BACK TO LUCKNOW FOR OUR 5th ANNUAL PRODUCTION SALE

Welcome

We are excited this year to have Additional Consignors offering top quality stock to compliment what we have to offer from TODD Sheep Company. Coming from Quebec we have Ovimax and Agronovie bringing the best Rideaus in the Country to Lucknow. To compliment what we have to offer on the Dorset side is Brien Sheep and Ferme Woodstock. With a trio of Suffolk Ewes we have Maple Star Farm and with something new, Charollais's from Emke Livestock. These are exciting times in the sheep industry with excellent prices for market lambs and a lot of market potential moving forward.

The majority of the purebred sheep in this sale have Genovis data and are genotyped for Scrapie resistance and most have Maedi Visna resistance listed as well. All Todd Sheep animals have been vaccinated with Glanvac 6. We take pride in trying to produce sheep that will work for our buyers, whether you are a commercial lamb producer, purebred breeder or a 4H Family looking to build a small flock of quality sheep. Last fall our Rising Oak Dorset Flock won the All Canadian Genovis Award of Merit for the Maternal Category for the 2nd year in a row, as well as our Suffolk and Ile de France winning the Terminal Sires Award for Ontario, something we are certainly proud of, as we view Genovis to be a valuable tool in providing data for lasting genetic improvement.

We are always willing to help our buyers with nutrition and management advice so you can make the most out of your purchases from us. We like to hear all comments, good or bad on your purchases. If you have questions always feel free to contact us. We want to work with you to grow and prosper in the sheep industry. We have transportation already lined up with Marvin Sauder after the Sale to head to Western Canada and we have transportation heading back East after the Sale as well.

The Sale will be Live Broadcast over the DLMS network and allow for internet bidding at our in person sale. If you cannot make it in person on May 23rd, you can register for internet bidding, creating an account, by going to www.DLMS.ca.

If you required further details please contact any of the sales staff!
