Welcome to the 23rd Annual Git R' Done Bull & Female Sale

What a great time to be in the cattle business! So much excitement and buzz about cattle prices, the quality of cattle and people who remain in the business. It is not an industry for the faint of heart, and we as cattlemen are enjoying some of the best times. It's a positive feeling with enthusiasm that occurs in conversations at the barn, auction mart, show ring or kitchen table. A conversation of pride!

We are excited and proud of our offering in the 23rd Bull and Female Sale at Windy Willows. We strive for top notch genetics that will provide us and our customers with quality cattle that will remain for the long haul. There is a great selection of calving ease and calving ease elite bulls to work with your heifers or smaller cows. The addition of Brookdale Brutus offspring offers a good balance to the existing Ai sires we use in Baldrige Herdsman, Walkerbrae Warrior and Baldrige Movin' On. Mark twisted our arm again when it came to selection in the heifer pen. If anyone knows us, they know how we don't like to part with our females. Ask Mark or Shane!! The heifers are genetics that work for our program, so we offer them with confidence!

Our sales staff of Mark Holowaychuk, Roger Peters, Shane Castle, Mark Forsyth, Mark Stock, Will Rosso, Sarah Hasson and Ryan Hurlburt are an integral part of the success of our program and our sales. So much of what we do would not be possible without them. A huge thank you is in order!! If you have any questions, please be sure to give one of them a call.

Follow us on Facebook and Instagram or check out our website www.windywillows.ca. Sale videos are available on any of those avenues or **BETTER YET, SCAN THE QR CODE FOUND ON THE INSIDE COVER FOR INSTANT VIEWING.** If you can join us on April 7th, we would love to have a visit, to enjoy some hospitality and a viewing of our Windy Willows Program. If you can't make the sale, online bidding is available through www.dlms.ca

Michelle & Hillary

P.S. We would like to thank Rose Currie and Tristan Tober for clipping the offering and to Ty Schwan, Jesse Waldner, Makaila Peutert, Aaron Birch and Sarah Hasson for picturing this year.

SOME THINGS YOU SHOULD KNOW...

- 1. INFORMATION:** We strive to provide you with useful information to help you with bull selection. In addition to the data in this catalog, current weights and scrotal measurements will be available sale day.
- 2. COWHERD:** Our cows are not pampered! They graze on swaths and native grass through the winter until calving starts beginning of January.
- 3. EPDs:** We believe that EPDs are a useful tool to help evaluate certain traits in our cattle, BUT.... Quality cattle are more important than the numbers used to describe them.
- 4. HERD HEALTH:** The Windy Willows herd is on a herd health program with the South West Animal Centre, Swift Current, SK. All Calves are Vaccinated with Nasalgen at birth and with MLV vaccine and with Clostridial vaccine in June and again at weaning. All pregnant females are vaccinated annually with MLV for IBR, P13, BVD and BRSV.
- 5. DISPOSITION:** We continue to get compliments about the disposition of our bulls from everyone who works with them. We are a family operation and disposition as important to us as it is to you.
- 6. GUARANTEE:** Our goal is to provide you with quality bulls capable of getting your cows pregnant. If anything happens to the bull you purchase let us know right away! Our responsibility does not end after the sale.
- 7. TERMS:** This sale will be conducted under the Terms & Conditions set forth by the CAA.
- 8. CUSTOMER SERVICE:** We offer free delivery within 200 miles or \$100 off if you pick up your bull on sale day. If you have any questions, or concerns after the sale... Call us first, we want to help!

CALVING EASE & CALVING EASE ELITE BULLS

The bulls have been rated for calving ease ability based on the BW EPDs and what we know about the bulls themselves and their dams.

- CALVING EASE ELITE** - recommended for heifers
- CALVING EASE** - below average for birth weight, recommended for cows or heifers
- NO CALVING EASE RANK** - recommended for cows

BULL WARRANTY

We guarantee to provide you with a sound, fertile bull capable of servicing a reasonable number of cows. In the event that your bull is a non-satisfactory breeder the seller will not, under any circumstances, be responsible for more than the original selling price of any bull or female sold in the sale. The consigners will not provide replacement or credit for physical injury or mismanagement. Therefore we stress the importance of insurance on your bull. An insurance agent will be available on sale day.

15% OF A LOT MEANS A LOT

We are proud to support the
Canadian Angus Foundation Future 15 Program

With **YOUR** help we will continue to further our mission and the breed.

- Since 2019 almost \$550,000 has been invested in member education, awards, bursaries and youth scholarships.
- \$325,000 invested in Angus research has helped leverage additional grant funding over the last seven years.
- \$80,000+ has been invested in history and archives, including the 2019 Canadian Angus history book.

The Canadian Angus Foundation functions to preserve and expand the Angus breed for future generations through education, youth development, scientific and market research, and historical preservation and restoration. The Canadian Angus Foundation was incorporated in 1993 and is the charitable arm of the Canadian Angus Association. Donations are tax deductible.

If you are interested in giving back or learning more about this initiative, please contact Belinda Wagner, Canadian Angus Foundation Executive Director at 306-537-1518 or email bwagner@cdnangus.ca. You can also visit the Canadian Angus Foundation website at www.cdnangus.ca/foundation

ANGUS FOUNDATION future 15

WELCOME TO THE 23RD ANNUAL WINDY WILLOWS BULL & FEMALE SALE

Again, I am very, very proud to be able to continue to assist Michelle & Hillary in presenting their 23rd Annual Bull & Female Sale. The Two-year-old pen this year are very athletic bulls with good feet and fed to perfection to cover many females for you. You will be impressed with the consistency of the bull pen.

The yearling bulls this year have a various group with calving ease and power bulls throughout with the mindset of longevity built in mind. The open heifers were hand selected by the ladies and me. You can count on these females to improve your program as they have in the past.

Michelle and Hillary continue to work hard and run the operation. We do visit a lot of the present and the future but not forgetting the past and what the Windy Willows name stands for. I am very proud of these ladies and what issues they must deal with and the positivity they have in life and the running the farm.

If you need any assistance in your selections, please contact Roger or me or any of the sales staff or even better give Michelle or Hillary a call to discuss your needs. See you at the farm.

Mark Holowaychuk, OBI Livestock Ltd

BLACK ANGUS YEARLINGS

Windy Willows Coalition 1N is something special and a unique one for sure! Hillary purchased MWC Evening Tinge 43K from MWC Dispersal in December 2024. We have been super excited about this calf ever since he was born & he does not disappoint! He has tons of capacity over his top and hind quarter and exceptional rib shape. WWHS 1N gets your attention instantly and moves like a dream!

Windy Willows Investor 65N is the only yearling son of Everblack ROI we have on offer but he's got some wicked brothers in the two year old pen! His maternal half sister sold to End of the Trail Farms for \$14,000 at the Masterpiece Sale this fall.

BLACK ANGUS 2 YEAR OLD BULLS

We are thrilled with the set of 15 two-year-olds we have on offer this year! The two of us, alongside our sale management team evaluate all the bulls as yearlings and make the difficult selections on which bulls go to which pens. We feed these bulls just right; they are not pushed. They were on grass from June until December near the yard and then brought in and gradually fed a TMR of silage, chopped hay, rolled barley and pellets. Foot quality and soundness of our bulls is one of the most important aspects to us and when keeping our customers in mind. The bulls are given a large pen for lots of exercise and allow them to develop properly to ensure you get a sound, functional bull that will last you a long time. Check out the Baldridge Herdsman and Everblack ROI sons for calving ease, and Riverside Active Duty sons for growth and power! Stop by the ranch prior to the sale for a tour through the bulls and a visit!

BLACK ANGUS OPEN HEIFERS

WWF Movin On Poppy Ann 13N is the complete package! A Poppy Ann daughter, one of our longest standing cow families and definitely one of the favourites. 13N is explosive in her width, rib shape and hip but doesn't give up any femininity. From her pedigree to her EPD's to her phenotype, she's got it all!!

Big bodied, deep ribbed, structurally sound and one hell of a hair coat! What's not to like about this female! WW 19N has all the right pieces, a daughter of WWF Focal Point Rosegay 40J, a cow family that has proven success time and time again. She had a maternal two year old brother sell to Shamrock Grazing in last years bull sale.
