SWS SOUTHWEST SHOWCASE BULL SALE

WELCOME FROM BOHRSON MARKETING

We are proud to welcome you to the 17th Annual Southwest Showcase Simmental Bull Sale — an event built on strong cattle, strong programs, and strong relationships.

This year's offering once again highlights the like-minded programs of X-T Simmentals, the Lundberg family, Boundary Ranch and the Delorme family, and Scherger Ranching, the Scherger family. These dedicated operations share a common vision: breeding and raising some of the most exciting Simmental bulls in the industry year after year. Each program operates under a strict and disciplined breeding philosophy, focusing on cattle that are sound made, easy fleshing, heavy haired, and built to work in the real world. The bulls represented here are designed to add value — from pasture performance to sale day, and ultimately to your bottom line. There has never been a better time in the cattle industry to strengthen and upgrade your herd bull battery, and this sale offers an outstanding opportunity to do just that.

Join us on March 30th at Heartland Livestock in Swift Current for an exciting and competitive event. We encourage you to reach out to any of the contributing programs or to any of us at BMS to discuss the offering. We would be happy to visit about the bulls and help you find the right fit for your program. We truly appreciate your interest and support, and we hope you can be with us on sale day.

Best regards,

SIGHT UNSEEN PURCHASE PROGRAM

If you are unable to attend the sale but are interested in bulls, give the consignors a call and they will personally go over the bulls and your program and recommend bulls that would meet your needs and refer you to one of the sale staff who will represent your needs in a professional and confidential manner.

100% GUARANTEE

All bulls are guaranteed to be satisfactory breeders in accordance with CSA guidelines. Should a problem occur barring physical injury or mismanagement, a bull of equal value will be provided or a credit will be issued towards the purchase of another bull. We guarantee you will have a bull to service your cows.

HEALTH AND FERTILITY

All bulls will have a scrotal measurement and a vet examination done prior to the sale. All bulls over 12 months of age will also be semen tested; any bulls under 12 months of age will return to the seller's farm to be tested after the sale. These bulls will be delivered once a semen test has been passed. All bulls have been treated with Ivomec and have current vaccinations. Contact the breeder for specific herd health programs.

TERMS & CONDITIONS

Cattle will sell under the standard terms & conditions put forward from CSA & BMS. These are available upon request.

CATALOGUE DESIGN

The information printed has been supplied by the seller and believe to be accurate. Updated sheets and announcements from the block will take precedence over any incorrect printed material.

IN-HERD USE SEMEN RIGHTS

The Southwest Showcase consignors reserve the right to collect semen on any bull in the sale for their in-herd use only. Any questions please contact the consignors.

BULL DEVELOPMENT & DELIVERY

The Southwest Showcase consignors will keep bulls free of charge until May 1st, 2026. Buyers need to insure the bulls while being cared for by the consignors.

Option A

Bulls can be picked up at Heartland Livestock sale day and a \$200 discount will be deducted from the sale price

Option B

At the buyer's option and risk, the bulls can be returned to the consignor's farm and picked up anytime at the buyer's convenience.

Option C

Please make arrangements with the consignor if trucking is required.

EPD EXPLANATION

EPDs are "Expected Progeny Differences". They are a useful tool in selection. EPDs incorporate the individual animal with its averaged ancestry performance. EPDs do not compare across cattle breeds, they are individually based per breed. EPDs indicate a probable variance above or below breed average for that trait for a given bull's progeny. Use them for guidance in the direction you want your herd to go. With the release of the BOLT system, data is transmitted to the evaluation weekly and new results are loaded weekly. This means that averages and percentiles are subject to ongoing change. Please use the CSA website for the most up to date and accurate averages and percentile rank information. EPDs for this catalogue were taken on February 10.

www.boundaryranch.ca

On behalf of the Delorme Family, welcome to the 17th annual Southwest Showcase Bull Sale. Thanks to the bidders, buyers, family, and friends who have supported our program throughout the year. Your belief in our program allows us to do what we love every day, and we are beyond grateful to you all for that.

The cow and her maternal abilities will always be the focus of our program. Make a sound, functional, cow, with longevity built in, and she will produce you great bulls. We have really focused on lowering gestation, adding length of body, and in some cases, frame, to our herd; We feel this is really starting to reflect in our bull offering.

We encourage anyone interested in the bulls to come visit the Ranch, where we will be happy to go through the bulls and their dams with you. If you can't come to the sale or the Ranch, feel free to call us and we will go over the offering with you.

New this year, we have included a QR code on the reference sires below, that will lead you to a webpage with all pertinent information on those sires including why we purchased them. Visit our website WWW.BOUNDARYRANCH.CA where videos, weights, scrotals, sire & dam pictures, and a production record for each cow can be found on the site. All our bulls are Homozygous Polled and Color tested (if they are not Homozygous by parentage) and results are printed in the catalog. We look forward to visiting with you all sale day.

Please scan the QR code for each bull to view their pedigree, performance data, and how we use each bull to improve our program.

1

BOUNDARY FORMIDABLE 8N

8N will be one of the best bulls we've ever put up for sale. He's long as a freight train, has incredible width of top, volume, is extended in his neck, is clean made, has a massive, heavy muscled hip, and he just keeps getting better. His ease of fleshing reminds us so much of his Sire. His moderate framed, heavy milking dam is super correct with excellent feet. She weaned off 72% of her BW with 8N and she has 1 daughter in herd. 8N's numbers are off the charts. His low gestation of only 279 days (ave for dam on 3 calves) combined with having the highest WW, YW, AYW, YADG, YWPDA, 2ND for WADG & WPDA, 3RD for AWW. YADG index of 144. EPDs TOP 1%WW, YW, CW, REA, TI, 10% MWWT, 20%TI. In an industry where cattle are getting shorter and shorter bodied, 8N is the answer.

Another big, strong topped, long bodied, masculine, "Formidable" son. His dam is a fancy "Black Hawk" daughter with an superb uddered "Walk The Line" daughter in herd that was part of our show team as a calf. 53N is another high performing Formidable son, he ranked 2nd for YW, AYW & YWPDA, 3RD YADG, 4th WW and his EPDs support his growth and quiet nature - EPDs TOP 1% YW, CW, 2% REA, 5% WW, 10% DOC, 25% TI.

HOMO POLLED

3

BOUNDARY FORMIDIBLE 66N

BOUNDARY RANCH

We've loved this bull from day 1. Fluid in his movement, he has a natural herd bull character that makes him easy to find in the pen. Soggy, easy fleshing, and docile, 66N has a lot going for him. His dam's first calf was an impressive heifer bull that sold to Wadella Ranch. She is a moderate cow with her dam's sound make-up and udder quality. She weaned off a whopping 65% of her body weight with 66N. Grandam has a flawless udder and is an ideal cow both in looks and production. She had the 2nd high seller to Weiss Cattle Co Ltd at last year's sale. 66N ranked 3rd WW, 4th AWW, WADG, WWPDA, 5th YW. EPDs TOP 2%CW, 10%YW, MARB, API, TI, 15%STAY, 20%WW, 25%DOC. A truly special bull that should produce both high performing offspring and quality daughters.

Twin. Deep bodied, heavy haired, and docile. I sound like a broken record on these Formidable sons. His cow family sets him apart though, backed by 3 generations of powerful, structurally sound cows that last eons. Grandam is still in production at 11 and looks like she'll last another 10, Great Grandam was the awesome Isabella 3U donor that was still flawless at 15 but we lost her in a freak accident. EPDs TOP 2%CW, 5%DOC, 15%YW & REA, 20% CE & TI, 25%WW.
HOMO POLLED

5

BOUNDARY FORMIDIBLE 163N

Another standout "Formidable" son. Liver red, big swooping rib cage, deep through his heart and flank, and so wide topped. His moderate framed dam is a knockout, a favorite of visitors. Tons of milk maintaining a picture-perfect udder, and ideal teat size. She's moderate but powerful boasting a massive rib cage. She has 2 daughters in herd, 37K with a son in the sale lot 6, 147M part of our show team as a calf. Both have her dam's exquisite udder quality. She also had a son sell to Corbin Selody. 163N was 5th for YWPDA and EPDs TOP 1%CW, 5%YW & REA, 10%WW. This guy would be good in any color, but the money stripe doesn't hurt. He'll add maternal quality without sacrificing performance.

Stylish, smooth moving, sound. His dam is the first calf out of the great Legacy 75H cow, who has a feature son in the sale Lot 5. 37K is already on a roll with her first calf being a top end calving ease son sold to Open Shaw Simmentals in last year's sale. 202N has really picked up since weaning, ranking 2nd for YADG and 5th for AYW all with a moderate 87 lbs birth weight. EPDs TOP 2%CW, 15%YW, 20%REA.

HOMO POLLED

7

BOUNDARY WALK THE LINE 184N

184N has style to burn. He's so long spined, strong topped, extended in his neck, bold in his hip, and has great hair. His broody, big volume dam, is out of Sarah 62A (the dam of Formidable). As a 2-year-old, 203G produced a wicked "Alliance" son that sold to Brylor Ranch, and had another good son sell to Dahl Farms. 184N has above average performance with EPDs TOP 1%WW, YW, 3%REA, 4%CW. When we were looking at taking a red pen of bulls to show, this guy was definitely in the mix.

Bigger framed, stylish, heavy-haired. I'd be lying if I said we were hoping for a bull out of this mating. His dam is a gorgeous "Cash" daughter whose only fault is she won't give us a daughter! She produced a standout "Formidable" son as a 2-year-old that sold to L.P Farms. Her average gestation to this point is 10 days shorter than breed average, a strong trait she inherited from her "Odin" dam. 173N EPDs reflect his dam's calving ease; TOP 20%CE & BW.

Liver red, big barreled, wide in his hooks and pins, with a money stripe to boot. We've really liked the phenotype on these "Loyalty" sired cattle. 73N is out of a big bodied, nicely put together, "Esquire" daughter. Esquire is a bull we raised here that we wish we could've used a lot more. His daughters are beyond special and have produced more than a few sale toppers. If you're wanting to add some blazes to your herd, this guy should do that and add some look to his progeny too. **HOMO POLLED**

95	749	1250	5.9	2.8	79.8	108.1	22.5	1.2	62.4	34.1

Super long, good natured bull out of our reliable Donor Tumbler 107D. Son to Maxwell Simmentals (High seller SWS, Champion Bull Calf RPS, Member Champion Pen MHPs), Mandan Lake Simmentals (High seller SWS, Champion Bull Calf RPS), son to Mike Winnichyn, 3 daughters in herd, 2 shown successfully including 133N (showed at CWA & MHPS last fall). 26N ranked 2ndWW, 5th WADG (Dam weaned off 62% of her BW). Style and performance to burn in this cow family. **HOMO POLLED**

Dam:
Boundary Tumbler 107D

A longer spined, quiet, sound, bull with herdbull presence, and tons of hair. His bigger framed "Regulator" dam was purchased from Silverlake Simmentals. She had a standout feature "Loyalty" son that we showed year (sold to Diamond A Farms) and a wicked good "Tycoon" daughter in herd that is an absolute beauty. His sire was the high seller out of Lewis' Sale. We have very little semen left on 813Y and we use it very selectively. 41N Ranked 3rd YW and 5th for WW and has good performance EPDs TOP 15%WW, 20%YW & CW. A big bull with tons of potential.

Dam:
Boundary Red Sarah 32J

A lower birth weight, well balanced, heavy haired bull, out of a moderate, heavy milking, good footed "Express" daughter. Another grandson of Formidable's dam, Sarah 62A. Liner 215A is a 56U son whose progeny are known to be highly maternal. We have an outstanding young 215A daughter in herd that has already had a top selling son in this sale. EPDs TOP 10% STAY.
HOMO POLLED

15

BOUNDARY WALK THE LINE 119N

HEIFER BULL. Moderate framed, smooth, balanced, and stylish, with good muscling, loads of hair, and a small attractive skull. His dam is another daughter of the great Sarah 62A (grandam to 9 bulls in this sale) and "Motley" who put so many feature bulls through this sale and is known for his standout, sound, and excellent footed progeny. 35K is an absolute sweetheart. Her first son also was a heifer safe bull that sold to Barb Gabruch and was made a lot like this bull. 119N had a gestation of only 280 days (average for dam on 3 calves is 279), and 72 lbs. birth weight out of a mature cow. An incredible spread on his EPDs from calving ease to performance - TOP 2%YW, CW, & REA, 3%WW & TI, 10%MCE, 15%CE, BW, 20%API. Pretty neat calving ease prospect here. **HOMO POLLED**

HEIFER BULL. Dark red (non-diluter), deep, clean made, stylish, heavy haired, small attractive skull, good muscling, and best of all, a gorgeous, sweet natured dam. 255L was shown as a calf at CWA and she keeps getting better. Exceptional udder quality, with small, perfectly square, teat placement, sweet front-end, and bold sweeping rib cage. Grandam was 2nd in class at CWA as a calf and a member of our Champion Pen of Heifers at MHPS. If we keep going back, every cow on the maternal side in his pedigree has put forth so many quality cattle that consistently make the show pen or top sales. 1N ranked 5th for YADG, had a gest. of 271 days and a 68 lbs. birth weight. Calving ease EPDs back that up - TOP 1%CE, BW, & API, 2%TI, 4%MCE, 15%YW & MARB, 25%WW.

Dark red and smooth made, his extended length from hook to pins carries down into a deep, heavy muscled quarter. Prairie King really stamps his sons, and we couldn't be happier with him. 196N is a close replica of his sire and has a disposition second to none. 60G is a big, heavy milking cow, that had a son sell to Dahl Farms. 196N has EPDs TOP 1%CW, 10%YW, STAY, REA, 15%WW, MWWT. **HETERO POLLED**

Dam: Boundary Red Abricot 60G

25

BOUNDARY PRAIRIE KING 281N

BOUNDARY RANCH

Absolute tank. Not sure if we've ever sold an April born bull in this sale before, but 281N is a great place to start. Wide based, with extra volume, huge top, massive hip, and boasting a mere 82 lbs. birth weight, more than likely from his "Epic" sired dam. 281N is very similar in type to his tanky "Express" Grandam. His Great Grandam had the leadoff bull in this sale a few years ago to Camden Cattle and Great Grand Grandam is the Matriarch donor Isabella 3U. Ranked 1st AWW but too young at time of yearling to adjust. Rest assured, his performance is off the charts and typical of this Prairie King sire group. He is way above average for all EPDs TOP 3%TI, 4%WW, MWWT, 5%YW, 10%DOC, 20%API, 25%MCE. This baby's got back - pedigree, performance, and a\$\$ **HOMO POLLED**

100	838	-	7.2	3.2	96.5	144.5	26.0	4.7	74.3	41.8

Stylish, heavy-haired, bigger framed, great foot structure. Dam "Candy" is angular, heavy milking, and has a tremendous udder. Her stunning "Temptation" daughter in herd is very hard to fault. She was a member of our Reserve Champion Pen of Heifers MHPS 2024. 266N Ranked 2nd for AWW. Too young at YW to index. He's above average for most EPDs TOP 4%TI, 5%WW, YW, 15%MWWT, CW, 10%DOC, 25%MCE. Performance bull with some fancy cows backing him. **HOMO POLLED**

27

BOUNDARY BLK PRAIRIE KING 251N

Long, smooth, and clean made, like most Prairie King progeny, this bull has even more look, and although they are a sound footed sire group as a whole, this bull is exceptional. He comes by it honestly. His 12-year-old dam has absolutely perfect feet. She was Champion Cow with bull calf at RPS last fall with 251N at side and the buzz around how good she was, especially at her age, was pretty cool. She's had sons sell to Tony Page and DAA Enterprises and 2 full sisters by Tycoon in herd, one with a son in the sale Lot 28. 251N was the Junior Champion Bull at CWA last fall and a member of our pen of bulls at the MHPS. He ranked 1st of blacks for AWW, WADG, WWPDA and AYW of 1520. He has EPDs TOP 1%WW, YW, CW, 3%MWWT, 10%REA, TI. If longevity, maternal, and performance are important to you, he's the one. **HOMO POLLED HETERO BLACK**

Feature. Member pen of bulls MHPS. Deep bodied, thick, with herd bull character, 52N has always been a favorite. His dam is a quality daughter of the 13B donor cow (son is Lot 27). 19J produced a sweet uddered, quality replacement as a 2 year-old. Great Grandam was a donor for Spring Creek Simmentals. 52N ranked 1st of blacks for WW, YW, YWPDA, 2nd for AWW, WADG, WWPDA, 3RD AYW, YADG and EPDs TOP 1%WW, YW, TI, 2%MWWT, 10%CW, REA. **HOMO POLLED HETERO BLACK**

BOUNDARY CALIBER 58N

BOUNDARY RANCH

Member of our pen of bulls last fall, where he garnered a lot of attention. He has so much "look"- Clean in his makeup, heavy, amazing hair, his square base flows into a sweeping rib cage, massive hip, deep flank, and wide top line. 58N is everything we look for in a bull. Attractive skull, great disposition, he literally has it all. His dam is a knockout that will only get better with age. A highly related Caliber daughter (Camille 24N) was Reserve Champion at side of dam RPS last fall. 58N ranked 1ST of the black bulls for AYW, YADG, 2ndYW, YWPDA, 3rd WW, 4TH WADG, 5TH AWW and has EPDs TOP 1%WW, YW, 2%TI, 10%MWWT, CW, 15%MCE, 20%REA. This Caliber son will be easy to find sale day.

Welcome to the 17th Annual Showcase Bull Sale. We would like to start by saying big thank you to all of our bidders, buyers and friends we have made over the years. Your continued support and confidence in our program is truly appreciated. We feel very fortunate to raise our family in the agricultural industry and the beef business.

This year's group of bulls has developed very well and are the result of many years of genetic selection. Sound, efficient, functional bulls that are backed by strong maternal cow families. Every year we receive compliments on the soundness of our bulls, and it is something we feel is very important. It is our focus that you are just as happy with the bull for years to come, as you are on sale day. Longevity is key to profitability!

We extend an invite to all who are able to attend on sale day, whether it is in person, online or on the phone. We would be happy to discuss the bulls with you prior to the sale to find the right fit for your operation, and bulls are available any time for viewing. Feel free to contact us or connect with our great sales team for further information. We look forward to seeing you on sale day.

SCHERGER RANCHING

LTS NEXT LEVEL 5057G

A Flagship Herd Sire in the making. A true cornerstone with elite phenotype, power and performance. This bull is wide based, big bodied and loaded with muscle while maintaining structural soundness and athleticism. Backed by a proven cow family with generations of productive females he offers the kind of growth, maternal strength and real world functionality demanded by progressive breeding programs. His great granddam produced naturally until 14 years of age and was flushed to further carry on her genetic influence. His granddam, at 11 years of age continues to be one of our most consistent producers. His dam is emerging as one of our top power red cows with an excellent udder. A bull with the look, pedigree and performance to anchor a cow herd for years to come.

Something a little different here. Our first SimAngus bull on offer, a dark red 3/4 blood. Sired by the half blood Six Mile Redwood, and out of a very strong purebred first calf heifer we purchased from Canadian Donors. Her style, presence and dark red traits have transferred over to her first eye appealing son. He is very sound and smooth while travelling, and will leave an excellent set of daughters. A different pedigree option with the quality to go along with it.

102	752	4.9	4.2	81.5	115.8	22.7	4.9	63.4	30.9

A real attractive bull that is clean through the neck and shoulder, wide over the top and full through the hip. He has great presence and character, making him easy to find when you enter the pen. He moves out freely with a long full stride, attributes we feel are very important and ones that the Fenway sons consistently have. Combine this with him being out of a very good uddered and appealing cow. 116N is registered as a 3/4 but is a purebred bull. A well-rounded herd sire prospect that will enhance any program.

HOMO POLLED

45

LTS SLASH 5108N

A loose made, heavy haired bull that will add thickness and dimension to your next calf crop. His sire has done exactly that, added muscle and that easy keeping look while being very sound on the move. The Slash daughters look strong as well and we are very pleased with them, broody females with excellent udders. The Slash progeny are all stamped the same and you can certainly pick them out of a group for their appealing traits. His sons will certainly pass these on to the next generation, invest in one to carry your program forward!

LTS STAPLETON 5092N

A massive, shapely and powerfully made son of SLASH and one of the top producing cows in our program with an impressive production record. For many, this pedigree offers a complete and total outcross to mainstream genetics. The Erixon Lady 134E cow has amassed an impressive production record so far in her career. She was purchased from the prestigious Cobra Event as one of the high selling bred heifers. Her first two calves are impressive daughters in herd, while her third calf sold in the Jenna Flirt Event to Ashworth Farm & Ranch. She then followed that up with three feature sons in a row selling to Carmichael Farming Co, Oh Kay Farms and the Crandall Ranch. An impressive herd sire candidate here, backed by an elite cow and an outcross pedigree means the possibilities are endless for this bull. Significant opportunity here, take advantage.

A heifer bull that checks all the boxes. Moderate at birth, smooth through the shoulder, a small head and lighter boned. Not to mention CE & BW EPDs in the top 10% of the breed. In addition to this, his dam is a very nice Capacity first calf heifer that has a bright future. An eye appealing, safe bet calving ease bull backed by a strong female will make him one to look up on sale day.

A feature calving ease bull that will have one of the most exciting and unique pedigrees to be found all spring. One of the very few Clear Advantage sons to sell in Canada this year, and out of a first calf heifer that has us excited. She goes back to the prominent JS BLACK SATIN 9B "Boots" cow that Griswold Cattle Co has had so much success with south of the border over the years. A calving ease bull with shape and presence is the best way to describe him, and if you place a lot of emphasis on cow families you will surely have him marked high.

A long bodied, well balanced bull with a full hip that will catch your attention. He started with a moderate birthweight and shows exceptional performance numbers, ranking him in the top 10% WW and 3% YW EPDs. His dam is a beautiful uddered Supercharged daughter, and his Granddam 39C is one you will find in the pedigree of a number of our top black bulls and has been an exceptional producer. A great balance of performance and maternal here, in a moderate birthweight package.
HOMO POLLED/HOMO BLACK

50

LTS CONFIDENCE 5069N

A calving ease prospect that offers so much more. Starting at just 76 lbs, he has developed into an eye appealing, wide topped, great haired, full hipped bull that will surely grab your attention. We calved out a large group of first calf heifers last spring, and if I had to pick out just one favourite it would have to be his dam 54L. As a bred heifer she was a standout and a member of our Grand Champion Pen of Bred Heifers at the Ranchmen's Pen Show. This comes as no surprise, as the grand dam is an exceptional cow at 11 years of age. Her excellent udder, beautiful front third and tremendous rib shape continue to impress us. She produced the 59N bull in this year's sale, and is a cow we have flushed a number of times to further increase her genetic influence in our program. Big time future for this bull that offers calving ease plus so much more. **HOMO POLLED/HOMO BLACK PENDING**

LTS SYNERGY 5058N

Synergy is defined as the combination of two strong individuals to create something even greater. LTS SYNERGY 5058L is a bull with a ton to offer and has us very excited. The combination of Hart State of War who excels in calving ease, maternal and eye appeal, combined with the outstanding performance and maternal strength from RF Supercharged has created a bull that stands in his own league and will draw a lot of attention. Tremendous hair, rib shape and overall thickness, he gets out and moves with such ease. You will have to put on a pile of miles this spring to find a bull that strides out the way he does and has the presence this bull possesses. Invest with confidence, this will become a top end herd sire that will influence your program for years to come. **HOMO POLLED HOMO BLACK**

A big time herd bull prospect that we are proud to offer. Deep sided, long bodied and loose made, standing on big correct feet. He demonstrates explosive rib shape and width over the top. We along with many breeders have been very impressed with these Dynasty calves. On the bottom side of the pedigree, you have Commissioner x Powerline x Knock Out. This pedigree has as many influential bulls as you will find anywhere and this quality will surely be passed on for generations through this herd sire. This bull's dam is a model female with an ideal udder and comes from one of our very best cow families. This is a bull that ties it all together, both in genetics and phenotype. He has a tremendous potential and will have a big impact in the future.

This is a bull that is right in many ways. An attractive small head, smooth through the front end, deep ribbed, flat topped and well balanced with lots of rib shape. His dam is a feminine, deep bodied cow with a flawless udder. He is sired by Shakedown who has gained popularity for the added muscle, consistent type and eye appeal that he sires. Don't miss out on this one, as he will sire an impressive and consistent calf crop.
HOMO POLLED/HETERO BLACK

55

LTS SUBSTANTIAL 5070N

Character. Presence. That herd bull look. Whichever term you like to use this guy has it and has commanded attention from a young age. The way he travels so freely and catches your attention are difficult traits to find and ones to duplicate. His 11-year-old dam continues to hit it out of the park year after year and is a no miss producer. 5 of her daughters have been retained in herd and have developed into some of our top producing young females. If quality, consistency and longevity are main pillars in your breeding program, give this bull some serious consideration.

On behalf of everyone here at X-T, we send you a warm welcome to the 17th annual SWS bull sale. Without you our many repeat customers and friends this sale would not be possible. We really appreciate each and every one of you.

We are very proud of this years offering. From the high end calving ease bulls, to the power bulls designed to sire those big, high dollar calves for you and some bulls that fit right in the middle. We are confident a bull can be found to fill all needs.

Our bulls are hand fed Bullseye pelleted ration twice daily, along with free choice chopped crested wheat hay. These bulls are fed to be grown out, not fattened.

If you are in our area or feel like going for a drive, we would be happy to tour you through the bull pen and take you out to see the dams.

We wish you the best with your bull purchases and look forward to good times in the cattle industry ahead.

X-T SIMMENTALS

57

X-T BLACK NIGHT WATCH 17N

- Night Watch is a high-end calving ease prospect, HEIFER APPROVED, but so much more.
- His striking profile grabs your attention every time you go by the pen. Starting from his attractive head, back through his neck and smooth shoulder, the front end of this bull is so stylish. Behind that he turns into a true beef bull. Huge topped, deep ribbed and a hind quarter that would be the envy of most any calving ease sire.
- Night Watch moves around the pen with ease on a very sound set of feet and legs at all four corners.
- To say that we are excited about the future of his young Dam would be an understatement. She was identified as a standout early in life and selected by Reece, our grandson/nephew, as his 4H project and she has been more than competitive. She comes by her look, quality and soundness honestly as her Dam, LW1G and Granddam the KWA Riddler cow are both big, attractive, high producing cows in their own right.
- To top it all off, Night Watch is the pet of the pen and just wants to be buddies with anyone that walks by.

▪ We plan on using Night Watch in our own program with owners use semen and retain the right to do so.

88	705	9.2	3.3	82.3	125.5	23.2	4.6	64.4	40.2

- Very good headed and smooth shouldered
 - Moderate framed and square made
 - With his build and a shot of calving ease on the Dam's side, we think that Knockout 67N would work really well on a group of second calvers
- Homozygous polled, Hetrozygous black**

66

X-T NO WORRIES 2N

- Like his name states, just turn this guy in with your heifers and next spring have "No Worries" calving.
 - Slider, Shear Force, Limitless, Cobra, and the moderate calving, very popular Mountain View bull are all stacked in No Worries 2N's pedigree. I don't know how one could possibly be bred better for the heifer pen and yet still maintain the quality of this guy.
 - 2N started out with only a 78lbs birthweight but took off like a bad weed. He matured early and grew into the heavy muscled, cool-looking bull we have today.
 - His Dam came from the good people of the Cityview program as the lead off female in the 2024 Red and Black Sale. She really hit it out of the park on her first try and we are expecting great things from her in the future.
 - If you need a red heifer bull, better take a close look at No Worries
- Homozygous polled**

 CMS HEIRLOOM 112Y

- Crossing the high performance, high production Heirloom line with the more moderate, soggy Top Tier really clicked with this fella
- Lots of grow here while maintaining natural muscle, deep flank and just overall softness to his makeup
- His Dam was the high selling bred at SimPower 2024 from the good Czech-Mate program **Homozygous polled**

Dam: CMS Fine Line 317L

 X-T BLACK TEMPTRESS 69U

- Here we have a dark red, very stylish beef bull in every sense of the term
- Son of the great Rancher bull, whose progeny truly are "rancher" cattle. Moderate calving, lot of performance and the daughters are really good
- Dam is a dark red daughter of our old MRL Walk the Line 164W bull who sired as many great females as any bull we have ever used. She will be 13 this spring and she is still sound and ready to raise another great one. She has had sons sell through this sale to Mike Weisgerber, Clint Moorlock and Stan McCrea along with two sons retained to use on our own commercial herd and a number of daughters in herd.
- This is good bugger folks. Don't miss him!
