A promising eye catching herd sire with all the credentials to enhance any program. With style, shape and overall thickness as good as any, we highly endorse this son of the famous Erica 74A. We have used this bull in our program and he has been specifically held over for this sale. Gentle natured with solid feet.

Again specifically held for this annual sale as we are proud to offer the top picks of our bull pen annually here at the Turn Out sale. This guy is a great low birth weight option with tons of mass phenotype. Excellent disposition and solid from the ground up, it's hard to find extra age bulls that combine numbers and looks like this. **Recommended for Heifers**

CAN15194 US 14K 18/01/2022

After four very successful breeding seasons with US Capacity 14K, we are opening the gate for another breeder to use this proven sire. He is a powerful bull that exhibits exceptional length of body and mass. His steer calves sold for \$4,300 a head at auction in the fall of 2025. He walks on a very good set of legs and great feet, and the maternal traits are strong in both his sire and dam. Here is a bull that will do well in a purebred herd or sire valuable steer calves.
