The objective of the Top Cut is to supply the cow/calf sector with the best known replacement females possible. This year we are bigger and stronger than ever with a group we are very proud of. The emphasis we select on is based from a starting point of over 600 heifers.

Quality temperament, structure, feet and colour pattern are all heavily accounted for. With this being our 12th year and in excess of 2000 females sold in the past, we feel we have the fundamentals covered and all the extras included in this year's offering. Agricultural and in particular the cattle business is our sole income and we live and breathe this industry every second of the day. The selection of bulls that we breed these females are carefully selected and come with the calving ease built in. We want your experience at the Top Cut to be a positive one and into the future. Please don't hesitate to contact us ahead of time on any info you'd like to know on how we do things around here. We've supplied as much info as we can and watch for videos of the heifers on dlms and social media the week of the sale.

Note all heifers pictured in this brochure sell!

If you would like to view the offering, we are located at 1128 Bruce Rd 40 - Dobbinton, Ontario. The heifers will be moved to Maple Hill early in the week of the sale.

BUYING MADE EASY

We all know everyone's schedules are busy and it's hard to jam in everything you'd like to do. At the Top Cut we make it as easy as possible to be comfortable in making your next replacement purchase.

THE TOP CUT PURPOSE...

12 years of sales we've learnt and listened to what the demands are in this new cattle era. We take pride in our product and feel with the selection of Western heifers and home raised heifers would rival any program out there in quality. But our success is based on the production of these females annually. We've bred them, fed them and grassed them to the best of our ability and want you to have as much info as possible to make your buying options easy here at the Top Cut.
