

TRI K CATTLE

with guests - ALBRECHT FARMS

Simmental Bull & Female Sale!

SATURDAY, FEBRUARY 28, 2026

BEAVERLODGE, ALBERTA

ON THE FARM - 3 PM MST

50+ Bulls

**Plus...Select Open Purebred &
Commercial Replacement Heifers**

Welcome from Transcon

Welcome to the 4th Annual Tri K Cattle Co. Bull & Female Sale, featuring guest consignor Albrecht Farms. Join us sale day with a 3:00 PM start, and plan to stay afterward for outstanding hospitality and a great meal following the sale.

I couldn't be more proud to be involved with the Hodges family. They continue to raise the bar year after year, and the quality in the bull pens has taken another major step forward. This is a powerful set of beef bulls with extra muscle shape, depth, and performance that will push the scale down.

The offering includes a large group of 23 black bulls, led by a standout Captain Blaze son out of the renowned Skors Melody 302Z donor cow. He's chromed up and ready to go to work as a herd bull. As a sire group, the Circle G Line Drive sons were extremely impressive when viewed in early January—heavy muscled, big sided, long bodied, and built on excellent skeletal structure. There is also a strong selection suitable for the heifer pen, highlighted by an exciting State of War son, along with a solid group of KWA Slider sons.

The red and Fullblood bulls may be fewer in number, but they are strong in quality—haired, big sided, and heavy muscled. The red bull group is led by sons of KKH Executive 48L, the high-selling bull to Rick Haltiner a couple of years ago. A couple of blaze-faced bulls will definitely catch your eye, backed by dams with proven track records. In the Fullblood division, the powerful Dutton son stands out and is hard to miss.

The female offering includes 15 quality commercial heifers along with 3 fancy registered females. With the cattle industry at an all-time high, these females represent an excellent opportunity to move your program forward.

Albrecht Farms has taken another step forward in quality this year as well. Leading their offering is a powerful Walk the Line—sired bull with added frame, lots of muscle shape, and performance—he will be heavy by sale day. The RF Capacity sons in the black bulls are big barreled, stout, and packed with muscle. If calving ease is a priority, be sure to check out the Kentucky sons.

Make the drive to Tri K Cattle Co. on February 28 for great hospitality and an excellent set of bulls backed by even better people. If you're unable to attend the sale in person, please contact any member of the Transcon team—we're happy to help.

See you sale day!

USA buyers will be responsible for entire delivery cost.

Purchase Invoices:

Invoices will be sent to email addresses where provided. Please advise if not received within 3 days of the sale. Office phone number (403) 638-9377

Tri K Cattle and Albrecht Farms reserve the right to collect semen on any of the sale bulls for in herd use at the expense of the seller and convenience of the buyer.

Welcome

Welcome to the fourth annual Bull and Female sale. It is hard to believe that it has been four years since we brought the bull sale home. There truly has not been anything more rewarding than having a full barn of friends, family, and customers on sale day there to support us. Much of the same to report for the year battling another drought and wondering if the dugouts would last the summer. We got enough rain to get something grown on the silage and grain crop sides and our lowland in Valhalla saved our butts for fall grazing once we weaned the calves. The bull pen is strong again this year with a couple new sire groups that sure worked well for us. The Linedrive bulls are such a consistent and powerful sire group, and they offer outcross genetics for everyone who has used an Executive son over the years! Red bulls are represented well by the Camden and RHM sire groups. Fullbloods is a bit of everything pedigree wise with an absolute standout in the BEE Dutton calf that came in our Rendezvous cow from their dispersal. The purebred and commercial heifers represent the next generation of cows coming through the ranks of the herd. We feel like this is a sale where there truly is something for everyone. We invite everyone to the farm Saturday Feb 28/2026 to have a look at the bulls and stay to enjoy supper and social after the sale.

We would like to thank a few people who helped us out feed and straw wise so we could try to keep as many cows as we could for the 2026 calving season. Keegan and Ashley Johnson of Johnson Family Farms for letting me bale behind the x9500's ha-ha, jokes aside you could not make better straw then that stuff. Todd & Jessie Evans of Whispering Willow Farm who knew New Hollands even dropped nice straw...

Bulls can be viewed anytime before the sale and we strongly encourage you to come to the farm prior to the sale to check out the bulls and their dams and some of the sisters in the replacement pen. Thanks, and we look forward to seeing you sale day!

Homo Polled, Homo Black

- We lead off the catalog with a very special individual here and to no surprise another son of the Melody 302z donor cow
- This guy is as complete as they come and its hard to find a hole in him
- 544N has the look, the length, the thickness and the maternal power to make one heck of a breeding bull
- Our 302z females are becoming some of the best young cows in the herd and I think the breeding potential this guy has is unlimited. We have a blazed face full sister that is special in the replacement pen
- 283 day gestation

- Full sibling to the lot 1 bull but in a all black calving ease package
- Very nice head on this bull he is built to calve very easy
- Has a big hip still and that thick curly hair we need in Northern Alberta
- 87lb birthweight and a 279 day gestation
- Full sibling sold to Brock Fisher

Homo Polled, Hetero Black

- Very unique individual who comes from a flush of the \$75000 Right Hand Man bull to our Melody donor
- This is going to be a female making machine, if your in the market of selling females this guy should be able to make them as good as any
- Maternal greats such as Sammie, Sage, Melody its no surprise this guys 3 full sisters are among the top heifers in the replacement pen, I'd be happy to show them off to anyone
- 284 day gestation

Homo Polled, Homo Black

- Powerful black bull that is sired by our leadoff high seller in our 2023 sale that went to long time customers Codesa Colony
- Just about a spitting image of his sire at the same age, its nice to see some consistency breed through
- Lots of substance to this guy, should develop into a powerful herdbull
- Big weaning weight of 972lbs and gaining just over 4lbs a day since then

Homo Polled, Homo Black

- Exciting direct 4W ET son here off Skors old 55B donor cow
- Proven pedigree as he is the full sibling to Maxwells ETZ 186F herdbull who was a female making machine and full sibling to the dam of NUG Darkhorse who sold for \$60000
- Huge maternal merit in this guy, he will sire tremendous daughters
- We have 5 full sibling sisters in the replacement pen that have potential to be some of the best cows in our herd!

Homo Polled

- Moderate framed 14L son, a sire we kept a share in that was out of one of the best Skor cows we ever owned and wanted to incorporate is maternal traits into the herd
- Moderate birthweight and smooth made, can turn this guy out with any type of cows and expect easy calving
- 20E has been a very productive cow for us in her career, she just had a full sibling heifer for 2026

Red & Black Open Replacement Commercial Heifers

Red Commercial Heifers

6 Simmental commercial open heifers that will sell in two groups of 3 head. These girls are out of the cows that raise some of the heavy weight steer calves to come out of the peace country. Should turn into moderate framed cows that can really raise a calf

Black Commercial Heifers

9 Simmental commercial open heifers that will sell in three groups of 3 head. This is as strong of a group of black replacement heifers that we have had so take advantage of this opportunity!

Lots 46a, 46b, 46c

Welcome from Albrecht Farms

24

Welcome to the 4th annual Tri K Cattle Bull & Female Sale. We would like to thank all previous bidders and buyers for their continued support of our program and the effort to attend our sale year after year. Come join us at Hodges farm on Saturday February 28th at 3pm in Beaverlodge to check out this great offer.

It's been another busy year at Albrecht Farms. Optimism in the cattle industry has been rejuvenated, with cattle prices reaching all-time highs—it's encouraging to see producers rewarded for their hard work throughout the year. However, 2025 was not without its challenges. Extreme drought was felt across much of the Peace Country, leaving many areas with feed shortages and limited pasture to graze into the fall. The early accumulation of snow in December across northern AB & BC has been a welcome blessing, and we're hopeful Mother Nature will continue to provide as we move into 2026. The kids had another busy year and kept us on our toes. Lukas is now in Grade 8 and has moved to Grande Prairie to play U15AAA, this change has been hard on mom and dad but it's exciting to watch him chase his dream. Benson is now in Grade 5 and back playing HSL in Grande Prairie. Benny has picked up the slack with helping dad on the farm with his big bro living in GP. Elliana is now in Grade 2 and has decided to jump back in hockey, she loves every minute of it and can't wait to get to the rink.

Albrecht Farms has been an active breeder of red & black Simmental for over 30 years. Our program emphasizes using quality genetics that breeds for soundness, temperament, udder quality and longevity in the rugged terrain we live in. Our bull sale offering this year consists of 8 reds, along with 5 black bulls all out of highly functioning cows from proven genetics. In the red division, will lead off with the Mader Walk The Line 92J Sons followed by a nice group out of our walking herd sire Circle G Kentucky 52K. There's a feature WTL son that I'm excited about and can't wait to show him off sale day. The black division is very strong this year. These black bulls are big, rugged, hairy and are going to add pounds. If you're looking to add calving ease, maternal traits, or simply add some more power to enhance your cow herd I think you'll find something that meets your needs.

All bulls can be viewed at the farm in LaGlance prior to the sale. Again, this year any customers that view the bulls at the farm prior to the sale will be entered into a draw for a \$500 sale credit. If you are unable to attend the sale and plan to join us on DLMS, give Ryan or Steve a call and we can answer any questions you may have. We also encourage you to use the Transcon Team for any assistance you need in finding a bull to meet your needs. Please stick around after the sale for the complimentary Supper and refreshments. We look forward to seeing you on sale day!

Homo Polled

Here's the king of the Pen! 8N has excelled at every stage of life and has been admired by all that have seen him when touring. He's dark red, good-footed, hairy, great depth of rib and has extra length while maintaining that soft middle. I haven't seen too many WTL sons with the size and length of this guy! What can I say about his dam other than she just flat out produces. Her first calf was our lead off and high seller in the inaugural LOP sale to Jaydawn Farms, her second calf produced RST 6N who will highlight our CE section below and then 8N. She has a full brother on the ground already to 8N that already looks the part at a week old. The Ramona cow family consistently produces awesome footed cattle which is so important in the rugged terrain of the north. This guy will have a lot of friend's sale day!

Another lower BW Kentucky 52k son. 29N looks a lot like his sire, dark red, tons of hair, good footed and has some presence to him. His dam was purchased out of the Country Classic from Tri K Cattle, she knocked it out of the park last year on her first calf selling to Brad Giesbrecht as one of our high sellers. Nice blend of CE and performance in this young herd sire.

Homo Polled

Here's a cool heifer bull prospect. Kansas ranks in the top 15% of the breed for CE and BW while still maintaining muscle shape, top line and exceptional scrotal development. The cow family in this pedigree would be one of our very best with several daughters working in the herd and a few sold through the LOP sale. Foot quality in this cow family is second to none.

Homo Polled

Here's a February born bull that is the youngest in this year's offering. 34N is no slouch and stacks up with his older brothers in the pen. His dam is a beautiful Silverlake Brute 18B daughter that is awesome footed and has an ideal udder. This will be her 3rd bull through the sale.

Homo Polled, Hetero Black

Here's a pretty cool guy! Jimmy has had the look since day 1 and has been picked out by all that have seen him. He's got the presence, length, overall thickness, big scrotal and comes with some extra chrome. Where do I start with his dam... When we purchased IPU 43G from Labatte Simmentals I had high hopes due to the track record of IPU 144A but she's blown expectations out of the water! 43G is one of the nicest easy doing females to look at! Her udder and foot quality is next level, and she has shown the ability to pass this down to her progeny. We successfully flushed 43G last spring to RF Intensity and the calves that are hitting the ground so far are pretty cool and I'm sure will headline next year's sale. Pretty excited to see what this guy can do!

Homo Polled, Hetero Black

Here's another stud in the black division! 18N has that extra dimension, length, added muscle, foot quality, nice headed and very smooth. He's going to sire an exceptional set of replacement heifers and make some heavy steers. This cow family has been very good for us, going back to the Noremac cow family. Awesome foot and udder quality and the ability to consistently produce year after year. If you're in the market for a solid black bull that's backed by a great cow family, I think this one's going to work great for you.

Homo Polled, Homo Black

Big Wheel is a solid black, extremely hairy, great footed, soggy made with that added length. A direct son out of LRX Executive 212H who has impacted the Hodges herd immensely. His dam Penelope 20J is a black blazed face female that comes from a strong cow family with a lot of longevity built into her pedigree, look for 15N to improve foot quality while adding extra size and stretch into his offspring.

Here's an ET calf going back to the great HC Power drive 88H bull. 9N has loads of hair, wide topped, deep ribbed, and has a big wide rear quarter on him. His dam has produced some dandies for us over the last couple bull sales and we have a full sister to 9N in the replacement pen that we plan to build around. This guy would work extremely well in an angus-based herd, he will add size, weight and hair while maintaining maternal strengths, foot and udder qualities.

Terms & Conditions

TERMS - The terms of the sale are cash, cheque, e-transfer, or wire and are due at the time of sale, unless other arrangements have been made between buyer and seller prior to the sale. Transcon reserves the right to charge interest at a rate of 2% per month on overdue accounts. The right of property shall not pass until after settlement is made. Transcon Livestock Corp. reserves the right to require a certified cheque as settlement before releasing any sale cattle. Should any purchaser fail to settle for their purchase Transcon Livestock Corp. reserves full power to resell the animal to the best advantage either publicly or privately, without further notice. Any loss arising from such resale together with keep and all other expenses shall be payable by the defaulter. All settlements must be made with the clerks of the sale before any cattle will be released. Transcon Livestock Corp and/or the Auctioneer shall have the right to refuse bids from anyone who has a previous record of default in payment or who has not made proper credit clearance prior to the sale with the owner or Sale Managers.

BID-No private sales will be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

SALES TAXES – Applicable sales taxes will be charged on semen, embryos, and trucking fees (if listed), respective to the home province of the buyer, not the seller.

DISPUTES - In cases of disputes, bidding will be reopened between the parties involved. If no further bid is made the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer's decision in such matters will be final.

PURCHASER'S RISK - Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser's risk for a reasonable length of time.

INSURANCE – Each animal becomes the risk of the purchaser at the time of sale and should be insured. Animals returning to the seller's farm must be insured.

US BUYERS – There is an additional charge (approximately \$300.00 US dollars) that will be applied to each animal purchased. This covers documentation, vet inspections/testing required to export. This cost does not include transportation or brokerage which is the responsibility of the buyer.

CATTLE PICTURES AND INFORMATION PROVIDED - The images in this catalogue are believed to be accurate representations of the individual animals and the information contained in this catalogue is provided by the seller and believed to be true and accurate. Transcon Livestock Corp. and catalogue designers/producers assume no responsibility if the images and/or information as received have been altered or is inaccurate.

ANNOUNCEMENTS—All announcements from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

CERTIFICATE OF REGISTRY - A registration/recording certificate issued by the applicable breed association and duly transferred will be furnished to the buyer of each animal after settlement has been made. It is the responsibility of the buyer to determine the acceptance of this certificate in any other association.

SHIPPING - Assistance will be given in making shipment after the sale but no risk is assumed by the Sales Management or Seller. Expenses incurred are the responsibility of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

BREEDERS GUARANTEE - As per applicable Canadian Breed Association Breeding Guarantee guidelines. Copies are available at the sale settlement desk to be picked up by the buyer at any time. In no event shall the seller be responsible for reimbursing more than the purchase price.

EXCEPTION TO GUARANTEE - In cases where the animal is subjected to any hormonal or surgical reproduction techniques after the sale, the guarantee shall be null and void.

HEALTH - It is the buyer's responsibility to determine health requirements for importing any animal into his province or state. Transcon Livestock Corp. assumes no responsibility for the health status of any animal in the sale.

EMBRYO & SEMEN – Full settlement must be made before release is done and shipping arrangements should be done within 30 days of the sale unless arrangements made between buyer and seller prior to the sale. Shipping arrangements and costs are the expense of the purchaser once release has been given.

ACCIDENTS - Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

RIGHTS AND OBLIGATIONS - The above terms and conditions of the sale shall constitute a contract between the buyer and the seller and be equally binding to both. Resale of animals following purchase in this sale shall constitute a separate transaction and the rights and obligations of the two parties connected thereto are not covered by the terms and conditions of this sale.

TRANSCON LIVESTOCK CORP. IS AGENT ONLY - It is to be clearly understood that Transcon Livestock Corp. is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations. Neither does Transcon Livestock Corp. assume any financial obligations to collect or enforce collection of any monies between parties. Any legal action that may be taken, in exceptional cases, must be between buyer and seller.
