FULLBLOOD, FULL FLECK, GERMAN BASED GENETICS

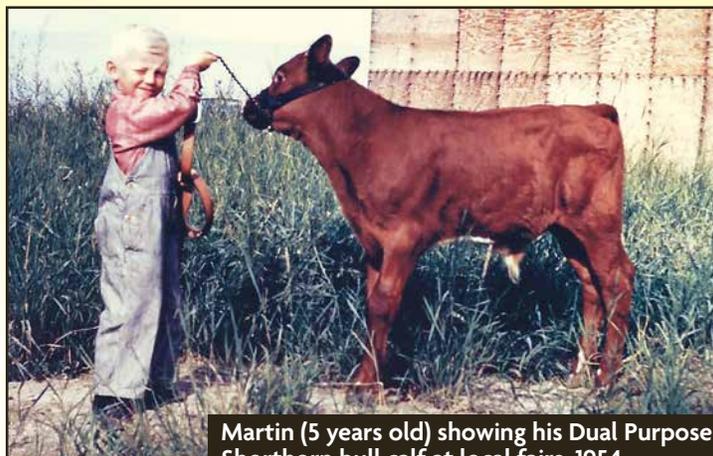

Simmeron Ranch is a 100% Fullblood Fleckvieh Simmental Herd, offering both Horned and Polled genetics. We are located 3 miles West of Morinville, Alberta, Canada on Secondary Highway 642.

I started this Simmental herd in 2002 based on the last 3 cows raised by Klondike Ranch, as well as a set of embryos from the mating of DDD Broadway G534 and Great Guns Felene 6D which produced two heifers and 1 bull, Simmeron Mr. Royal 3R. My whole herd can be traced back to these genetics, with the Mr. Royal 3R daughters being very quiet with excellent body structure, well attached, high milk producing udders, extra muscling and

excellent feet. Semen from Mr. Royal is available for international sales.

Over the years, I have developed my small Simmeron herd of Full Fleckvieh, Fullblood Simmental cattle using a carefully planned out AI program. Choosing a select number of German AI sires has allowed me to produce reliable, consistent herd bulls that offer strong genetics not related to most others in common production by Canadian breeders. The goal is to breed and feed for longevity of performance that will benefit any cattleman's program regardless of breed raised.

Please give me a call to discuss any of the cattle, or to make arrangements to view the herd. Farm visits are always welcome.

HOW TO PARTICIPATE IN THE DLMS FARM GATE TIMED AUCTION

1. Visit www.farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a username and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.

2. You can choose your favourite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Any time there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.

3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a \$2000 bid on it and you place a proxy bid of \$3500 into the system, the computer will bid \$2100 for you but if some one else bids \$2200, the computer will again bid for you, this time at \$2300. The system will look after your interest to a maximum of \$3500. If another bidder is on at \$3600, your proxy will no longer be effective and you will no longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.

4. At closing time of the sale the entire sale will extend bidding if a bid is placed on any lot in the sale. Any bid received after close time will extend the sale by the time listed on each sale. In Most cases the time gets shorter the longer in to extended bidding the sale is. When no bidding occurs for the extended time the computer will declare the sale finished.

5. Following the sale the Owner or Sale Manager will invoice all buyers in the sale, please contact the seller with questions or to arrange delivery, pick up or shipping of your purchases.

FAQ

WHAT IS RACEHORSE STYLE SALE CLOSE?

Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale.

HOW WILL EXTENDED BIDDING WORK?

When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and give all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.
