commercial heifers

FROM THE DESK AT T BAR C

Welcome to the Stoney Creek Simmental Bull & Female Sale.

Hosted by the Sebastian family of Stoney Creek, this event brings together a strong set of Simmental genetics backed by their programs committed to producing functional, high-quality cattle for today's beef industry. The Sebastian family has worked diligently to build a herd focused on performance, maternal strength, and the kind of structural integrity that ensures longevity and productivity.

Joining them this year are guest consignors Red Fox Maine's and SLM Simmentals, two programs that share the same dedication to quality and consistency. Together, these breeders present a well-rounded offering that combines proven genetics with the kind of cattle that work in real-world conditions. Bryan's group of Maines are his most uniform and impressive group yet, and the SLM females come from the heart of Stoney Creek genetics.

The bulls in this sale are designed to add value where it matters most—calving ease, performance, and the ability to sire calves that push down the scale. Alongside the bulls, the female offering represents the strength of the programs behind them, with productive cow families and carefully selected breeding pieces that will add long-term value to any herd.

As you study the catalogue, you will notice the emphasis placed on soundness, maternal traits, and practical performance throughout the offering. These are cattle developed with the commercial cattleman in mind while still carrying the quality expected from leading seedstock programs.

We encourage you to evaluate the cattle ahead of sale day and visit with the Sebastian family and their guest consignors about their programs and the cattle they stand behind. Their dedication to the breed and commitment to customer success is evident in the offering they have assembled.

We look forward to seeing you at the Stoney Creek Simmental Bull & Female Sale and appreciate your interest and support of these progressive programs. As always if you require any assistance feel free to reach out to any of us on the T Bar Team.

8.9	2.9	74.2	107.3	21.3	5.4	58.4

BW: 100lbs

Red and white traditional painted calf. He is the quiet bull of the pen, has that chrome to use on those solid-colored cows to add that blaze. He is put together well and has a high-quality foot under him. 82N has 2 black blaze parents so yes, we were very shocked when he came out with the traditional color pattern.

6 STONEY CREEK **NECAS** 88N

BW: 94lbs

A off age baldy faced bull who just coasted last summer he is out of a heavy milking female the Crome in this cow family is very strong ,so if your looking to add some Crome I am sure he will stamp them with it .Martone is not going to be a real tall bull but he is packed with muscle and natural thickness ,he is definitely a bull that if we are looking for one he is what we would be after .

 Heres a bull with a little different build. Had a few cattlemen say we need more guts in the fullbloods, well here he is. Guts, nuts amd butts. He is the youngest bull we are offering and has come along nicely. Out of a Manitou Focus cow and if any of you have seen Focus there is no reason you wouldn't bid on this calf come sale day.

A fancy solid black heifer out of a first calf heifer. Her dam is a KWA Shamrock daughter who is known in the industry for calving ease. The pairing with a Stoney Creek gangster sire was a great choice. A heifer that is hard to part with.

46

Don't let a later birth date on this heifer fool you. She has pulled her weight in the replacement pen right alongside the older calves. Her sire is a Stoney Creek bull that has had a large impact on both the purebred and commercial side of our program.

An absolute sweetheart of a heifer who stands out in the pen for her disposition and markings. Her grand dam is a Springcreek Blue Chip/Springcreek Brooke pairing that is a favourite in the herd. She is out of a first calf heifer who has done a great job raising her.

We have six RWF and six BWF heifers on offer, and they will be sold as groups of three. These Simmental-cross heifers were born in March and April, and have been raised for longevity, fertility, and strong maternal instincts. They have been preg-tested to ensure they are open and that their pelvis' are fit for calving. Vaccinations and Ivormectin are up to date. The sire to all of these heifers is Stoney Creek Konecny 66K, who boasts a maternal calving ease of 10.4.

We are once again pleased to be able to consign a couple pens of three open heifers to this sale. These two groups are from the heart of our replacements. They are pure Simmental from our two main herdsires. These are two proven bulls in our herd. These heifers should turn out to be great producers. They are deep thick and solid structured. They weigh in around the 1000lb mark.

TERMS & CONDITIONS

Terms: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration: Each animal will carry papers issued by the Canadian Simmental Association or Canadian Maine-Anjou Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health: All animals in the sale have met all necessary health requirements.

Guarantee: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Insurance: Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

Liabilities: All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may in exceptional cases be taken must be between the buyer and the seller. T Bar C Cattle Co. (2013) Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Delivery: Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Errors: All announcements at sale time, written or oral, supersede any written material in the catalogue.
