BOHRSON MARKETING WELCOME

The 15th edition of the Western Select is here once again and has a sale lineup of bred heifers, 2026 heifers and semen opportunities on the proven sire "Rooster".

BMS selections are made across Western Canada and this year we have 4 new consignors to strengthen our offering.

The history of the Western Select Sale is one to be proud of after 15 years of sharing genetics around the world.

Many of the Limousin programs are prepared to develop and make available their 2026 sale entries for the CJLA 2027 Impact Show August 11 -14 in Carman, Manitoba. Please feel free to contact the consignors directly.

The cattle industry is in a great position today and we believe these Western Select cattle offer huge opportunities for new and extablished programs alike.

Bohrson Marketing Services is proud to assist and answer all inquiries in a professional manner. Our 2026 Western Select Sale is a "DLMS Farmgate Sale"

Best regards,

The Bohrson Marketing Team

How to participate in the DLMS Farm Gate Timed Auction with Extended Bidding:

D|L|M|S
www.dlms.ca

Wednesday, December 9 - 9 AM MST - bidding begins
Thursday, December 10 - 7 PM MST - auction closes farmgate style

1. Visit https://farmgatetimedauctions.ca, click the LOGIN/REGISTRATION button. First time users will select the REGISTER button from this page. Fill out the registration form to sign up for a free user account and it allows you to select a user name and password for use on all Farm Gate Timed auctions. This program will send you text and email messages whenever there is activity on your favorite lots or someone challenges your proxy bid and this is why you will be asked for both your current email and cell phone number. If you are a past participant in the Farm Gate Timed auctions simply enter your user name and password to continue. This takes you to a list of both current and upcoming Farm Gate Auctions.
2. You can choose your favorite lots in this sale at this time and the program will allow you to open either all sale lots or just your favorite lots on your screen. Anytime there is active bidding on a lot you have identified on your favorite list you will get a text and/or an email noting this activity.
3. The program allows you to place a proxy bid on any sale lot. This in fact protects your interest in any lot of interest for you to a specified dollar value you set, when you may not be able to give 100% attention to the sale. If the lot has a $2000 bid on it and you place a proxy bid of $3500 into the system, the computer will bid $2100 for you but if someone else bids $2200, the computer will again bid for you, this time at $2300. The system will look after your interest to a maxiumum of $3500. If another bidder is on at $3600, your proxy will no longer be effective and you will not longer have the winning bid on this lot without once again logging in and bidding again or moving your attention to a second lot of interest.
4. At closing time of the sale the entire sale will extend bidding for 5 minutes if a bid is placed on any lot in the sale. Any bid received after 7 PM MST will extend the sale by 5 minutes from the time of that bid. When no bidding occurs for 5 min the computer will declare the sale finished.
5. Within 24 hours of the sale close the Sale Manager, Bohrson Marketing Services will contact all winning bidders to arrange payment, transfer of pedigrees and deliver/pickup of your lot.

   If you require assistance with using the DLMS Farm Gate website, if you don't understand how to create a favorites list, if you can't figure out the proxy bid or you just plain want to bid via phone, please talk to any of the DLMS team or Sale Consignors.

WHAT IS RACEHORSE STYLE SALE CLOSE? Racehorse style sale close is when the entire sale stays open in extended bidding. This type of sale allows you as the bidder to change to a different lot within the same sale if the bidding has gone into extended bidding.

HOW WILL EXTENDED BIDDING WORK? When we get to the close out end time the clock for close extends with any bid placed with less than 5 min on the clock. This type of extended bidding turns the end time to more of a soft time. Extended bidding allows bidders to compete in lots like a real auction and gives all bidders the same time to make a decision. Always follow the clock to see how much time remains in the sale you are interested in.

If you require assistance with the Racehorse auction process or bidding via phone talk to any of the DLMS team or sale consignors and we can help you in purchasing the lot you are interested in.

Breeding Information:

AI bred to Balamore Hickory 060H on April 1, 2026. Confirmed 90 days bred June 30th. Safe to AI date.

Exposed to Pinnacles/PLNS Money Man 433M starting April 14, 2026.

We wanted to offer a female with outcross genetics and an exciting breeding, and Nellie checks both boxes! We purchased her sire, Pinnacle's Layafette 7L, with the intention of using him on our heifers, and he has exceeded all expectations as a calving-ease sire. Her dam was purchased through the 2022 Western Select Sale and has quickly become a standout in our program. Every calf she has raised since joining our herd has been retained and are among our top weaning calves, and just as importantly, they have all been exceptionally quiet-natured. Nellie is developing a beautiful udder and is the kind of female we believe will go on to produce quality calves for years to come. She is also homozygous polled by pedigree.

Bred to Balamore Hickory 060H, this mating is one to get excited about! Hickory progeny have become highly sought after, making this a rare opportunity to own a direct Hickory calf. With Nellie's pedigree, maternal background, and the exciting breeding she carries, we think this one has all the makings of something special!

Dam WULFS FIFTY T804F
GREENWOOD FAREWELL 5K
GREENWOOD FAREWELL JXP 66H

The apple doesn't fall far from the tree with this heifer! 40P is a spitting image of her dam and is one that is sure to catch your attention. As one of the first calves sired by our new herdsire, Money Man, this female has an exciting future ahead of her. We have been incredibly impressed with our Money Man calves and used him heavily throughout this past breeding season. Visitors to the farm are quick to comment on the outstanding job Money Man has done for our program, and 40P is a prime example. Poison Ivy is a hairy, dark red, well-balanced female that possesses the breed characteristics we strive for in our Limousin cattle. She is wide topped while maintaining a smooth front end and as an added bonus is homozygous polled by pedigree. Her dam has been a consistent producer, backed by a picture-perfect udder. Whether you're looking for your next foundation female or a show heifer with the potential to bring home some banners, 40P is a female with the look, pedigree, and potential to make a lasting impression!

Dam BALAMORE GOLD RUSH 927G
K. AXLEY MELLARK 87M
K.AXLEY KATNISS 55K

Don't let the March birthdate scare you away, 141P's growth, dimension and breed characteristics have made her a stand out from the start. Her sire, Jurassic, was a key breeding piece for us and will be sorrily missed, so add this female now as she's the last crop of natural calves. Maternal power is strong in 141P coming off a first calf heifer who was from a first calver as well. There's a lot of quality tied up in this pedigree, making her a ¾ sib to Latte 68L which was the high selling heifer calf in 2023 and a ¾ sib to Macchiato 91M who was successfully campaigned these past two show seasons.

EXCELS ELLEN 710E

Dam AMAGLEN CANADIAN SUNRISE
AMAGLEN KISSABLE
AMAGLEN DOUBLE BUBBLE

Primrose is moderate framed, feminine fronted, deep bellied and very docile. She caught our eye as a show prospect on pasture this summer. She ranked 5th in our herd for weaning weight and has balanced numbers. Her maternal grandam has been one of our most productive cows and is still weaning the heavy weights at almost 11. We are impressed with our first set of calves off of Excels Marmalade, the heifers are consistent in their kind - moderate framed, thick and showy. She was a natural the first day the halter went on and will be show broke by sale day. We are willing to keep Primrose until Impact 2027. Homo polled test pending.

AMAGLEN FOXY LADY

Dam DIAMOND T DURAMAX
HONEY 58H
KOYLE MADAME 11X

This is our first time consigning to the Western Select and we couldn't be more excited. Dusty H Picture Perfect is just that, picture perfect. This eye catching, long bodied heifer was an early addition to the show sting this summer. Her sire, Sirloin Kansas, has been producing plenty of powerful and correct made females and just as many herd bulls. BCH 58H is a moderate framed cow that has put out some top end bulls over the past few years. As this being her first heifer calf, it will be hard to let her go, but she will make a great addition to any herd/show string. Also, for any out of province juniors looking to purchase a show heifer for the 2027 Impact Junior Show, we are willing to look after her for you!

PINE CREEK MAVERICK
MARTENS JOSIE 90J

Dam JYF GENESIS 514G
PINE CREEK KENZIE
PINE CREEK GEMINI

Penny is an attractive smooth made red heifer with great hair and a strong top line who we think will turn out to make a great cow in the future. Her sire Maverick was the Reserve Grand Champion Bull at ag ex in 2024 and who is now our leading herd bull who's first set of calves are turning out great for us. Her Granddam Gemini has been our trusty show cow for many years and has put multiple daughters back into our herd. Penny is very docile and halter broke easily this fall. She would make a great project for a Junior and could be kept for the winter if bought by a junior with plans to attend the 2027 Limousin junior show in Manitoba.

Rooster represents the next step in genetic advancement that we are proud to offer to the Limousin breed. He is out of a remarkable first-calf daughter of the influential donor; Greenwood Ally 702A, and brings with him the qualities we aim to replicate. A massive center body, excellent fleshing ability, and a nearly perfect udder from his dam, 701J. Rooster combines these maternal strengths with standout traits of his own, he's a calving-ease option with a heavy hair coat, soft middle, stout hip, added bone, and unmistakable style. He reads very well on paper with a pedigree twist, ideal calving ease and maternal traits and near breed leading growth traits. Rooster is 89% purebred. If he is mated to any purebred cow in the CLA herd book the resulting progeny will be purebred.
5 - 10 dose packages conventional. Semen for in Canada use only. Stored at Alta Genetics
