SELLING 112 HEAD:

- *21 Hereford Yearling Bulls*
- *48 Black Angus Yearling Bulls*
- *1 Simmental X Yearling Bull*
- *8 Commercial Cows*
- *33 Commercial Bred Heifers*

GENERAL INFORMATION

SALE TIME:
1:00 p.m., M.S.T., Tuesday, December 1, 2026.

LOCATION:
1 1/2 miles south of Etzikom on Highway 885 ~ Signpost 61033

DELIVERY:
Free delivery within a 350 mile radius of the sale; further, for the cost of our fuel on all cattle.

HEALTH:
The health of the cattle is excellent. Calves receive 7 Somnus with Spur plus Pyramid FP4 & Presponse at branding and in October. Cows and yearlings received Pyramid FP5 in May. All cattle had Pouron Ivomec in October. Females were preg. checked and given estimated calving dates by Dr Krista Dayman, in September.

SPECIAL SALE CONDITION:
All bull buyers have the option to let us winter the bull for $150 per month, until they wish delivery.

DLMS
www.dlms.ca

BULL GUARANTEE:
Each bull will be guaranteed unconditionally for 3 full breeding seasons. We will replace unsatisfactory bulls or you can receive credit for the difference between the purchase price of the bull, ***less credit used***, and $3,000 or your salvage value, whichever is more, and less your usage. The credit you receive will be divided equally between the bulls you purchase.

Example: You have $1,000 credit. You buy bulls for $9,500 and $7,500 (you pay $9,000 and $7,000). You use the $9,500 bull one year and then he dies. We will give you $4,000 credit at a future sale. $9,500 - $500 = $9,000 - $3,000 = $6,000, or $2,000 per year.

TERMS:
The terms of the sale are cash, cheque, or etransfer. Please include wintering charges in the amount. Credit arrangements may be made prior to the sale.

SEMEN COLLECTION:
We reserve the right to collect in-herd use only semen at our expense and at the buyer's convenience.

SIGHT UNSEEN PURCHASE PLAN:
If you are unable to attend the sale, give us a call with your requirements. Satisfaction guaranteed. If you don't like the bull when we deliver him, we'll keep him. This year, we are pleased to offer online bidding through DLMS. Another option is for us to phone you minutes before your pick is being sold ~ You can hear the auction over the phone and bid without anyone knowing your limit.

RESPONSIBILITY:
Everyone attending the sale does so at their own responsibility, and without liability on the part of the owners or their employees.

LUNCH:
Coffee and donuts available all day, and lunch will be served from 11:00 a.m. until sale time.

Sadie branding.

Knox and Ty. Which breed do you like the best?

WELCOME TO OUR 42nd ANNUAL PRODUCTION SALE

It is with pleasure that we welcome you to our 42nd annual production sale and the 20th video sale to be held on our ranch. We feel this sale offers you a chance to incorporate into your herd some of the very best maternal genetics you can find anywhere. We have bred our entire herd A.I. to the very best bulls in North America for 53 consecutive years. Breeding A.I. means never being outbid on a bull we want or settling for second choice. The chart below compares the average Hereford and Angus bull born in 2025 with our average sale bull:

	CE	BW	WW	YW	Milk	SC	Udder	Teat	REA	Marb	CW
Average 2025 Hereford Bull	+3.7	+2.5	56.4	90.1	26.8	1.1	1.28	1.3	0.48	0.15	72.6
Stromsmoe Average (21 Bulls)	+3.7	+2.8	63.5	103.4	28.8	1.44	1.33	1.35	0.54	0.18	84.8
Rank within the breed	50	55	25	21	40	18	33	33	41	38	18

	CE	BW	WW	YW	Milk	SC	Claw	Angle	REA	Marb	CW
Average 2025 Angus Bull	3.2	2.0	56	98	23.5	0.87	0.44	0.45	0.565	0.45	45
Stromsmoe Average (48 Bulls)	3.7	2.2	77.4	137.3	24.7	1.05	0.408	0.397	0.641	0.675	62.9
Rank within the breed	46	55	5	4	40	32	34	22	37	22	10

NOTE: To the best of our knowledge all Hereford bulls are DLF, IEF, HYF, MSUDF, MDF and DBF. To the best of our knowledge all Angus bulls are AMF, NHF, CAF and DDF.

NOTE: NAC57N and NAC 103N are DBC.

We invite you to come early to inspect the sale offering. If you have any questions at all just ask. Lunch will be served starting at 11:00 am. If you would like a sale video please contact us.

SITZ ETERNITY 739L

This bull so much embodies our philosophy for breeding cattle – both Angus and Hereford.

	BW	WW	YW	Milk	SC	Doc	Claw	Angle	Udder	Teat	Marb	REA
EPDs	+1.1	+87	153	30	1.42	21	0.33	0.30	0.91	1.05	0.63	1.21
Breed %	30%	**1**	**1**	**6**	**15**	30	**8**	**3**	**1**	**1**	30	**1**

His birth-weight EPD of +1.1 is acceptable. His growth numbers are outstanding - both W.W. and Y.W. EPDs are in the top 1% of the breed. His milk, scrotal, docility, rib eye, and marbling numbers are all above the breed average. However, if the feet or udder quality on his progeny are not up to par - that trumps absolutely everything else. Functionality is an absolute must! Eternity's EPDs for teat size and udder suspension are in the top 1% of the breed, and his numbers for claw set and foot angle are in the top 8%.

At Sitz's 2023 sale, Eternity exhibited outstanding foot quality. He had so much base width and dimension that we couldn't look at another bull after seeing him.

SITZ PRIDE 200B

Dam of Eternity
(and also Stiz Stellar 726D,
another bull we have used).
Femininity plus, with a wonderful udder.

We have 43 calves from Eternity
on the ground and more coming next year!

HOW TO READ AND USE THE DATA

EPDs are the expected differences in performance and carcass quality of an animal's sons or daughters. Comparing EPD values allows us to obtain a difference between two animals.

Consider Bull A with a +60 EPD for weaning weight and Bull B with a +40 for weaning weight. On average, you can expect calves from Bull A to wean 20 pounds heavier than those from Bull B. If they each sired 25 calves, you could expect to market 500 more pounds of calf by choosing Bull A.

You might sell all your calves at market in the fall. Since you do not retain ownership in the calves, you might think that looking at yearling growth and carcass quality has no importance. I beg to differ.

The feedlot buyer knows exactly how well your cattle fed and graded, and will bid accordingly in the future.

PRODUCTION EPDs

CE (Calving Ease) is expressed as a difference in percentage of unassisted births in first calf heifers. If you use a +7 CE bull instead of a +2 CE bull, you can expect to help 5% fewer heifers at calving time.

BW (Birth Weight), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WW (Weaning Weight). This is the number you look at for weaning weight. The bigger the better.

YW (Yearling Weight), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires. High yearling weight does have a positive correlation to larger mature size.

SC (Scrotal Circumference), expressed in centimeters, is a predictor of scrotal size. Large scrotal size has a positive correlation to early fertility in heifers.

MATERNAL EPDs

MILK. The milk EPD is something to look at if you are retaining heifers. The higher the number, the more they are expected to milk.

CARCASS EPDs

CW Carcass Weight (Angus**).** Expressed in pounds, this is a predictor of the difference in hot carcass weight of a sire's progeny compared to progeny of other sires. The bigger, the better.

REA. The ribeye area EPD: the bigger the better.

Marb. The marbling EPD: the bigger the better.

Underneath the EPDs is the Breed Percentage. This is the percentile of where each bull fits in the entire breed.

PIGMENT (Herefords)

This is the percentage of pigmentation around each bull's left eye (LE), right eye (RE), and scrotum.

AGE OF DAM

The age of the bull's mother when the most recent foot and udder scoring was done. We score the feet on a dry, frozen winter day (and always the worst foot). We score the udder the day the calf was born and before he has sucked (again on the worst quarter). We have included the cow's age as the scores often become worse as the cow gets older.

HOW TO READ AND USE THE DATA

FOOT SCORE

We score the foot angle and the claw set on the mother of each sale bull.

UDDER SCORE

We score the udder suspension and teat size on the mother of each sale bull.

DOC (Docility)

We score the docility on all of our cows on a 1 - 9 scale within hours of giving birth. 1 - 2, you can ignore the cow; 3 - 4, be careful; 5 - 6, you need a stick; 7 - 8, weighing is a two-person job; 9, the cow hunts you. When we tag and weigh our Hereford newborns, we sit on the calf and ignore the cow. Since the Angus breed came out with docility EPDs, we have made it a real priority to select sires with better dispositions.

ACT. B.W.

The actual scale birth weight of each bull.

We occasionally weighed in the barn. 98% of the time like this.

We have scale-weighed every newborn calf (both registered and commercial) for the past 39 years. Our neighbours probably thought we were crazy driving our tractor all over the pasture with the bucket up! We have used a tape, but only to compare. Every weight we write down is a scale-weight. We have found the tape to be 6 to 12 lbs light, and birth weight is too important to our customers (and our industry) not to be completely accurate.

Our new scale is a real back-saver

W. I. (WEANING INDEX)

The weaning index of the bull. Average daily gain from birth to weaning with slight adjustments for age of dam (so we can fairly compare calves from heifers to those from mature cows). The average of our herd is always 100.

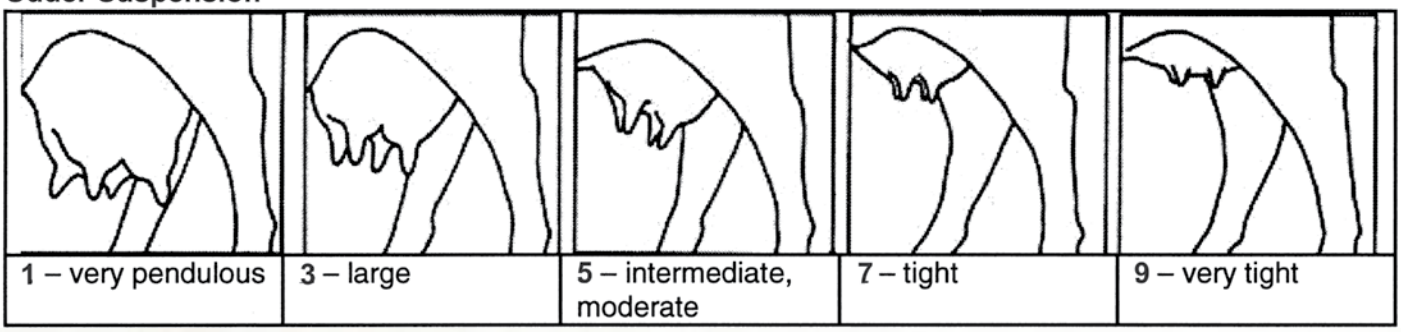

Y. I. (YEARLING INDEX)

The yearling index of the bull. The average of our herd is always 100.

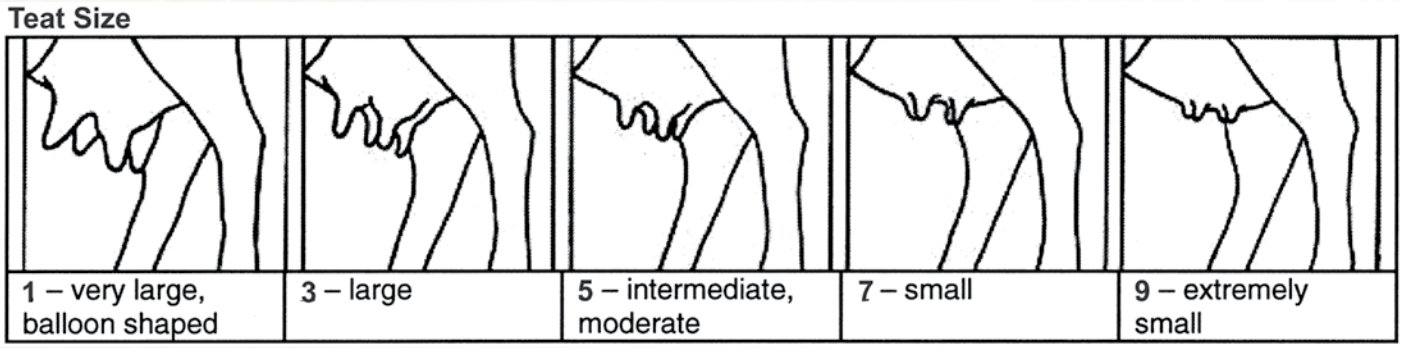

OCT. 5 Wt. and S.C.

The most recent weight and scrotal circumference measurement. Both numbers increase dramatically by sale day. We will have updates on our website a few days before the sale.

Udder Suspension

Teat Size

Balanced Trait Selection and Using EPDs:

We have always tried to use EPDs and balanced trait selection when culling our cows or when sourcing new genetics, but have made a few mistakes along the way. An animal can be right at the top of the breed in almost all traits, but if it fails in just one area, it is still a cull. Our dad gave us an excellent functional Hereford herd, and when we ventured into the Angus breed, Stevenson Angus gave us our pick of all cows nine years and older. Great fertility, feet, udders and docility - again, very functional. We were drawn to the Angus breed when looking at mouth-watering pictures of daughters of a certain bull. We A.I.ed to him and the next year, our two top-selling bulls were his sons. The following spring, when their scrotal measurements were 31 cm and 30 cm, both went into our freezer. When scrotal EPDs first came out that bull had a negative EPD for S.C. We have really watched that trait closely since then, and have had minimal problems.

Another problem very concerning to us was having to cull daughters with poorer feet than their mothers'. Our heaviest used A.I. sires since 2020 have been trait leaders for both claw set and foot angle.

Having a Hereford background, docility is another trait very important to us. When we tag, paste, and weigh our Hereford calves, it is always a one-person job, and we can just ignore the cow - every one of them. We have used the docility EPD for Angus since it came out, as well as scoring the docility of every cow within hours of giving birth. It is very rewarding in noticing improvements in all areas in our cow herd.

FOOT SCORE GUIDELINES

Foot Angle (5 is ideal)

1 Extremely straight pasterns. Very short toe. Unsound.

2 Straight front and rear pasterns. Marginally unsound.

3 Moderately straight front and rear pasterns.

4 Slightly straight front and rear pasterns.

5 Ideal. Approximately 45-degree angle at pastern joint. Appropriate length of toe and depth of heel.

6 Slightly shallow heel and long toe.

7 Moderately shallow heel and long toe. Somewhat weak pasterns.

8 Shallow heel and long toe. Marginally unsound.

9 Extremely shallow heel and long toe. Extremely weak pasterns. Unsound.

Claw Set (5 is ideal)

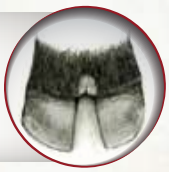

Extremely weak, open, divergent claw set. Unsound. **1**

Open, divergent claw set. Marginally unsound. **2**

Moderately open/divergent claw set. **3**

Slightly open/divergent claw set. **4**

Ideal. Symmetrical claws, with appropriate space between claws. **5**

Slight tendency for claws to curl. One claw may be slightly larger than the other. **6**

Tendency for claws to curl, with one claw larger than the other. **7**

Moderate scissor claw and/or screw claw. Curling of one or both claws. Near crossing of claws. Marginally unsound. **8**

Extreme scissor claw and/or screw claw. Pronounced curling of one or both claws. Crossing of claws. Unsound. **9**

HEREFORD COMMERCIAL COWS

Three or four year old Hereford cows bred A.I. to the black Angus bull Boyd Justification, then exposed to four of our very best Angus bulls in the sale. Free delivery within 350 miles. You are free to pick and choose cows from each lot.

LOT A	Cow	Date of Birth	Sire	Dam	Date of A.I.	A.I. Sire	Preg. Check Due Date
	98K	March 30/22	7131E	52C	June 16	Justif	March 26 (A.I.)
	103K	Feb 14/22	59H	60H	---	---	April 4
	142L	April 11/23	19H	32H	June 19	Justif	March 29 (A.I.)

98K is a fancy, long-bodied daughter of the $170,000 CL 1 Domino 7131E 1ET. We purchased 103K in the 2023 Braun Hereford Ranch sale. She is very feminine and has a great udder. 142L is a 3 year old polled cow sired by our good 19H Zoeteman bull.

BOYD JUSTIFICATION

$87,500 Boyd lead-off bull in 2022. Breed leader for B.W. and calving ease. A.I. service to two cows and ten heifers in the sale.

BAR-RZ 50E HAWTHORNE 19H

Big-hipped, high-performance Zoeteman bull.
Sire of one cow, seven heifers and three bulls in the sale.

CL 1 DOMINO 7131E 1ET

$170,000 Cooper top-seller in 2018. Sire of one cow in the sale, plus numerous grandsons and granddaughters.

BR 101F HONOR ROLL 59H

Lower B.W., long-bodied Braun bull.
Sire of one cow and one granddaughter in the sale.

ANGUS COMMERCIAL COWS

Three year old Angus cows bred A.I. to the polled Hereford bull CMF 1720 Gold Rush 569G ET, and then exposed to Herefords C & N Etzikom Ace 88N or C&N Masterplan 93N, both selling in this sale.

LOT B

Cow	Date of Birth	Sire	Dam	Date of A.I.	A.I. Sire	Preg. Check Due Date
25L	March 21/23	Resilient	23H	June 24	Gold Rush	April 25
63L	March 27/23	GOAT	83B	June 9	Gold Rush	March 19 (A.I.)
89L	March 30/23	Architect	19D	June 18	Gold Rush	April 22

25L is a heavy-milking daughter of Sitz Resilient 10208. We unfortunately lost her calf this spring. We grafted on a twin bull calf and he weaned at 730 lbs at 201 days old, which is outstanding in our environment. 83B and 19D, the other two grand dams, both raised big calves this year, and they are 12 and ten years old, respectively.

LOT C

Cow	Date of Birth	Sire	Dam	Date of A.I.	A.I. Sire	Preg. Check Due Date
67L	March 28/23	Three Rivers	23Y	June 17	Gold Rush	March 27 (A.I.)
135L	April 9/23	114J	71J	June 20	Gold Rush	March 30 (A.I.)

Two cows due for baldy calves within three days of each other at the end of March. Both mothers have been really productive cows for us.

CMF 1720 GOLD RUSH 569G ET

Excellent carcass and maternal.
A.I. service to five cows in the sale.

S ARCHITECT 9501

Balanced EPDs and maternal excellence.
Sire of one cow and three bulls in the sale.

SCHIEFELBEIN GOAT 271

$232,000 high-seller in 2022. Sire of one cow, one heifer, and five grandsons in the sale.

SITZ RESILIENT 10208

$165,000 Sitz high-seller in 2019.
Sire of one cow and one bull in the sale.

ANGUS COMMERCIAL BRED HEIFERS

The Lots D, E and F are straight black, and sell bred A.I. to a low B.W. polled Hereford bull, BCC Sunrise 243K. After A.I., they were exposed to low B.W. Hereford bulls. We offer free delivery within 350 miles of the sale, further for the cost of our fuel. As with the cows, you can pick and choose from each lot, but each lot will have a maximum of two buyers. We will post updated weights on our website two days before the sale.

LOT D

Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
154N	April 5/25	18L	76K	1285	June 19	Sunrise	March 29 (A.I.)
158N	April 6/25	47L	12K	1185	June 17	Sunrise	April 27
179M	April 13/25	5L	171F	1240	June 17	Sunrise	April 22
180M	April 14/25	18L	57E	1275	June 20	Sunrise	April 24
203M	April 26/25	18L	171K	1185	June 17	Sunrise	March 27 (A.I.)

A fancy set of uniform heifers. 5L and 18L are sons of SAV Scale House 0845, and 47L was sired by Ellingson Three Rivers 8062.

LOT E

Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
125N	March 28/25	GOAT	80L	1185	June 18	Sunrise	March 28 (A.I.)
133N	March 30/25	47L	75H	1225	June 10	Sunrise	March 20 (A.I.)
147N	April 4/25	5L	48F	1135	June 19	Sunrise	March 29 (A.I.)
159N	April 6/25	45L	112F	1145	June 18	Sunrise	March 28 (A.I.)
200N	April 23/25	68L	73L	1180	---	---	April 24

More heifers bred for baldy calves. These heifers are a tic more moderate in their frame, and are just a little more easy keeping.

LOT F

Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
153N	April 5/25	47L	60F	1150	June 17	Sunrise	March 27 (A.I.)
162N	April 7/25	68L	135L	1000	June 17	Sunrise	April 22
182N	April 15/25	47L	34C	1110	---	---	April 11
208N	May 3/25	45L	17H	1120	June 12	Sunrise	March 22 (A.I.)

45L and 47L were high-selling bulls going to 4M Farms. 68L sold to Laqua Ranches.

ELLINGSON THREE RIVERS 8062

Grand sire to many of these heifers.

C&N THREE RIVERS 47L

Sire of four heifers in the sale.
Sold to 4M Farms in our 2024 sale.

BCC SUNRISE 243K

-1.8 B.W. EPD
A.I. service to 12 heifers.

HEREFORD COMMERCIAL BRED HEIFERS

Lots G, H and I are Hereford heifers. They sell bred A.I. to Boyd Justification, a low B.W. Black Angus bull with body capacity, stoutness and foot quality. Free delivery within 350 miles of the sale. You can pick and choose from each lot, but each lot will have a maximum of two buyers. We will post updated weights on our website two days before the sale.

LOT G

Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
63N	March 22/25	267K	43K	1145	June 14	Justif	March 24 (A.I.)
116N	March 27/25	267K	103K	1085	---	---	April 27
143N	April 1/25	Masterplan	128K	1115	June 17	Justif	March 27 (A.I.)
161N	April 7/25	19H	130J	1095	---	---	April 24
164N	April 9/25	19H	182D	1205	---	---	April 22
201N	April 24/25	19H	25J	1070	---	---	April 19

63N and 116N are sired by Cooper's $125,000 top-seller in 2023. The three youngest heifers are all sired by our good Zoeteman bull, 19H. Quality heifers bred for baldy calves.

LOT H

Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
27N	March 17/25	Masterplan	73H	1105	June 16	Justif	May 7
144N	April 2/25	39L	12J	1090	---	---	April 13
169N	April 10/25	19H	88G	1110	---	---	April 22
188N	April 17/25	39L	121J	1080	---	---	April 27
192N	April 19/25	19H	58A	1075	June 23	Justif	April 13
194N	April 19/25	19H	52C	1120	June 15	Justif	March 25 (A.I.)

These heifers all have extra eye pigmentation. 144N and 188N are sired by MW Dominate 39L. We were so impressed with his thickness, power and wide butt end that we bought him at the 2024 Hereford Genes Event in Red Deer.

LOT I

Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
123N	March 28/25	Masterplan	84J	994	June 14	Justif	March 24 (A.I.)
152N	April 5/25	39L	214G	990	June 18	Justif	March 28 (A.I.)
155N	April 5/25	19L	83K	1035	June 17	Justif	March 27 (A.I.)
196N	April 21/25	39L	141J	1015	---	---	April 27
205N	April 30/25	39L	98H	1020	---	---	April 17

Three more heifers sired by MW Dominate 39L. 205N is the youngest Hereford heifer. She is a twin, and both calves were on their natural mother in a big pasture with no extra help, so she has done really well. This group should have really fancy, stout baldy calves next year.

BOYD JUSTIFICATION

70 lb actual B.W., -1.2 B.W. EPD.
A.I. service to ten heifers.

TH MASTERPLAN 183F

Within the top 10% of the breed for W.W., Y.W., S.C., C.W., udder, teat, REA and marbling. Sire of three heifers.

CL 1 DOMINO 267K 1ET

$125,000 Cooper high-seller in 2023. Top 5% of the breed for W.W., Y.W. and REA. Sire of two heifers and five bulls in the sale.

SIMMENTAL X ANGUS BRED HEIFERS

Lots J are powerful, yet feminine, high-quality half-blood Simmental heifers sired by CKCC LD Dimension 8965 from purebred Angus cows. They sell bred A.I. to the low B.W. Angus bull, Boyd Justification, and then exposed to low B.W. Angus bulls.

LOT J	Heifer	Date of Birth	Sire	Dam	Oct 5 Wt.	Date of A.I.	A.I. Sire	Preg. Check Due Date
	98N	March 25/25	Dimension	121H	1240	June 17	Justif	March 27 (A.I.)
	124N	March 28/25	Dimension	25G	1300	June 9	Justif	May 25

CKCC LD DIMENSION 8965

Homo polled Simmental. Sire of both heifers.

BOYD JUSTIFICATION

A.I. service to both heifers.

Jett and Knox after winning Provincials.

Grand kids at Heritage Park.

Tremendous goggle-eyed bull with lots of eye appeal, from a super first calf heifer. He is #1 in the sale for W.W. and C.W. EPDs. We anticipate him to be an udder and teat improver. His maternal brother is one of our favourites in the bull calf pen. Really good bull here!

This might be the longest bull in the Hereford offering. His dam is a first calf heifer. Lots of stretchy cows with good feet and udders in his pedigree.

C&N MASTERPLAN 57N

DOB: 21 / 03 / 25 • NAC 57N

DBC. Recommended for heifers and cows. 57N is moderate-framed, deep-ribbed, with heavy bone and extra muscle. He had an actual birth weight of 70 lbs (#1 in the sale) and is our second heaviest bull. Excellent EPDs: #1 for marbling, and #2 for C.E. and B.W.

We were really impressed with the high-selling bull in the Braun Hereford Ranch 2023 sale. After the sale, we were able to convince Craig to sell us 26K, a flush sister, and she has developed into a good cow. 60N is a deep-flanked, thick, well marked bull with just a 75 lb birth weight. He is recommended for both heifers and cows.

84N is clean-fronted and smooth-shouldered, with good neck extension. He is a long-bodied, maternal powerhouse. His dam is probably our favourite Hereford cow. He is an enigma, though. His birth weight is too much, although nine other calves from 62C have averaged 90.1 lb (including his full sister, this year at 82 lb). Dykshoorn Farns, Rubrock Creek, and Cash Cattle Co. have brothers.

This is a power bull with stoutness and exceptional muscle expression. The Zoetemans gave us the pick of their bred heifers in 2020 for $10,000, and we chose 13G. She is a full sister to 32E, who topped Brost's 2017 sale at $27,000, and also 5K, the 2022 Grand Champion at the Red Deer Hereford Genes event. Milk River Cattle Co., Mel and Betty Fieldberg, and Cash Cattle Co. have brothers.

For those breeders with red-hided cows who would like a little more "pop" than Red Angus or Hereford bulls provide, here is 108N. His sire, WS Epic E152, is a popular, low B.W., homo, polled Simmental. His dam, 83C, is an 11 year old, straight Line 1 purebred Hereford cow bought in dam from Holden Herefords in Montana. She has an average wean index of 101.8 on her calves. 108N is a solid-marked, long-bodied, well-muscled bull, with a nice disposition.

Recommended for heifers and cows. A super fancy, attractive-fronted bull with a +0.7 B.W. EPD indicates that 11N could be used on heifers and yet his growth numbers are both in the top 12% of the breed, so he will make a great bull for cows, as well.

C & N TOP GUN 16N

DOB: 16 / 03 / 25 • CAN 16N

We decided to use multi sire breeding pastures this year, so we will have lots of DNA testing to do next year! We rated 16N as one of our four best bulls to put out with 122 purebred cows. 16N is a top-end performance bull with genuine power in his pedigree. Tremendous dam going back to our favourite Elmose cow. Hughes Hereford Ranch have a brother.

Another one of our four best bulls we used clean-up on our purebred cows this summer. 42N is a stout, deep-ribbed, high-performance bull with elite EPD numbers right across the board. His dam is a good-footed feminine cow with a nice udder. Robert Lanz (with our second top-seller last year) has a brother.
