CASH OR CHEQUE

50% sale day and a post-dated cheque for the balance dated May 1, 2026.

SIGHT UNSEEN PURCHASES

We guarantee satisfaction on sight unseen purchases. Call Clarke and Denise for more info or your purchase needs.

BOARDING

You can leave your purchase(s) at the farm until May 1, 2026 or have them delivered.

Please call to make your arrangements.

DISCOUNTS & DELIVERY

Volume Discount:

2 Bulls or Females purchased: **2% Discount**

3 or more Bulls or Females purchased: **3% Discount**

Discount

Receive a \$100.00 discount per purchase for taking your bull home sale day

CALVING EASE RATINGS

We evaluate each bull for calving ease determined by bone size, birth weight and maternal history. Scoring as follows:

3 Stars - Recommended for use on moderate framed first calf heifers. Should produce minimal or no calving trouble.

2 Stars - Recommended for use on large framed first calf heifers. Should produce minimal or no calving trouble.

1 Star - Recommended for use on cows. Should produce minimal or no calving trouble

LUNCH

Please join us for Brisket Lunch served at 12:00 noon

DIRECTIONS TO THE FARM

From Saskatoon: Head West on Highway 7 from Saskatoon. Branch off South onto Highway 60 to Pike Lake. Go South on 60 to secondary highway 766 (to Delisle). Take 766 Highway 3½ miles west. The road will curve, (do not take curve North) then go South of the gravel pile 1 mile onto range road 3073. Watch for the Ward's Red Angus sign.

From Delisle: Take 766 Highway East towards Pike Lake Provincial Park Go 10½ miles on 766. The road will curve south, continue south onto gravel (3073) and follow the Ward's Red Angus signs.

Ward's
Red Angus

- Bulls may be viewed anytime prior to sale day, please call ahead to arrange a time.

- Attend our Open House, Saturday, February 21, 2026, from 1:00 PM to 5:00 PM

- Sale day, Saturday, March 7, 2026, Bulls will be on display in their sale pens beside the Sale Barn.

- Videos of the bulls will be available for viewing on www.BuyAgro.com and www.DLMS.ca

VIEW THE CATALOGUE ONLINE AT **WWW.BUYAGRO.COM**

WELCOME TO OUR 18TH ANNUAL SALE!

As I write this welcome to our 18th Annual Bull Sale it is -37, and we are on our 5th calf born today. I think back to why we started raising Red Angus. My dad, Tom, got tired of pulling big exotic calves out of Herford cows & then putting the prolapse back in! He went looking for a better breed of cattle. He found Red Angus cows out in Alberta that were, moderate hardy and problem free. As a young kid I got to go along with dad on some of these trips and I learned alot. None of this happened with the thoughts of running a Purbred Angus Herd for 50 years. Jump to today, thankfully he got us in the right breed, at -37 the cattle have to be hardy.

Today after 50 years the cow business is on a strong roll, cattle are in high demand and beef is still King of the BBQ. All the Angus qualities both Red and Black possess are exactly what the commercial cattle producer needs. Here at our Ranch we raise hardworking consistent bulls, backed by highly maternal low maintenance no nonsense mother cows.

We live in the Bull business and you our customers are our top Priority. We stand behind the bulls we raise and are confident in our breeding program. Whether you need 1 bull or a trailer load, our track record of 80% repeat customers and 50 years of consecutively marketing bulls speaks for itself.

Thank you for sticking with us over the last half century, as many of you are long term generational customers and friends.

Please consider this your invitation to attend our Bull Sale March 7th and celebrate 50 years with our family!

Clarke Ward

BULLS THAT THRIVE IN THE REAL WORLD!

Welcome to Wards eighteen annual Bull, where we will be celebrating fifty years of breeding Angus cattle. Fifty years of breeding Red Angus cattle makes the Ward family one of the true pioneers in the breed. Five decades is a huge milestone for a purebred operation, when you consider that the average life span of a purebred breeder in Canada is seven years. Programs like this that stand the test of time do so for two reasons, the cattle work for their customers and the breeders stand behind the cattle when issues happen. The Ward program provides bulls that are sound and built to last and Clarke's phone is always on.

This year's line up is one of the most consistent pens they have ever offered, whether you are looking for reds or blacks. Once again, we have a good selection of fall born bulls, the fall program was started to enable the Ward program to offer extra age bulls to work for the large grazing co-ops and ranchers that need bulls to go out in big fields of rough terrain and do a man's job. The feed back on these bulls is that they do just that! The yearling bulls are the freshest pedigrees, out of the elite cows in the herd and will suit both purebred and commercial breeders alike. All Ward bulls offer a high degree of calving ease and maternal strengths. The cow herd behind them is proven and time tested... fifty years!

We would love to see you on sale day and enjoy some great hospitality and talk cows. Even more fun is talking high calf market and high cull bull prices. It truly is unprecedented times in the beef business; enjoy it you have earned it and deserve it for sticking with your cows. If you are unable to attend sale day, Clarke and Denise host an open house on February 21st. If you are unable to attend either feel free to call Clarke or any of us on the T Bar Team as we have been with the Ward family since the beginning of their very first sale and know the program well and would be more than happy to assist you in any way needed.

BRISKET Lunch

PROVIDED BY QUINTEN, ROBIN'S
 NEST, VANSCOY, SK
 SERVED AT 12:00 ON SALE DAY

Open House

SATURDAY, FEBRUARY 21, 2026

We know that it can be hard to get away from your operations and that the weather can be unpredictable! For those reasons we have decided to host an Open House, **Saturday, February 21, 2026 from 1:00 PM to 5:00 PM.** This is a great opportunity to come and look ahead of sale day. It also gives you a chance to look through dams of the cattle on offer in a relaxed atmosphere.

Please join us for some snacks and refreshments!

SIRE - Schwan Journeyman 2065

- This bull has been so impressive since birth! Out of a First calver, 31L knocked it out of the park!
- 12N started out at 73 lbs and weaned off at 845 lbs! He was a member of our Agribition Pen of 3.
- If you like them thick, big hipped on solid feet and legs, here he is!
- He has our number one WW index at 126, the Journeyman bull's add muscle.

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association. Donations are tax deductible.

We are proud to support the
Canadian Angus Foundation Future 15 Program

With **YOUR** help we will continue to further our mission and the breed.

Since 2019 almost \$550,000 has been invested in member education, awards, bursaries and youth scholarships.

\$325,000 invested in Angus research has helped leverage additional grant funding over the last seven years.

\$80,000+ has been invested in history and archives, including the 2019 Canadian Angus history book.

If you are interested in giving back or learning more about this initiative, please contact Belinda Wagner, Canadian Angus Foundation Executive Director at 306-537-1518 or email bwagner@cdnangus.ca. You can also visit the Canadian Angus Foundation website at www.cdnangus.ca/foundation

Copper was used heavily, not only with the heifers but on a number of the cows also. His combination of Muscle, shape, calving ease, growth with a phenomenal foot, are valuable traits. Very consistent set of bulls on offer in this sire group.

Wick has left us both females and Bulls that always find their way to the top of the pen. The consistency in his offspring is very evident combining the low birth rate to high growth with the rib shape and muscle. We love his daughters that are now producing, nice balanced udders. Only a few Wick's on offer, and they are easy to pick out!

Jolt was a Sale Feature at our 2022 Bull Sale, we had the opportunity to buy him back and he is co-owned with Brownalta Farms in Alberta.

He is an outcross bull sired by Red T-K Buckeye 81 F and out of a top producing Erica Cow, 51C.

All of the Fall Born Bulls are sired by Jolt and all are stamped with his muscle pattern, dark hoof and possess his moderate birth to high weaning spread. These guys will get your heifers or cows bred and give you calves that come out easy and grow fast.

We are more impressed with this Sire everyday! His muscle shape, calving ease and breeding ability are second to none. His calves this year are very impressive, leaving heavy weaning weights. This bull was brought in as a calving ease bull to use on heifers, but has proven he is just as valuable on the cows. His birth to growth spread is fantastic and his calves phenotypically flawless.

This is the second group of Black fall born bulls sired by 23G. Gibson 23G combines the strength of the Crossfire sire with the consistency of the Atalanta 002X cow line. He produced another strong set of easy doing, muscular black fall born bulls with calving ease while adding pounds to his calves. Watch the CE ratings on each bull as we have rated them how we feel they will perform adding in the maternal makeup behind each bull.

Terms & Conditions

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Each animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

BREEDING GUARANTEE: We guarantee to provide a sound breeding bull capable of passing a semen test at 14 months of age. Any bull failing to be a satisfactory breeder will be replaced with a bull of equal value and quality, or a credit given towards purchase of another bull.

LIABILITIES: All persons attend the sale at their own risk. The seller, facility owner and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C

Cattle Co.(2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any obligations to collect or enforce collection of any monies between parties and any legal action that may, in extreme cases, be taken must be between buyer and seller. T Bar C Cattle Co.(2013) Ltd. assumes no responsibility of any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

SEMEN COLLECTION: Ward's Red Angus reserves the right to collect 100 straws of semen on any bull in this catalogue. This collection would be done at our expense and the purchaser's convenience and would be for in-herd use only.

PHONE, MAIL AND WIRE BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

ERRORS: All announcements at sale time, written or oral, supercede any written material in the catalogue.

WEIGHT INFORMATION: BW – is the actual weight at birth (within 24 hours). WW is actual weight taken on September 7, 2025 unless otherwise stated. A current sale weight will be available sale day.

LOADOUT: No bulls will be allowed to load out until the conclusion of the sale.
