# Welcome

On behalf of the whole crew at Vermilion Livestock Exchange, we welcome you to the Second Annual Gotcha Covered Bull Sale. With three breeds represented on the bull side and a select offering of breeding heifers, the producers that came together to offer these cattle truly do have you covered. The bull producers involved in this sale have extensive knowledge and experience operating sustainable commercial cattle herds and have put those same basic principles to work in their purebred divisions. These cattle are intentionally bred and developed with their future in mind. All of the bulls and females will be presented with full transparency for your appraisal on Monday, February 9th, at Vermilion Livestock Exchange.

-Jesse Lawes

## Peoples Choice Select commercial heifer show and sale

Pens of 5-10

Grab a voting card when you register for a bidding number.

## Bull Delivery

\$250 back if you pick your bull up sale day

Free delivery within 200km; after appropriate transportation charges will apply. Free board until May 1. Bull deliveries will start April 1 if you cannot take the bull when the truck is coming by it is your responsibility to pick up the bull. After May 1 \$5/day will be charged.

## TERMS AND CONDITIONS

### Terms:

The terms of the sale are cash or cheque, payable on the day of sale. The right of property shall not pass until after settlement has been made: no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

### Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association or Canadian Charolais Association or Canadian Simmental Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

### Semen Collection:

Sellers reserve the right to collect 100 doses of semen on any bull in this catalogue. This collection would be done at the Sellers expense and the buyers convenience and would be for in herd use only.

### Guarantee:

Each Animal becomes the buyers risk immediately after the animal has been sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus Association or Canadian Charolais Association or Canadian Simmental Association with regard to health, freedom from defects and from both reproductive and specific genetic soundness.

### Health:

All animals in the sale have met all necessary health requirements.

### Phone,Mail&Wire bids

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to sale manger, auctioneer or special representatives. bids must be recieved in sufficient time prior to the sale.

### Liabilites:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur.

**Errors:** All announcement at sale time, written or oral, supercede any written material in the catalogue

# **SELTE CATTLE CO**

## **IAN, JESSI, HANNAH AND TRYG SELTE**

On behalf of the crew at Selte Cattle Co. we would like to welcome everyone to the 2nd Annual Gotcha Covered Bull and Select Female Sale. We want to extend a thank you to everyone who has shown an interest in our program this past year, and to those who have put in the effort to purchase off the farm the past 10 years, your support is greatly appreciated. We also want to thank Jesse Lawes, his team and our fellow contributors for helping put this sale together. With more bulls on offer we felt this was the fairest way to continue to support our customer base.

2025 was a year that the ranching community needed after years of increased inputs, and dry summers the strong market and snow coverage is a welcomed relief. We hope that this will be a continuing trend for 2026. We are pleased to be able to offer a consistent group of Long Yearling Red Angus Bulls. These May/June born bulls are fed their first winter on a moderate growth ration to ensure longevity. During the summer they are turned out onto the coulee pasture, where they have to navigate hills and brush before being brought back to the yard in September. September to current date they have been on a balanced TMR ration and allowed to bloom.

Bulls are important but so are the cows that they come from. Our cows are ranch cattle, not in the words that they are ranchy, but in the fact that they are expected to maintain themselves, calve without assistance, and wean a respectful well-balanced calf. The cows only come back to the yard to be AI'd and weaned, the rest of the time they are at pasture. During the winter months they stay out grazing corn, swaths, bunches, and once the extended grazing is done then TMR to ensure they stay well maintained. We believe that you must like the way your cattle look, watch input costs, but also be realistic with their needs, finding the balance requires attention and consistency in your herd and thankfully we have mostly been able to achieve that. They start calving on banked grass which we believe allows the cows to mother their calves fully without running off to the feed truck when it comes. These cows know how to put in the extra work for us. The end goal is to make sure that their calves will put in the extra work for you.

Please feel free to call with any questions and stop by for a tour.

Ian Selte (780) 581-4141  
Jessi Selte (780) 581-4689

# **BORRADAILE CATTLE CO.**

## **ALVIN LUMLEY**

Borradaile Cattle company is pleased to welcome you all to Vermilion Livestock Exchange for our second annual Gotcha Covered sale with our fellow consigners. We would like to say a huge thank you to our bull buyers from the last 4 years and look forward to working with any new ones.

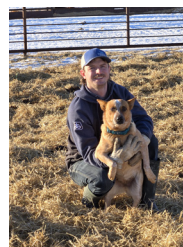

These bulls come from cows that only spend calving season in the yard. Mid May to October our cow herd is out grazing pastures. Once crops are off, they will graze those fields till November when we wean calves off the cows and send them out to swath graze cereal crops till calving which as of this year the bred heifers will start in March and the cows in April.

Once weaned all our calves including the bulls go on a back grounding TMR of corn silage, Brown oats, hay and straw and free choice mineral. We want them to be allowed the time to grow out naturally to ensure their longevity. We are proud of the bulls we have raised and quality and longevity are at the top of the list. Any bull sold is one we would be proud to use in our own herd and come from exceptional dams.

We have felt fortunate this year with the strong calf market the and beautiful amount of snow thus far into the winter. May it bring smooth calving, great runoff, full dugouts, and thick pasture's.

Please feel free to stop by any time for a tour.

All the Best  
Alvin Lumley (780)853-0528

# OCKERMAN SIMMENTALS

## ORIN AND DONNA OCKERMAN

Ockerman Simmentals, along with our fellow consignors, welcome you all to the Vermilion Livestock Exchange for the 2nd Annual GOTCHA COVERED BULL AND SELECT HEIFER SALE. Even though the weather wasn't the best last year on sale day, our first sale was a great success. Thank You to the outstanding staff at VLE for all your hard work in making sure everything ran smoothly.

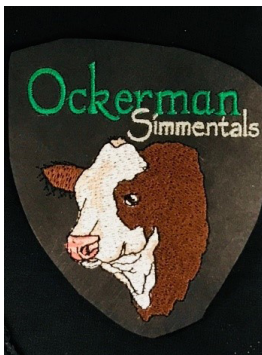

A big Thank You to everyone who has supported us over the past 11 years; our family, friends and neighbours who are always willing to give us a hand, and to all of our past customers, including our 2025 customers: Louis Gamache, Lazy HJ Sock Farm (Doug Hess), Doug Drolet, Westgold Farms (Ken Gilbert), Darrel Younghans, Dean Bykewich, and Bruce Etherington, and to everyone that attended the sale last year, either in person or online.

Each year we go through the bull pens and make the tough decisions of who we feel have the best qualities and temperaments, the style and performance to produce heavy weight steers and top end heifers to fill the demand for replacement females. Choosing a herd bull is one of the most important choices a cattleman has to make. A good bull will pay for himself when you sell his first set of calves. We would gladly use any of the bulls we have on offer this year, in our own program.

Please feel free to stop by the farm anytime, or give us a call, have a visit and tell us about your program and we will try to help you make a choice that will work the best for you.

## REFERENCE SIRE

30

**ODO NORRIS 9N**

SVS Betts 808F  
Oakview Limelight 467L  
Oakview Granite 467G

Crossroad Cheetah 827B  
ODO Doreen 9D  
Crossroad A-Bit 758A

Norris a good choice for anyone looking for a new herd sire to use on mature cows, as this guy is a performance bull with some power. His length and natural muscling should be passed on to his offspring.

Oakview Limelight 467L  
Oakview Granite 467G

Springcreek Power 55A  
Black Gold MS Anna 165E  
Black Gold MS Anna 54A

Here is a bull to be used on mature cows, as Nitro has some power in his make up. His dam is very consistent in producing top quality calves year after year, no matter who she is bred to, and passes on her amazing temperament to each one of them.

ODO Jack Daniels Magnum 12J  
Crossroad Bubbles 528B

MRL Discovery 21A  
ODO MS Joni 26J  
Crossroad Champagne 137C

Moderately framed, with a good birth weight and calving ease, we believe Nox would work very well on younger cows with some size to them. He carries a lot of the traits of his sire, and will most likely pass them on to his offspring as well.

Crossroad Cheetah 827B

ODO Daisy 7D

Crossroad Aida 333A

We kept Magnum back last year, due to his late March birthdate. He is made up of some truly outstanding genetics on both sides of his pedigree, with Crossroad Radium 789U on his dam's side and Kuntz Super Duty 4Y on his sire's side. We feel he would be best used on mature cows, as he is a power bull.

ODO Jem of a Discovery 14J

Black Gold MS Dream 125B

Naz is out of one of the sweetest momma cows, who has a picture perfect udder, with exceptional hair, feet and legs, and she did an amazing job raising this guy. If you are looking for a black herd sire with some built in power, check him out.

ODO Jack Daniels Magnum 12J

Crossroad Bubbles528B

MRL Red Whiskey 101B

ODO Miss Jenna 23J

ODO MS Gabi 13G

Nugget has an amazing curly hair coat and his natural muscling is just like his sire. With his moderate frame, birth weight, and calving ease, he should be a good match to work on younger cows.

36

**ODO NESTER 17N**

FGAF Magnum 901Z  
ODO Jack Daniels Magnum 12J  
Crossroad Bubbles 528B

NUG Priority 5C  
ODO Hilda 17H  
Rendezvous Kendra 165C

This guy is showing traits of both his sire and his dam. His dam is very easy keeping, with a beautiful udder full of milk, great legs and feet, and a quiet disposition. His sire is packed full of natural muscling, amazing temperament, and thickness. Nester would be a great addition to any herd.

FGAF Magnum 901Z  
ODO Jack Daniels Magnum 12J  
Crossroad Bubbles 528B

Black Gold Radioactive 36A  
ODO Miss Cassie  
SVS Red Spirit 10Z

Nico's grand dam was the first piece in the foundation of our purebred herd. Sunny was the most complete cow, in every way, and thankfully, she passed that on to every one of her calves, and her daughter Cassie does the same. This guy has built in calving ease, and he will work on younger cows. He is a solid red version of his sire, ODO Jack Daniels Magnum 12J.
