb birthweight, smooth shoulder and neat head. He's dark red with a splash of white to catch your eye. Niko is a shoe in for the heifer pen. His dam is solid dark red Jumangi daughter. The Jumangi / logic mating is very consistent, average high 70's and low 80's for birthweight. Niko will add the dark red color and great udder structure.
