Direct Livestock Marketing Systems

Welcome

to the 8th Annual Triple Threat Bull & Female Sale. With 2025 in the rearview mirror, where we saw exceptional cattle prices, some moisture, and a beautiful fall to bring in harvest. Overall finally we had a good year that we can proudly talk about. On a personal level around here we saw Jodi's son (Jarret) get married, and JR began his journey to become a heavy duty mechanic at Kenworth. We were blessed with the moisture, great calf prices and really good silage crops.

As we turn to our offering, we could not be prouder of this pen of bulls. Our BIGGEST offering to date. It's been said each year, but HONESTLY we are pumped with the overall power, type and production of these bulls. We have some of our new herd sire groups showing they are a **FORCE** and a few of our older ones still showing they got it! Our **FEATURE BLACK** group are representing one of our new herdbulls CMS Cross the Line 370L. He will be on display next to his sons and we are sure you will be impressed. There is a sprinkle of AI sired calves in the group this year. Our LFE Unlimited 401G has a standout set of bulls as well as our RPlus (Gibs). Another of our new herdsires is Moes Barney 62L and he did a BANG UP job for us. Unfortunately we will NOT have any females in the sale this year.

We decided we needed to keep all we had to help bring in the young cows into the herd. We had our heifer bull Rest Easy go down and ended up losing a few up and coming girls. But be rest assured the females will be back next year. We look forward to seeing everyone Feb 21 on the farm. Lunch @ 11:30 where home raised brisket and turkey (Raised by Charlene and Dean Green) will be served. Special thank you to Bohrsen Marketing, Whitney Longhurst(ALL our catalogue, pictures & videos), Mason Zwicker & JR for doing our clipping on the bulls and Anna White & JR for doing bull cleanup for pictures. Bulls are able to be viewed at ANYTIME prior to sale day. Come on over, see you Feb 21.

Weaning weights are Aug 17 ACTUAL weights & yearling/sale weights will be available week of sale.

Hampton Simmentals

Jodi Hampton - 780.777.5286

Yellow Rose Cattle

Bobbi-Gayle Hosegood - 403.507.1561

Roger & Linda Hosegood - 403.556.0728

JR Cattle

J.R. Good - 403.559.4006

Without a doubt, no questions asked, this is most certainly the strongest set of bulls ever produced for the Triple Threat Sale! Jodi, Bobbi-Gayle & JR have worked very hard to build this event and annually add the very best genetics and the fruits of their labor are sure noticed as this is a mileoravke and impressive set that they need to be very proud of. The programs behind Triple Threat continue to raise the bar by producing cattle that are built with purpose, backed by real-world performance, and supported by people who stand firmly behind what they raise.

If you've spent any time with Jody, Bobbi-Gayle, or JR, you already understand the passion and discipline they bring to their operations. These are true Simmental ambassadors that are deeply invested in their cow herds, progressive in their thinking, and unwavering in their commitment to producing cattle that work for commercial and purebred customers alike. Their programs are not built on shortcuts or trends but on cow families, consistency, and long-term results. As you study this year's offering, you'll notice a powerful blend of fresh genetics alongside time-tested herd sires that continue to deliver generation after generation. The bulls and females represented here are no accident and they are the product of disciplined selection and proven maternal strength. These cattle come from cows that earn their keep, and that foundation is evident throughout the sale offering.

The Triple Threat programs are one we believe in wholeheartedly as we've had the privilege of working alongside these breeders for a number of years and their cattle consistently prove themselves in real-world conditions. If you are unable to attend sale day or would like assistance evaluating the offering, please don't hesitate to reach out to any of the knowledgeable stockmen at Bohrsen Marketing. We look forward to visiting with you sale day and invite you to evaluate what we believe is the strongest and most complete set of bulls and females ever assembled for the Triple Threat Sale.

Best regards,

Feels fitting to lead off our full blood division with a bull that has been a standout since birth. The masculinity, and shape this fella has just keeps amplifying with age. The slash of colour makes him the odd one out in the pen, but with saying that just draws you in. The Tracy cow family has done a whirlwind of a job. maternal brothers have sold to the great operations of Dean Green and F5 Livestock.

Light them Up is a baldy bull with presence, hip and overall completeness we look for in herdbulls. Both Jodi and I bought the Cordelia cow as a power herd matron..... it was a success. This Cross son ticks all the boxes and you will be impressed with his fluid movement, muscle and his "daddy's" "I like myself" Attitude. Be sure to check 1105N out if your wanting to be a serious player in the cow business.

If you are looking to have that "Edge" over your fellow cattlemen 213N fits the bill. As I put cows into the calving barn and I see this young man's dam, I can't help but admire her. For such a young cow she has had 2 top end bulls. Her first last year was our high selling bull to Lorne Anderson of Pigeon Lake, and now this guy. The dam is all that a person looks for in a cow as her production record to date is truly stellar. These Unlimited sons and daughters work for all types of herds. It was hard to let him go this spring after breeding but we needed to move on. Perfect feet, depth, sweet daughters that work their hearts out. We are always looking for that "Edge" in the beef industry, and well..... 213N is that.

We are very fortunate this to have a few bulls with the Blaze factor. 827 will pass on the blaze and add length and depth. Talking about these Cross sired bulls I sound redundant, but hard to not state the top end qualities that Cross has passed on. Cross will be on display sale day and one can judge for themselves. The beef industry is just being introduced to Cross and trust me he will only get more reputable. So make sure you snatch up a son and be apart of the rise.

A twist on red genetics, gets you 112N. Dam is a Anchor D Disco daughter. A pretty special cow as she pretty much raised herself as she would not take another cow after hers slipped and could not get up. She a beautiful blaze faced cow and she has done a great job on 112N. Stout as they come, with that extension thru his front end and the middle to complete the package.

As 608N is my dad's favorite bull, this Westcott son got named Rugby. I grew up close to Westcott and Rugby was a mile away in my community. A quote from Daryl when he viewed the bulls "he looks like a Westcott". He should know as he owned the bull. He also stated that Westcott will follow the cow for udder quality. Well Rugby is a lucky guy as his dam is awesome. She's placed bulls in past bull sale. Even tho I'm praying for a daughter from her, I can't deny she makes damn good bulls.

Gibbons Finest is truly FINE!!

A dark red tank. The offspring from our R-Plus aka Gibs (LFe Stratton son) produced both sides. The top end heifers and the cow-man's kinda bulls. They may have a bit of leather upfront but that carries into deep shoulders , middle and hip. 825N's dam is a powerful cow and may not be the most refined girl but she does "broody" very well. Just like all our bulls we put great emphasis on our momma cows, and 825F is as good as I've raised.

9130N's dam is a dark red, power cow that was purchased from Westway Farms. She's done a great job raising this guy. She only is working on 3 quarters as her one teat got step on, and to wean off mid of Aug a 860lb boy I say she's just fine.

Long, round hip but long extension thru his front 1/8. Sired by gibs you know he will be good. Have a celebratory glass when you get him home "On the Rocks"

True Grit is a bull that I like more and more everyday. The barrel and hip is like no other. The overall shape of him is definitely eye grabbing. Dam was a red Unlimited daughter that I lost shortly after she had this guy. But he got grafted on a great momma cow and hasn't looked back. These Barney calves are neat in their makeup and will be very well accepted sale day.

Gibsons, well as Daryl Snider calls him "Pretty Boy", definitely likes to be at the forefront to get attention. He has the "I like myself" attitude and he has every right to think that. This dark red snip bull is as long as a train and when get behind him he exhibits the sought after hip for our calves.

Just remember he's a lot more than "eyelashes". Mind you some pay good money for those.

Whiskey is another Gibbs son that has a bit of "Junk in the trunk" upfront. He's got the room to keep expanding and that is going to be interesting. As of right now he's got the big barrel and big hip so it could be interesting. We are paid by the pound at the mart and we need those easy doing cattle to help us with the limited pasture and feed we can have. A young dam with a big future if she can keep raising them like this one.

Jace is a bull I am very proud of, a great bull out of my little herd. Jace is a calving ease bull who is wide in the ribs and hips. He is deep ripped and the complete package. He's got the money stripe on his face to add that little pop into your calves. His dam was a heifer that I bought from the Springcreek dispersal and showed her as a yearling to a two year old. I have sold his half sister as bred to Reed Walton from Drumheller this December at the Sim Power sale. His sire is a bull that we run at home purchased from Mappin Simmentals who himself has been an excellent addition to the herd and is proving himself with this crop of bulls and heifers we have! Both sides of the family tree have incredible calving ease performance. If you want the calves to slip on out and have a chance to get that colouration on them. I would have a hard look at this guy!

Our only recommendation for a black bull in our calving ease section. Take it Easy is a Double Bar D Rest Easy son and who's dam is a very sweet first calving heifer sired by our Lewis bull we called Razor. The Razor daughters are doing a great job here and this fall J.R had Rest Easy daughter that sold for \$12,500 to Quaid Walton at Drumheller. They get better and better with age. 2336N is long, smooth made with fine bone to help them "slip" on out.

2301 is a unique fella. A young "direct" cow family but one that's making some waves here. The type is a moderate frame with square hip, but maintaining that angularity in that front end. 2301 dam is a direct YR King Ranch daughter. If you study the birthweights in cow family then compare to weaning weights, one will see you do not have to give get one or the other. I take great pride and research into the bulls that I add into the calving ease section.

G&T CUSTOM FARMING

Thank you

TO ALL OF OUR HELPERS

Terms and Conditions

TERMS:

The terms of the sale are cash, cheque, and wire transfers, payable at par at the sale location unless satisfactory payment arrangements have been made prior to the sale with seller, buyer and Bohrsen Marketing Services. Bohrsen Marketing Services reserves the right to require a certified cheque as settlement before releasing any sale cattle. Payment in full must be made before cattle can be released and shipped. Exchange rates will be announced sale day and the sale will be held in Canadian funds.

BIDDING:

All animals to sell through the sale must be sold by auction with each animal selling to the highest bidder. Private sales will not be allowed except as otherwise provided for in the terms and conditions. No by-bidding will be permitted.

DISPUTES:

In cases of disputes, bidding will be reopened between the parties involved in the dispute. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid and the auctioneer's decision will be final.

ANNOUNCEMENTS:

Any announcement from the auction block will take precedence over the printed matter in the catalogue. Buyers are therefore cautioned to pay attention to any such announcements.

LIABILITIES:

All persons attend the sale at their own risk.

CERTIFICATE OF REGISTRY:

A registration certificate issued by the applicable breed association and a certificate of registry duly transferred will be furnished to the buyer of each animal after final payment has been made.

BULL BREEDER GUARANTEE:

We guarantee our bulls to be sound, fertile, and reproductive in accordance with the rules and regulations of the Canadian Angus and Simmental Association for the first breeding season. Claims must be made by November 1st of the year of purchase. If your bull experiences a problem, please contact us immediately and we will provide a suitable replacement if available or a sale credit. This guarantee does not cover death, injury,

mismanagement, or the bull is unable to freeze semen. Effort has been made to assure bulls are sound by ourselves and an accredited veterinarian.

IN-HERD SEMEN:

We reserve the right to draw semen for in herd use at our expense and the buyers convenience on any bull in the sale.

HEALTH:

All sale animals have met all necessary health requirements and it is the buyer's responsibility and expense to determine health requirements for importing any animal into his province or state. Bohrsen Marketing Services assume no responsibility for the health status of any animal in the sale.

PURCHASER'S RISK:

Each animal becomes the risk of the purchaser as soon as sold.

SHIPPING:

Shipping of cattle, semen and/or embryos are the responsibility and expense of the purchaser. Purchasers are requested to provide shipping instructions at settlement on sale day.

INSURANCE:

We strongly recommend insurance for full value on all purchases.

ACCIDENTS:

Every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

INFORMATION SUPPLIED:

The information contained in this catalogue is believed to be true and accurate. The seller has provided the information to Bohrsen Marketing Services and they assume no responsibility if the information supplied is not accurate.

WINTERING/DELIVERY:

Bulls can return to consignor's farm and be fed free of charge until April 1st, 2026 providing they are fully insured. They will be delivered prior to April 1st within 250 km from the consignor's farm at no cost to the purchaser.
