Cattle Co.**

17th Annual

Bull Sale

2016

Saturday, March 28, 2026 2:00PM

new location for 2026

AT THE FARM

Parkside, Saskatchewan

Double Cattle Co.

WELCOME FROM DOUBLE 'F' CATTLE

Our family would like to welcome you to the Double 'F' Cattle Co. 17th Annual Bull Sale.

IT IS A GREAT TIME TO BE IN THE CATTLE INDUSTRY!!!

This year has been extremely busy here at Double 'F' with many changes.....

NEW AT DOUBLE 'F'—

- We are excited to announce that this year we will be having our 17th Annual Bull Sale at Double 'F'. Thank you to Prince Albert Northern Livestock Sales staff for the excellent service and use of the facility for the past 16 years.

- **We will be selling our first set of purebred Simmental bulls.** In 2024, Jacob purchased 30 purebred Simmental bred heifers from Circle G Simmentals- Garth Cutler. Garth is a prominent and progressive breeder and we believe that the quality of these outstanding females have what it takes to build a strong Simmental program.

Our 170 purebred cows have worked hard to bring you DOUBLE 'F's strongest and most consistent bull pen yet. We build our herd on maternal, power, performance, soundness and always introducing new genetics. We believe **QUALITY** comes before **QUANTITY**!!

Thank you to our past customers, we appreciate your support and are proud to have our bulls in your pastures.

If you are considering a DOUBLE 'F' bull for the first time, we raise our bulls to be an asset to your program and produce that all important pay weight!

We know everyone is busy so if you are unable to make the sale, please contact us and we will get you the best bull for your dollar. Please buy with confidence as DOUBLE 'F' stands behind our bulls 100%. Knowing there are many sales and options available to choose from, thank you for considering a DOUBLE 'F' bull.

If you have any questions, please contact myself or any member of the sales team for an honest evaluation of the bulls. Videos will be posted on our website www.doublefcattle.com, FACEBOOK and DLMS prior to sale day.

We welcome you to come to view the bulls and their dams at the farm.

**See you on Saturday March 28 at DOUBLE 'F' CATTLE CO.
for dinner at noon with the sale to follow at 2pm.**

Kelly, Angie, Garret and Jacob

THE AUCTION WILL BE LIVE AS WELL AS ON DLMS

**NEW SALE LOCATION FOR 2026
AT THE FARM, PARKSIDE, SK**

WELCOME FROM OBI LIVESTOCK LTD.

It is my pleasure to be working with the Feige Family on their 17th Annual Bull Sale. The family has made the decision to host the Bull Sale at the farm this year in their new barn.

Double F Cattle Co. once again has put forth a top notch offering of purebred and commercially worthy bulls. The bull pens this year is as strong as ever, with loads of meat and muscle bulls for your appraisal. The cows are the key to this program, worth a drive to go and see the dams of these bulls at the ranch; udder quality, size and fertility are the main aspects. Double F Cattle Co. prides themselves on customer satisfaction; previous year's purchasers were very happy with the service they get.

This will be the sixth year, Double F Cattle Co. has Red Angus bulls on offer and the first year

they will have Simmental yearling bulls as well from genetics from the Circle G Program at Lacombe, Ab. All of these bulls are out of first calving females and what a job they have done. The mass, shape and hairy Simmental bulls will add value to the program and selling bulls to their customers.

If I can help you in any way, please do not hesitate to call me or call the Feige Family or any of the other sales staff and we will help you with your needs. See you in Parkside on the 28th of March.

DINNER

Please join us for dinner at noon.

TERMS AND CONDITIONS

TERMS: The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of dispute the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

LIABILITIES: All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur.

DELIVERY: Every assistance will be given in getting your purchases home. Free delivery up to 250 miles. Each animal becomes the risk of the purchaser as soon as sold.

PHONE, WIRE, MAIL BIDS: Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

INSURANCE: Agents will be in attendance to insure your purchases. Bulls returning to the consignor's farm must be insured.

THE RIGHT TO COLLECT SEMEN: Double 'F' Cattle Co. reserves the right to Collect semen on any of the bulls sold at their expense and the buyer's convenience.

ERRORS: All announcements at sale time, written or oral, supersede any written material in the catalogue.

It is a pleasure working with the great people from Double F on their nutrition program. The Feige family consistently have a top-notch group of Angus bulls and now have a high performing set of terminal bulls in this year's sale. I hope you are able to make the sale to see this impressive group.

The cowherd utilizes a customized organic mineral program that is balanced throughout the year. Chelated minerals are used year round to maximize cow/calf performance, fertility, and health. The bull development program is built to maximize forage utilization and gut health. All forages are sampled and analyzed to ensure quality feed sources are used. Once the calves are weaned, they are slowly transitioned to a TMR. The TMR is forage based and is designed to promote lean muscle growth, allowing the bulls to express their genetic potential. Double F utilizes a protein supplement paired with on-farm grain and forages. Multiple protein sources are used that provide a blend of rumen degradable and rumen undegradable protein. A probiotic is included in the supplement to optimize rumen efficiency.

Chromium is now utilized in the supplement as well, as Chromium is an essential micronutrient that most feeds are deficient in, and it aids in glucose absorption and increases protein accretion. This allows bulls to better withstand effects of heat and cold stress. Rumen health is of utmost importance, which is why suitable protein sources and proper starch levels are fed to the bulls. Organic minerals are used both on the cow herd and sale bulls to ensure proper immune function and overall health.

The overall nutritional health of both the bulls and cowherd is of major importance to Double F and it shows in the quality and consistency of their cattle. These bulls are developed with longevity in mind, as their return remains at the same energy level throughout the whole winter developing phase. If you have any questions about the nutrition program, feel free to reach out.

Good luck on sale day!

Lower input costs (eliminate Nitrogen fertilizer), provide a balanced feed ration & improve soil resiliency. Regrowth.

COVERS@CO

For me, it's about soil health & relying less on synthetic inputs. The wider alleys between the planting makes it really easy to work with.

Mark Wankha
Wankha Farms

COVERS@CO

“The ground that was so 2 weeks ago was so dry it was difficult driving a quad through.”

Peter Penner
Penner Farms

COVERS@CO

“We needed these cover crops (Red Clover & Winter Rye) for the best soil health. If we are being completely honest, we had no idea what we were doing. After last year's drought, we decided to do the red and the winter rye. It was with great growing conditions - the ability to be successful for generations.”

David Waterhouse
Waterhouse Farms

COVERS@CO

We used the Winter Rye cover crop to the middle of June looking to improve soil health and bring in an extra grain. We were very pleased with the outcome. Did not use fertilizer and saved some costs to boot!
