# TERMS AND CONDITIONS

### **TERMS:**

The terms of the sale are cash or cheque, payable at par upon receipt following the sale. The right of property shall not pass until after settlement has been made. Each animal sells to highest bidder.

**REGISTRATION:** Each animal will carry papers issued by their breed association. A certificate of transfer will be furnished to the buyer for each animal after payment has been made.

### **HEALTH:**

All animals in the sale will have met all necessary health requirements, and will have passed a semen test, and breeding soundness evaluation.

### **GUARANTEE:**

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set by the breeds association with regard to health, freedom of defects and from both reproductive and genetic unsoundness.

### **INSURANCE:**

We strongly recommend that insurance is purchased for the full value of the bull.

### **DELIVERY:**

Delivery may be available and should be discussed between the purchaser and the seller. A \$200 credit will be provided to buyers who take their purchase home the day of the sale.

This is extremely exciting! After 5 years of timed auctions, we are now moving to a live auction.

# Welcome

What makes it even better is that we're joining forces

with more great cattle producers, to bring you a 4 breed bull sale. Thank you Bar Over AJ Red Angus, and Hopewell Cattle Corp for joining us in this new venture. Thank you to all of our previous buyers and bidders, and welcome to all of those who are new to our program. We are a family operation. Our boys Ethan and Cameron have bulls in this sale. Ethan and Cameron pail feed the bulls daily to keep the bulls quiet. There is nothing better than seeing the next generation working toward their own future in agriculture. Last fall we struck a deal with Aumack Simmentals. Aidan and I purchased 5 Simmental bulls from the Aumack family, and fed them alongside our Angus bulls. We will be reselling those 5 bulls in this sale. If you have any questions about the pedigrees of these bulls, Russel Aumack will be happy to help. We believe that the bulls we are offering will stand the test of time. We feed right, breed right and take great pride in what we do. No bulls have been sold prior to this sale, so that you can have your pick from the top of our pen.

Welcome everyone to The Spiritwood Bull Sale!

# Welcome

We are extremely excited about this years set of bulls. We dispersed the commercial herd two falls ago and decided to focus on purebreds, a desicion we haven't regretted. We strive to raise functional, maternal cattle with performance that will go out and work in all programs. We take pride in the cow herd we are building. This year is a special year for us as it's our first live sale at the Spiritwood Stockyard and we couldn't be more thrilled to join KS Cattle Corp and Hopewell Cattle Corp and their families. We want to thank everyone for your interest.

A special shoutout to my father Don Clark and Colton Poulin, they do a lot of work where ever it needs to be done while I'm working at the stockyards and we couldn't do it without them. David Lafrienere with L+ livestock is another huge part of the outfit here, he does custom processing and about anything you can think of from blowing off bulls for picture day to running a haybine in the summer, you can find him at the Spiritwood Bull Sale with his crew ready to help load out bulls or take care of any issues that may arise.

IN LOVING

*Sonja Ann Nielsen (August 11th 1948 - October 2 2025)*

*We lost someone extremely important this year. My Mormor (Danish for mother's mother) was a truly special lady who constantly showed kindness and compassion in everything she did. She didn't give up when faced with cancer, she lived and fought with grace. It is through this battle that I saw a completely different side of her. A side that made her the first woman elected to the Sask dairy board, a stockyard operator but, most importantly, the most wonderful Mormor and oldemor. I have so many fond memories of Mormor at the stockyards. I'm so thrilled to have the bull sale at that same stockyards this year. I know she would be in attendance with WAY too many cinnamon buns and most importantly a loving smile and a hug. You hit the lottery if you were lucky enough to have known her. She will always be missed.*

HELLO AND WELCOME TO THE FIRST ANNUAL  
SPIRITWOOD BULL SALE!

# Welcome

This year has brought a lot of change and excitement for us, we welcomed our first child and 4th generation of Hopewell, a little girl named Ada. We also continue to expand our program, now running 200 mother cows of both purebreds and commercials. With this expansion we felt it was time to incorporate the farm, this in turn brought a bit of a name change from Hopewell Charolais to **Hopewell Cattle Corp.**

The one thing that has not changed is our dedication to breeding top quality bulls our customers have come to know and trust. We feel this group of sale bulls represents what we are striving for here at Hopewell, bulls that will add muscle and performance to your calf crop. We produce bulls with calving ease in mind, small heads, smooth shoulders, length with neck extension. Getting a live calf that has the vigour to get up and go, without sacrificing the Charolais growth and performance is always the goal!

We would like to thank all our customers and everyone who has shown interest in our program in the past. We understand that for our southern Saskatchewan and Alberta customers that moving our bull sale north to Spiritwood may be a stretch to travel. Our bulls are available to tour anytime before the sale, with online bidding available through DLMS or many phone options as well. We have always said “we’d rather send you no bull than the wrong bull” reach out with confidence knowing we will do everything we can to get you the right herd sire. We will also have the bulls in Spiritwood the day before the sale for anyone who cannot attend sale day.

These are fun and exciting times in the cow/calf industry, record prices across the board. The one thing we have noticed watching these calves go through the sale ring though, **QUALITY PAYS!**

If you do get a bull and are unable to take advantage of our bull take home credit, please rest assured your purchase is welcome to come home and delivery can be arranged at a later date. We do ask that any bulls returning home to Hopewell be insured.

Please don't hesitate to reach out to Kody if you have any questions, we enjoy talking cows and building personal relationships.

*~ Kody and Alex Meier*

Our main donor dam here at Hopewell. She has added beautiful females to our keeper pen, with daughters that have tons of hair, great feet, beautiful level udders, and great maternal. 647s sons have been nothing short of impressive, topping our sale bull pen every year that she's got one. We can't really say whether we get excited when she has a bull or a heifer because either way we know they're a keeper. Our decision to flush this cow came with the idea that we just wanted more of her around.
