Welcome
FROM JACK AUCTION GROUP

Welcome to the Jewels of the Prairie Shorthorn Female Sale, where quality, opportunity and breeding potential come together.

From competitive show prospects to elite cow-making females, this offering gives breeders the opportunity to select cattle with both immediate eye appeal and lasting value. These are females to build around, whether your goals are in the show ring, the pasture or the next generation of your breeding program.

Great cow herds begin with great females. The Jewels of the Prairie offers an opportunity to invest in your next cornerstone female and the future of your herd.

Study the offering. Make your selections. Join us on sale day!

Brennin Jack

LET'S HAVE A SALE

President's
MESSAGE

Welcome to the 2026 edition of the Jewels of the Prairie Sale! Cattle prices have remained strong this year and the demand for Shorthorn genetics is even higher. Once again, the consignment group has brought forward their best for your consideration and there is something for everyone. Whether you're looking for some bred heifers or flashy heifer calves to add to your herd, we've got you covered. This year, we are pleased to have two new consignors, Diamond Creek Cattle Co. and Wild Weather Cattle Co.! The Knupps and Shane Weatherall are welcome additions to the sale and we are excited to see what they bring to town. On behalf of the consignors, we look forward to seeing you at the Keystone Centre on December 2nd!

Sincerely,

Dr. Grayson Ross

Terms
& CONDITIONS

Internet and US Buyers will have two (2) business days to wire Canadian Funds to Jack Auction Group for all purchases. All settlements must be made with the sale clerks before cattle will be released. The right of property will not pass until final payment is made. Unless previous arrangements have been made.

BIDDING
Each animal will sell to the highest bidder. Bidders unable to bid on-line, may phone their bids in to the listed representatives or sale manager.

DISPUTES
Bidding will be re-opened between the parties involved. If no further bid is made, the buyer will be the person from whom the auctioneer accepted the last bid. The auctioneer’s decision is final.

ANNOUNCEMENTS
Announcements made from the block will take precedence over printed matter in the catalog. Buyers are cautioned to pay close attention to announcements.

PURCHASER’S RISK
Each animal becomes the risk of the purchaser as soon as sold. Animals will be cared for at the purchaser’s risk for a reasonable length of time.

CERTIFICATE OF REGISTRATION
Each animal will carry papers issued by their association unless otherwise stated. A full certificate of registry duly transferred will be furnished to the buyer after payment has been made.

DELIVERY
Assistance will be given in making delivery after the sale. The purchaser agrees shipping arrangements will be at the convenience of the seller, but will be as soon as practical after the sale, at the buyer’s risk.

AMERICAN PURCHASES
The sellers will do all health testing for export. The Seller will assist with delivery. Exchange rates will be announced sale day at current rates. All heifers guaranteed exportable to the USA.

SALE MANAGER
Jack Auction Group is only acting as a medium between buyer and seller, and is not responsible for failure on the part of either party to live up to their obligations; or for the truth of any warranties or representations, expressed or implied. Any legal action taken in exceptional cases must be between Buyer and Seller. The Buyer must look to the seller for fulfillment of all guarantees and representations.

INSURANCE
We recommend that you insure your purchases. It is the Buyers’ responsibility to make arrangements with your preferred insurance broker.

Diamond Creek Cattle Co. Welcome

Welcome to the Jewels of the Prairie Female Sale! It is a pleasure for Diamond Creek Cattle Co to consign four of our strongest females to this year's sale. Diamond Creek Cattle Co. is a family-owned mixed farming operation located near Weyburn, Saskatchewan, owned and operated by Todd, Debbie, Rylan, Austin, and Jenna Knupp. Our operation consists of 125 head of purebred Shorthorn cattle, alongside 175 head of commercial cattle.This year's offering features a powerful pair of broody bred heifers, along with an exciting pair of halter-broke heifer calves that are ready to hit the show road with junior exhibitors this spring. We are truly honoured to have been invited to join such a respected group of breeders in an event that continues to showcase the quality and excellence of the Shorthorn breed. We look forward to seeing everyone at the sale and please feel free to reach out with any questions.

LOT 1 DIAMOND CREEK *Ruby* II 90P

Feb 20 '26 - AUT 90P - *37290 - 98.7% - Polled

BW	205 WW	365 YW	CE	BW	WW	YW	MK	TM	CEM	ST

Dam — *JSF GAUGE 137W* **GAR-LIND RUBY II 152K** *GAR-LIND RUBY 52H*

Her Dam was a past show heifer, and PVF Lincoln added the power to make an incredible female that excels in growth and style. She is as ideal in her phenotype as I could make her. Take a look at every angle come sale day. I don't know where I would change her! She also ranks very high for her maternal EPD's!

This standout North of 49 daughter is an absolute doll in her terms of quality, design and her sweetheart disposition. She balances immense mass and deep ribbed capacity with a striking feminine silhouette. She perfectly marries form and function into a premium prospect package.

LOT 2 DIAMOND CREEK *Millicent* 85P

Dam — *MURIDALE HISTORY 5H ET* / **HEAD FOR THE HILLS SPECIAL K** / *HEAD FOR THE HILLS CHATY KATHY*

Head for the Hills Corn Pop 3P is a high calving-ease Shorthorn heifer that combines proven genetics with eye appeal and show-ring potential. Sired by Muridale Robert and backed by the dependable Cathy cow family, she offers an attractive blend of style, quality, and maternal value. A female with the look to compete in the show ring and the genetics to make a valuable addition to any breeding program.

Hedley Livestock Welcome

Hedley Livestock is proud to be consigning a Shorthorn Plus female in the 5th annual Jewels of the Prairie sale! As a fourth-generation purebred operation, our roots run deep in the cattle industry. While we started out raising Simmentals, Shorthorns have become a big part of our program over the past decade. Our focus has always been on raising structurally sound, easy-keeping, attractive females with quiet dispositions. We feel our consignment encompasses all the traits we strive to produce.

This year we have decided to retain all of our purebred heifer calves and consign one plus heifer. Don't let the fact that she is not purebred deter you from giving this girl serious consideration.

Please feel free to reach out with any questions, we would be happy to chat and discuss our program, and forward any further details.

LOT 7 HEDLEY *Opalite* 5P

Jan 02 '26 - TLH 5P - AR37392 - 50% - Polled

BW	205 WW	365 YW	CE	BW	WW	YW	MK	TM	CEM	ST
91	-	-	13	1.1	55	76	23	50	6	11

Sire: *MURIDALE PHANTOM 10F* **HEDLEY'S APPARITION 2K** *PIC-A-SPOT CLAUDIA 34H*

Dam: **50F**

If you are looking for that sought after blue color, look no more. This pretty lady held her own in amongst the red roans at AgEx bringing home the reserve grand champion plus female banner. She is out of a no miss black Simmental cow who goes back to one of, if not THE, matriarch females around here. We can brag about her sire for days, he is quickly proving himself as a female maker. 50F's mating to Apparition 2K was no fluke, we purposely bred him to select Simmental cows to get this exact result. Opalite 5P is everything we wanted: frame, capacity, sound moving and smooth polled all wrapped in a beautiful blue coat. She is show broke, and ready to hit the show road if you choose, or put her in the replacement pen to make you money.

Mosside Shorthorns Welcome

Welcome to the 2026 edition of the Jewels of the Prairie Sale! Mosside is excited to consign again this year and we have decided to offer a top end heifer for your consideration. She is from the heart of our herd and embodies what we strive to produce in our females. We look forward to seeing you at the sale and if you would like to see this heifer or the herd prior to, please feel free to contact Jeff or Grayson and we would gladly have you over.

The Ross Family

LOT 8 MOSSIDE *Sally* 114P

Feb 10 '26 - ROS 114P - *37159 - 96.9% - Polled

BW	205 WW	365 YW	CE	BW	WW	YW	MK	TM	CEM	ST
80	602	-	10	3.5	55	71	28	55	2	14

MOSSIDE DEFENDER 51J
MAPLE LAKE YESTERDAY 8051

Dam JSF WALL STREET 70E
BELL M SALLY 114H
BELL M SALLY 57E

Sally 114P is quite possibly one of the best females we have raised at Mosside. The cross between her dam and Defender is very complimentary by combining both presence and performance! Her full sister was just awarded reserve grand champion female at Ag Ex and this heifer is of the same caliber. She's smooth made from front to back, long bodied with a big middle and nice hind quarter. Taking note of the ideal angle between her hooks and pins, she should mature into an excellent brood cow. If you're looking for an eye-catching roan heifer to show next year that is going to become a front pasture cow, look no further than Sally!

3/4 Photo

Poplar Park Farm Welcome

Welcome to the 2026 Jewels of the Prairie sale. Poplar Park has been consigning females since the inception of the sale and this year we have pulled from the top end of our program. Both of these females are built to be productive front pasture cows. Life is too short to chase trends so these females are the exact type we using on our farm. Buy with confidence from a long time Shorthorn breeding program.

The Thompson Family

LOT 9 RT *Promise* 24P

Mar 19 '26 - RNT 24P - F706830 - 100% - Polled

BW	205 WW	365 YW	CE	BW	WW	YW	MK	TM	CEM	ST

Dam: *RT DIAMOND CUTTER 49D* — **RT PROMISE 70H** — *JT PROMISE 117Y*

RT Promise 6N is a female I did not want to part with but we are offering our top end in this sale. The Kentucky daughters are easy fleshing with brood cow written on them. Kentucky is a bull who went through the Saskvalley feed efficiency trial with favourable results. This female is well put together from front to back. AI Bred May 16 to Kenmar Lancer 58L and pasture exposed to JT Massey 57M June 1.

Sunlite Stock Farm Welcome

Welcome to another edition of the Jewels Of The Prairie Female sale! Alongside our family, we run a cow/calf operation with 550 cows while backgrounding all our own calves just south of Virden MB. With 95% of the herd being commercial cows we have seen first hand the qualities most important to this industry and have strived to create a cow herd evident of that. Strong maternal instincts, clean udders, easy fleshing and longevity are top priority here. We believe our cows are truly “ranch-raised” which has created some extremely easy doing offspring which can perform in any conditions. This set of heifers comes from three of our top cow families and are all sired by Saskvalley Testament 13K who has proven to be one of the most consistent sires we’ve ever had! We are always open to visitors so feel free to stop by and check out these ladies anytime.

LOT 11 SLSF Daisy Pat 31P

Feb 19 ‘26 - SLSF 31P - F706912 - 100% - Polled

BW	205 WW	365 YW	CE	BW	WW	YW	MK	TM	CEM	ST

Dam: *ACC CANDY’S JOLLY RANCHER 22J* **SLSF DAISY PAT 37L** *HATFIELD DAISY PAT 17B*

It’s very easy to see that Saskvalley Testament 13K follows the same blueprint when producing his offspring. Natural thickness, tons of depth, attractive heads and great legs and feet. It’s pretty simple but he gets it right every time and this heifer is just another example of that. Take this one out to the show ring next year or stick her in the front pasture. Either way, this heifer is going to do great things for you!

This heifer has drawn attention all year and continues to impress each day. Deep ribbed, stout made and walking on a good set of legs and feet. Around here the Gloria cow family is known for their great disposition and tidy udders and we believe 33M is right on track to following in her family legacy. We truly believe this is the type of female that could benefit any herd!

Uphill Shorthorns Welcome

Uphill Shorthorns is a 3rd generation herd which originated when my grandfather bought cattle that had been brought in from Britain to be sold for flood relief in Winnipeg in the late 1940's to 50's. I began building my herd in 1997 when I moved to the farm and have added genetics over the years from various herds. Herd bulls have been purchased in Canada and the United States and AI sires used as well. We strive for optimum performance without sacrificing body depth and thickness. The females need to be feminine and productive with strong feet and udders to remain in the herd. We try to maintain calving ease but don't push the envelope too hard and lose all of the performance. We welcome your appraisal of our entries to this year's Jewels sale. There is only a small nucleus of the herd remaining so available females going forward will be limited. Hope to see you all in Brandon at the sale.

Flawless in her design, striking in her presence. This elite female puts together the kind of phenotypic package that is hard to assemble but impossible to ignore. She is remarkably extended and clean through her front third, transitioning seamlessly into a bold, sweeping rib cage and an immense amount of body mass. From the profile, she strikes a beautiful silhouette, holding her top line perfectly level while staying square and secure down to the ground. She offers an incredibly flexible skeletal design, stepping out with true comfort and power on a massive, heavy-structured foundation. Whether your goal is to hang banners or build a legacy donor program, this heifer checks every single box.

LWFS CARGO 2410 PW

LWFS CARGO 2410 PW

This stunning blue roan calf is built incredibly well! As I have to give this one top marks. The depth of body, clean lines, and stout bone structure make it an absolute standout, whether you're looking at it for the show ring or as a future replacement female.

It is hard to find one that puts together this much power, structural correctness, and eye appeal into a single package. She is remarkably extended and feminine through her front third, yet transitions into a bold, sweeping rib design and a wide, level hip structure. Standing on an exceptional foot and bone configuration, this female is built to grab attention in the show ring and anchor a front-pasture donor program down the road.

Kroner Cattle Co. Welcome

Welcome to the 5th annual Jewel of the Prairies. What a crazy summer and fall it is has been with unprecedented weather. The strong cattle market definitely makes the trying year easier to swallow.

Our consignment consists of a couple packages of Manhattan 194J ET semen. He continues to impress us with his progeny. We have a direct daughter and a granddaughter in our 2026 show string. Stop by our stall at Agribition and assess for yourself.

Good luck to all the consignors!

The Madsen Family

LOT 22 JSF Manhattan 194J ET

The more progeny we see South and North of the 49th, the more convinced we are that Manhattan will make them right, whether they are Red, White, or Roan.

Phenotypically, Manhattan transfers adequate bone coupled with good feet and leg structure. He is leaving progeny that are bold in the rib, deep bodied, strong topped, fuller rumped and level from the hooks to pins. The males measure well, mature and crest quickly and display an early interest in their female contemporaries. The females possess eye appeal, femininity, and neat and tidy udders. With nearing three hundred progeny registered in Canada and the US, it is evident that Manhattan's phenotype and genotype are making an impact in the breed.

Daughter | KCC Candy Clutch 12N

Don't pass up this opportunity to secure these semen packages! Canadian Qualified. Stored at Alta Genetics.
