ROCKY CREEK CHAROLAIS

SADDLERIDGE CHAROLAIS

Box 105, Rosemary, AB T0J 2W0

Ralph Retzlaff 403-793-0794

Leonard Retzlaff 403-501-9333

Philip Retzlaff 404-793-7501

Welcome to the 2026 Saddleridge Charolais Bull Sale! We would like to thank you for taking time out of your day to review this catalogue, for showing interest in our program, and we would like to invite you to come out to the sale on Wednesday, March 18 at Bow Slope Shipping in Brooks.

As a family we feel very blessed that we have been given the opportunity to do what we love – farm – with the people we love – family. A family that spans generations, including 9 grandchildren who are blessed to grow up on the farm. Not only do we get to experience this lifestyle with our family but we have 3 fantastic, dedicated employees – John, Joseph, and Blake – and an amazing supportive community around us. The foundation of the entire operation was laid by Ralph and over the years as the boys decided to join the farm – first Leonard, then Luke, and finally Philip – the various enterprises expanded as well. Today we farm around 2400 acres of irrigated cropland growing a mix of pedigree alfalfa seed, barley, wheat, canola, and a variety of forage crops for silage and feed – corn, fall rye, oats, hay, and grass. We operate 2 small backgrounding feedlots with a combined capacity of about 3000 head of owned and custom fed calves. We utilize a mix of irrigated grass, native grass, and native community pasture to graze our cow herd which has grown to 550 commercial cows plus 100 purebred Charolais.

We believe the bulls we have on offer this year to be one of the most consistent groups to date. While the farm has grown over the years our commitment to providing the best possible Charolais bulls for the commercial cattleman remains the same.

For those unable to attend the sale in person, it will also be broadcast on DLMS for internet bidding and videos of the individual sale bulls will be available prior to the sale. We would like to extend an invitation to stop by the farm to see the bulls for yourselves before sale day and we would be happy to show you around. Feel free to contact us if you have any questions regarding any of the bulls or our program and we would be happy to help you out.

Sincerely,

The Retzlaff Family

1:00 P.M., WEDNESDAY, MARCH 18, 2026

Delivery

We are happy to take your purchases back to the farm following the sale and deliver them later in the spring when it is convenient. If they come back with us, we recommend you have your bull insured in case of injury while in our possession. We offer free delivery within 300 km and are happy to work with you on longer distances.

Terms & Conditions

- All sales shall be final and binding. Any disputes shall be settle by auctioneer at or before time of sale.
- Saddleridge Charolais retains the option to collect semen on any of their bulls in the sale at a future date for their in-herd use only. This would be at the seller's expense and at the owners convenience.
- Payment of livestock shall be made by cash or cheque in Canadian funds to Bow Slope Shipping Association Co-op.
- Any errors found in this catalogue will be corrected sale day by the auctioneer and will take precedence over the catalogue.
- Transfer and registration papers will be pre-paid by the seller and that no cost of the same be incurred by the purchaser.
- Each bull will be personally guaranteed by the selling consignor to be a sound breeder.
- Consignors will not be liable for more than the purchase price of the bull purchased at the sale.
- Upon invoicing out please leave delivery instructions with the office staff.

Although every precaution will be taken to protect safety and comfort of the buyers and public, neither the sales management, auctioneer, or association assumes any responsibility in this matter and disclaims any liability, legal or otherwise in the event of injury or loss of property.

Lot 4 and 5 are sired by Saddlebred Jurassic 29J who was one of our top sellers in our 2022 Bull Sale. We have used him in our AI program for the past few years and these 2 bulls demonstrate why we thought so highly of him back then and continued to use him in our AI program. These boys are thick, powerful bulls that should add pounds to your calf crop.

This bull is the product of our ET program and a set of flushes we partnered on with Hopewell Charolais of Kerrobert, SK. This February calf started small and has not missed a beat, providing impressive weaning and yearling weights with his long, eye-catching appearance.

Another bull from our ET program and maternal brother to Lot 22. We selected his dam as a proven cow we could model our herd around and flushed her a few different ways to get some outcross genetics for use in our herd.

This gentle giant is a pen favorite among the children in our family. He is the bull who is always looking for a scratch or some extra attention. The Kryptonite calves generally all exhibit a fairly calm demeanor but this guy is the quietest of the group.

Kryptonite has been one of our main walking bulls for the last few years. He was an embryo calf that we raised ourselves out of the renowned Germaine 484 cow and a Duty-Free son, HVA Fireball, and

this combination absolutely hit it out of the park. Kryptonite packs performance in all dimensions siring calves that are long, deep, and wide. His influence within our herd continues to grow as his first daughters are calving this year. **6 SONS SELL**

We purchased Elevation to be an outcross calving ease sire to be used within our heifer pen. This is his first calf crop and his sons have developed into a strong set of thick, hairy bulls. **5 SONS SELL**

ROCKY CREEK CHAROLAIS

Michelle Welsh • Strathmore, Alberta • Tel: 403-540-1962

It's my pleasure to have been invited by the Retzlaff family as a guest consigner. I've been raising Charolais and buckskin calves for over 4 decades. Winning the Grand Champion project steer in 4-H, started my journey. Not only did I study agriculture, but have continued my career within the cattle sector. My purebreds and commercial cows are all managed together, weighing 1500 lbs average. You'll notice my herd has lower EPD's on the birth weight and calving ease. I ranch independently and need calves born smooth and grow strong. Feel free to come for a tour anytime.

If you're looking for style and performance this bull has the highest weaning weight in this group. His grandsire was an Agribition Champion. Look at his foot structure and get excited about how correct he stands and travels. His mother has brought predictability to each of her calves.

News had an actual weaning weight of 920 lbs, so plenty of performance here. His grandsire, WC Whiplash, was used exclusively for calving ease, with added depth of body. This bull's dam is from my ET program.

Well, here is a yearling who will add that great hair coat needed for our climate. His mother is out of the great Roundup bull, who had fantastic birth and weaning statistics. Crossing with the Executive bull should check all the boxes!

I have mentioned my ET program. This bull has all of the details. His 16 yr old great grandmother has bred back again this year. The longevity with this cow family makes me proud to raise cattle. The good ones are easy to have around.
