Bull & Female Sale

Friday,
March 6, 2026

1:00 p.m.

Johnstone Auction Mart Ltd.

Moose Jaw, SK
4 miles West of Moose Jaw on
Trans-Canada Highway

with Guest Consignor
**East Poplar
Simmentals**

WELCOME TO OUR SALE

Welcome to the LaBatte Simmentals 46th Annual Spring Bull and Female Sale! Can't believe it's already been a year since our 45th sale – how time flies, and it seems faster every year! What a great time to be in the cattle business! Steer Calves selling for \$3000 - \$4000, Bred Heifers selling for \$6000 - \$8000 and Cull Bulls up to \$7000. What a great time to invest in good young herd bulls. I truly believe that this cattle market is going to be good for a few years with the low cow numbers in the U.S. and Canada.

We would like to again thank all of the bidders and buyers from our past sales, your continued support and effort to attend our sales or bid online is very much appreciated. Many of you have become lifelong friends, not just customers. Kyron and I both think that this is the most consistent group that we have ever offered, whether you are looking for Red, Black or Fullblood Bulls.

Again, I'd like to thank our family back home for their dedication and hard work. This is truly a family operation, as we make a living with the cattle and grain farming. Lynlee runs the grain side of our operation and helps with the cattle side whenever he can. His wife Hayley is a big part of our operation too, helping with the cattle, AI'ing, clipping and showing. She has played a significant role in assisting me with the advertising and books. Brodyn has taken on a big part in our operation now that he is back home farming and ranching. He's been given a lot of responsibility with the purebred cattle, making decisions, heading the calving season and doing the majority of AI'ing along with helping his dad on the farming side. Thanks again to our hired help – Cole McHattie, Chase Muxlow and our night watchman, Dale Ehrhardt.

We believe this is one of the best and most consistent group of bulls we've ever offered. Our Reds are headed by two new bulls – Red Top 108L and Ultra/HVAL Tommy Gunn 32L – what a set of bulls they have sired! We also have bulls by the popular Mountain View and another young walking bull, DESS Crush 31L. Our Black Bulls are again headed by a very strong group of RF Bloodline bulls, mixed in with some Calibers, Rizzinis and KWA Sliders. Our Fullblood Bulls are mostly polled this year. There's a strong group of calving ease bulls to performance bulls. Again, we are saying that this group of Red, Black and Fullblood bulls are the most uniform and consistent group ever.

We invite you to our 46th Annual Bull and Female on Friday, March 6th at Johnstone Auction Mart in Moose Jaw, SK, where approximately 90 bulls and a dozen heifers will be offered. The sale is a live auction sale where the bulls will be going through the ring. The sale is also online with DLMS (Mark Shologan at 780-699-5082) if you are unable to attend the sale. The bulls and heifers will be available for viewing at Johnstone's in Moose Jaw Wednesday, Thursday and of course Friday, March 6th. Even better yet, come to our farm and see the bulls and heifers prior to the sale. The coffee is always on!

If you have any questions, please call Barry at (306)815-7900, Brodyn at (306)815-7804 or Kyron Manske at (306)267-7530 or call our Sale Managers, Bohrson Marketing Sale Staff, to evaluate the offering for you.

P.S. Grandkids have grown up way too fast except for Brodyn, LOL!, as he is back at the farm and a big part of LaBatte Simmentals. Jory, Lynlee & Hayley's middle son, is off to the U of S in Saskatoon going in for a Psychologist, Emry has just graduated from Hair Dressing School, and Jenna is taking a Business Course in Moose Jaw. Zayne & Sierra are in Grade 11 & 10 and will be soon deciding their careers.

SALE DAY INFORMATION

Sale Day Phones:

Sale Headquarters:

Ramada Hotel, Moose Jaw, SK

Tel: 306-693-3050 (North of Tim Hortons)

Rooms are reserved under LaBatte Simmentals.

Sight Unseen Purchase Program:

If you are unable to attend the sale but are interested in our bulls give Barry, Brodyn or Kyron a call and they will personally go over the bulls and your program with you. They will recommend which bulls they think would meet your satisfaction and refer you to one of their sale staff.

In-Herd Semen:

LaBatte Simmentals & East Poplar Simmentals reserve the right to collect semen on any bull sold through this sale. The semen collection will be at the seller's expense and the buyer's convenience. Any semen collected will be for in herd use only.

Catalogue Production: Catalogue production was done by Bohrson Marketing Services. Online catalogue can be viewed at www.bohrson.com

Bull Sale Videos: Available in mid February at www.cattlevids.ca and www.bohrson.com.

Photography: Prairie Pistol Designs, Melissa McRae

Health: All bulls will be scrotal measured and palpated. Bulls over 12 months of age at time of testing will be semen tested. Bulls under 12 months of age at time of testing will be semen tested prior to delivery. Weights will be posted sale day. All bulls and heifers were given Cattlemaster 4, Somnustar PH and Fortress 7 in June and boosted with same in September. All were treated with Ivomec Pour-on in September and January.

Delivery: At the buyer's option and risk, LaBatte Simmentals and East Poplar Simmentals will take the purchaser's bulls home, feed them under their management and deliver them FREE anywhere in the prairie provinces to your nearest central location. We will do our utmost to deliver them right to your yard. Delivery will take place between April and the middle of May. For bull buyers outside the prairie provinces, LaBatteSimmentals and East Poplar Simmentals will work with you to help coordinate delivery. The bulls are the property of the buyer as soon as they are sold. Therefore, buyers must insure their animals for the time they are at LaBatte Simmentals and East Poplar Simmentals. The heifers will be delivered as soon as possible after the sale.

US Delivery: For our U.S. buyers that live in the Dakota's and Montana, we offer *free delivery* to central points and if possible right to your yard. For bulls going to other destinations we will work with you making arrangements. *We look after and pay for all paperwork crossing the border* and do offer a sight unseen purchase program.

NEW THIS YEAR • VOLUME DISCOUNTS

Purchase 2 bulls receive 2% off on total purchases

3 bulls receive 3% off on total purchases

4 bulls receive 4% off on total purchases

5 bulls receive 5% off on total purchases

This discount will be based on each consignor's individual offering.

Internet Bidding Available: If you are unable to attend our sale, please join us by viewing the sale live online at www.dlms.ca. For more information and help getting approved for bidding, contact Mark Shologan - 780-699-5082.

Guarantee: All animals will carry the standard breeding guarantee as specified by the Canadian Simmental Association. At no time shall the seller's liability exceed the purchase price of the animal.

Terms and Conditions: The sale will be conducted under the standard Johnstone Auction Mart Ltd. Terms & Conditions.

Accidents: Although every precaution will be taken to protect the safety and comfort of buyers, neither the Sales Management, auctioneer, consignors, or Association assumes any responsibility in this matter and disclaims any liability legal or otherwise in the event of accident or loss of property.

Catalogue Information: EPD's are current and up-to-date as of publication date. Information in this document is believed to be accurate but any updates at the sale by the owners, auctioneer or sales management will take precedence over the information provided in the sale catalogue. Pedigrees in this document have been supplied by the Breed Association and all other information has been supplied by the seller.

WELCOME FROM BOHRSON MARKETING

A household name in the entire industry, LaBatte Simmentals is at the forefront for annually supplying some of the finest Simmental genetics into the industry. This year marks their 46th annual Bull Sale, a true testament to their dedication to providing a second to none service to their long lasting friends and customers and we commend them for again raising the bar of quality this year for what we feel is arguably the strongest set of Simmental Bulls they have ever offered. The opportunity to source your next red, black or fullblood Simmental bull all under one roof on one special day is exciting and we wish to welcome you to this exciting sale day featuring the LaBatte Simmentals operation as well as guest, East Poplar Simmentals on March 6th!

The exceptional quality displayed in this catalogue from both the LaBatte and East Poplar programs is second to none. These bulls are backed by some of the truly exciting and proven herdbulls and sought after ai sires in the entire breed. The cowherds backing the sale bulls available are the ranchers kind, built for profitability. The cowherds are sound, fault free and easy doing and expected to be productive. Both programs play a heavy emphasis on foot and udder quality and breed cattle that work in all environments while looking good doing so! The bulls are bred and developed to work and last for their customers and are geared perfectly for todays industry. They are easy fleshing, hairy, big bodied bulls that can get out and travel while being easy on the eyes! These bulls are certainly no accident and are the result of countless years or strategically lining up cow families and utilizing the best bulls both programs can get their hands on. The special open heifers on offer from LaBatte's are sisters to the powerful bulls on offer and are a great chance to start a new cow family to be cornerstones in your herd. They are selected right off the top and have a little something to offer anyone with many donor candidates and fancy show heifers to select from!

Not only are both the LaBatte and Manske families some of the very good Simmental breeders we annually get to work with, they are some of the real easy going, salt of the earth people we call friends. When you choose to do business with both programs, you are acquiring some of the very best bulls made available and gain lifelong friends in the process. We can't encourage you enough to be with us in Moose Jaw for this exciting set of herdbull candidates. Be sure to come take in the hospitality, great set of cattle and the well known Simmental camaraderie, its among the very best anywhere. Give Barry, Brodyn or Kyron a call to discuss their stock on offer, they would be happy to talk cows with you! If our team at BMS can be of any assistance, please do not hesitate to reach out as we would love to have a hand in your next selections. We hope to see you at Johnstone's!

Best regards,
The Bohrson Marketing Team

RED BULLS

On offer is the best and most consistent set of red bulls we have ever offered. Headed by some of Red Top 108L, Ultra/HVAL Tommy Gunn and the WFL Mountain View bull. They are thick, deep, big topped, hairy been machines.

Red Top 108L

Ultra/HVAL Tommy Gunn

WFL Mountain View 4J

 IPU 245A'S MS. SPARKLE 38E

HOMO POLLED

A dark red super stout bull off of the popular Mountain View bull out of a good young seasonal calving Approval daughter. This 17N bull is thick, heavy muscled, deep, hairy and has a Herd Bull presence about him. He possesses a great set of EPD's from calving, performance, carcass traits along with a big API and TI EPD. He's got a low 82lb birthweight, weaned off his mother at 850lbs, and is the kind you would like a whole pen of.

Performance (lbs)		EPD's						
BW	ADJ.WW	CE	BW	WW	YW	M	MCE	MWW
82	769	10.4	2.4	91.9	129.2	20.9	3.8	66.9

Lot 2 - 23N

HOMO POLLED

Another Mountain View son off of a really good Top Tier cow, who raised our second highest selling red bull last year – a full brother to 23N. This Mountain View son is just like him, dark cherry red, huge top and quarter, correct and stylish. He too has good calving ease numbers and performance numbers. His mother is a really good-uddered performance cow going back to the mother of IPU Lieutenant 24E bull. What a set of feeder calves and replacement females he would raise!

Full Brother - 163M

Lot 3 - 22N

HOMO POLLED

Here's a really nice red baldy calving ease prospect out of a baldy first calving 2 year old. Shamrock 22N has a nice 72lb birthweight and a short gestation length of 276 days. Gestation length is very important in our program as I believe it's as important as birthweight. He has a calving ease number of 9.3 in the top 30% of the breed and a birthweight number of 1.6 in the top 20% of the breed. He's got a perfect blaze, is smooth made, great haircoat and is stylish.

Lot 4 - 34N

HOMO POLLED

A ¾ brother to the Lot 3 Shamrock bull out of a first calving Loyalty daughter. Shamrock is a AI calving ease bull we used along with Top Tier on our heifers. 34N started at 78lbs born unassisted with a 278 gestation. He's dark cherry red, has good quarter and muscle, is stylish and complete. Look at his EPD profile. It doesn't get much better from calving ease, performance, carcass numbers to API to TI. A real prospect for the heifer pen!

Lot 5 - 38N

HOMO POLLED

A really good dark cherry red son of Mountain View that is a quarter Fleckvieh. His mother is a nice-uddered, first calving Walk the Line daughter out of a really good Fleck cow. This bull will add performance as he's in the top 1% of the breed for weaning and yearling weight and possesses great carcass numbers. He is a very long-made bull, smooth, about as red as you can get, great-haired as are all the Mountain View progeny, and they are great uddered females. If you are looking for a red bull with a touch of Fleck in him – here's your answer.

HOMO POLLED TEST PENDING

A very clean made Shamrock son out of a good Walk the Line first calf heifer, going back to the Pocahontas 2Y cow. This bull carries some frame, really nice-headed and clean-fronted, has an excellent haircoat and is super long. This bull should leave you some very good replacement females that are attractive and very saleable.

A solid Mountain View son that is a twin to Lot 8 (47N) out of a first calving Potent daughter. Got to love it when 2-year-olds have twins! No! 46N is dark, cherry red, great haired, very long bodied and stylish. For twins, these bulls have come along good and will sire some excellent calves especially replacement females. He has an excellent set of EPD's as well with positive traits in 11 of 13 traits.

HOMO POLLED

One of our favourite bulls! A powerful Mountain View bull out of a good, young Potent female. These Potent females are making really good cows with very good udder quality. This guy is dark red, has great depth, he's full of capacity and muscle, huge-topped, has great hair and is just plain powerful. He is in the top 1% of the breed for Weaning Weight EPD and top 1% for Yearling Weight EPD. If you want to raise some calves with performance, color and style - here he is!

HOMO POLLED

Our first Tommy Gunn bull and he is a good one! We are very happy with the Tommy Gunn bulls. His mother is again a half Fleck cow out of the 105B Dakota cow that was here for a long time. This bull is deep, good-quartered, has lots of top, very smooth-made, attractive and is the right kind that's going to sire those sale topping calves at the auction mart and a great set of replacement heifers with a touch of Fleckvieh in them.

HOMO POLLED

Another really good Mountain View bull out a first calving 2-year-old Betts daughter that we really like. These Betts females are making really good cows, good udders, easy keepers and they themselves can produce. This 61N Mountain View bull is dark cherry red, hairy, deep-bodied, big-topped, and has an excellent quarter. He will sire excellent progeny both bulls and females, the kind the commercial men and women appreciate.

HOMO POLLED An outcross Red Top 108L son out of a very good IPU 2Y Dillinger daughter. This is her second bull going to the sale, the first a calving ease bull by Top Tier sold to Crossroad Farms at Shell Lake, SK. We have two of her daughters retained in the herd as well. 66N has a very nice balanced set of EPD's. Calving and Birthweight EPD's both in the top 15%. He had an 84lb birthweight, has a star on his head, is smooth-made, good-quartered and attractive.

HOMO POLLED

A standout Tommy Gunn bull that is as red as you can make them – we call them blood red. He's huge-topped, really thick, just a very well balanced feature bull. His mother, an Encore daughter, has had three calves, first bull calf sold to the good people at K3 Ag at Ituna, her second - a heifer calf sold through this sale as a feature red heifer to Scott Morrison from Ontario and now this exceptional Tommy Gunn bull. Lots of opportunity in this young stud!

**Lot 14 - 85N**

HOMO POLLED Another really good Red Top son out a Red Zone Pocahontas 2Y daughter. 85N is stout made with lots of muscle, hair, quarter and a good disposition. That's one thing we put a lot of emphasis on at our place. We have no time for cattle with bad dispositions and neither do the commercial cattlemen. As we get older this becomes an even more important trait.

HOMO POLLED

A feature bull out of Dess Crush 31L, a Tycoon son we purchased as the high selling bull from the Storebo's at the 2024 Bridge City sale. Crush is a bull we plan on using a lot more of in our 2026 breeding season. 87N's mother is the \$40,000 KT Ranch bred heifer we purchased at Bohrson's summer sale in 2021 – a beautiful deep, soggy Betts heifer going back to the Jenna cow family. This bull's picture doesn't do him justice as he's dark red, big-topped, huge-quartered, long, lots of capacity, loose-made, hairy and just plain good.

Lot 16 - 116N

HOMO POLLED

Another good Tommy Gunn bull off of a good bred heifer we bought from Maple Lake Stock Farms as one of the high sellers in their production sale in 2023. She has turned out to become a really nice, good-uddered young cow. 116N has really good calving ease and birthweight numbers. He's in the top 10% of the breed for calving ease and the top 15% for birthweight and top 4% for maternal calving ease. He, himself, has a low 78lb birthweight, he's smooth-made, long-bodied, hairy and structurally correct. A very good bull.

HOMO POLLED A beautiful hair-coated Tommy son that's dark red, moderate-made, very stout, really nice headed and flashy. He is mothered by one of our very favourite red cows, IPU Sparkle 38E. We have three of her daughters retained in our herd and this is the fourth progeny going through the bull sale. Heifers have sold to Josh Stentoft, Montana and Ron Burns, Iowa and a calving ease herdsire to City View Simmentals and now Tommy 158N. I would keep every one of his heifers in your replacement pen.

Lot 20 - 158N

Lot 21 - 169N

HOMO POLLED

A really smooth made Red Top son that's out of a really good Bartender cow that Hayley owns. This will be her third bull going through our bull sale, the first two selling to Kurtis Bartlett, Bengough and McWillie Farms, Watrous. She is the mother of the high selling red bred heifer at Simmsational 2025 in December selling to Black Gold Simmentals and Elliott Lindgren for \$28,000 – a real special Potent daughter. Now she has this really good Red Top 108L son, that's really good in his own right. He's smooth, thick, dark red, hairy and stylish. He would produce some outstanding females with a mother like 18E and Red Top.

HOMO POLLED A Mountain View bull out of a first calving Mader Walk the Line heifer going back to the IPU Pocahontas 2Y cow family. Mountain View sure does throw the dark cherry red colour, and tremendous haircoats. We were the runner-up bidder when he sold and we probably should have kept bidding higher. We ended up buying a semen package on him and we are sure glad we did. His daughters are first class too with excellent udders. 207N is a typical Mountain View – great colour and hair, nice muscle pattern, he's nice headed and stylish. He would sire an awesome set of replacement heifers.

Lot 27 - 207N

Lot 28 - 219N

HOMO POLLED

A really good blaze-faced Red Top son off another one of those good Potent daughters – this one going back to the Pocahontas 105L cow family. 219N is dark red, smooth made, deep-bodied and has that beautiful blaze face – the kind that sire those high in-demand baldy calves that top the commercial market and bring big premiums at bred heifer sales.

HOMO POLLED

We are really excited about this young, end of February Red Top calf. His dam is a really good Top Tier cow going back again to the Pocahontas 105L cow family. These great Red Chief females still keep showing up in these good, young cows' pedigrees. 49J's first bull calf sold to Allemand Ranches, SK, and in last year's sale an outstanding red heifer calf sired by Eldorado sold to Hoffus Stock Farms at Porcupine Plains, SK. This calf has been very good right from a young age, a real eye catcher. He started at a nice 90lb birthweight, ranked 7/82 at weaning, has a really nice set of EPD's, from calving numbers performance numbers and maternal numbers. This is a bull to be sure to look up on sale day.

HOMO POLLED Another Brooks dam going back to the Horizon 21A cow that has raised a good one. 172F herself is as long-bodied cow as we have got, just like her mother 21A, and it's showing up in this bull. He ranked 15/82 for adjusted weaning weight. 244N is deep-bodied, has lots of capacity, he's dark-coloured and could sire a group of high performance offspring, both male and females.

HOMO POLLED TESTING PENDING A nice made Red Top Son off of a transplant Crosby cow going back to the Pocahontas 68M cow family. This is the third bull she has coming to the bull sale. Previous bulls have sold to Hrebenik Farms, SK and EDN Simmentals, Maple Creek, SK. 264N has good size for his age, as he is an early March born calf. He's good-haired, has lots of depth of rib, is loose made and has high capacity. He has excellent performance himself as he has an adjusted weaning weight of 891lbs, ranking him #2 out of 82 bulls in his contemporary group.

HOMO POLLED A young Red Top bull out of a really good Kuntz Sheriff cow that knows how to produce them. This is the fifth progeny to sell at Moose Jaw. Bulls have sold to Bob Spier – Spier Holdings, SK, K3 Ag, SK, City View Farms Ltd., SK and a high selling bred heifer to Triple R Simmentals at the Simmsational Sale, and now this really good Red Top bull – 247N. He's got a little star on his head, he's deep-ribbed, structurally very good, he's smooth made and attractive.

HOMO POLLED/HOMO BLACK

A feature Robb Warrior son out of a first calf Yuma daughter. He's been a standout since birth. He's huge-topped, has a big old quarter on him, he's deep-ribbed, full of capacity and he's loose made. He has excellent hair that is straight, but very thick, he's nice-headed with a touch of white on his forehead and he's just a smooth made beef bull. He started at 78lbs, weaned off at 908lbs, indexing 14/82 in his contemporary group. His EPD profile is amazing, from calving performance, milk, maternal and great carcass traits with top 4% API and top 1% TI. 5N has a great future ahead of him – he'll be easy to find sale day.

HETERO POLLED/HETERO BLACK A half Fleckvieh black blaze Motley son out of a Fleck heifer we purchased out of the Rendezvous Dispersal with our good friends at Circle 7 Ranch – the Oberles. She was one of the high sellers, a beautiful-uddered Dutton daughter who has a very good polled Modano bull calf on her this year. 3N started life at a 72lb birthweight and weaned off at 835lbs off a heifer. He has an excellent EPD profile with the top 5% for calving ease and top 15% for birthweight. We are thinking this smooth made, low birthweight, short gestation bull could be used in the heifer pen with confidence.

Lot 34 - 3N

Lot 35 - 10N

HOMO POLLED

Another calving ease heifer prospect bull. A really good Sochi son out of a first calving Caliber daughter. He's very smooth made, has a nice small head, clean front-end and is long-bodied. He is also deep-ribbed, big-topped, great-haired and possesses an 80lb birthweight, so he could be eligible for the heifer pen. He has a short 277-day gestation as well.

Lot 36 - 15N

HOMO POLLED/HOMO BLACK

A really good Hannibal son out of a first calving half-blood heifer. We still use the calving ease Hannibal bull on a few heifers every year. He's got calving ease plus some performance. This 15N bull is really smooth made again, nice-headed, clean-fronted, good-haired, has a real good, muscled quarter and is stylish. He's in the top 2% for calving ease and top 3% for birthweight. His daughters are in the top 10% for calving ease themselves. He is in the top 15% as well in marbling.

HOMO POLLED/HOMO BLACK

We always like to breed a couple heifers to Poker Face hoping to get heifer calves, as they make such good cows. Poker Face's mother is one of the best-looking black cows that we have ever seen – a Temptation daughter. 27N has a white splash on his head, is very long bodied, made really nice through the front and stylish. He would raise some great replacement heifers.

Lot 38 - 27N

50 years married. She's still a beauty!

The result of 50 years

The bride and groom 50 years later.

HOMO POLLED/HOMO BLACK PERCENTAGE

We purchased RF Bloodline 242K, along with Oberle Farms in the Maxwell-Rancier 2023 Bull Sale. We started working on a small half blood program and this stud came along, we thought maybe as good a black bull that sold in the 2023 bull season. He was so impressive with his muscle, rib shape and overall balance. He had an actual weaning weights of 1105 lbs and a 1600 lbs yearling weight and yes he was a half blood sired by the \$250,000 SAV Bloodline Angus bull out of a beautiful cow, the Flirt cow family. He cost us \$50,000 but it was worth every penny of it as you will see with his sons, ½ bloods and ¾ bloods. Probably haven't used a more consistent herd bull then Bloodline. He puts a little extra frame in them lots of muscle, rib and eye appeal. A true performance bull. We think you will be impressed again with his second set of bulls selling.

Lot 39 - 29N

HOMO POLLED/HOMO BLACK

We are starting off this group of Bloodlines with the excellent 29N bull. He is mothered by one of our favourite cows on the farm, IPU Ms Sierra 76H, an IPU Bentley 81F daughter going back to a Liner 56U cow we flushed. Sierra is beautifully made, deep and angular, easy doing and has an excellent udder. She just recently produced a gorgeous heifer selling to Circle G Simmentals, Garth Cutler, AB, at Simmsational 2025 for \$28,000. She has a son working at Klettberg Lakehead Farm at Archerwill, SK and two daughters retained in our herd. Her latest son, 29N, is stout-made, big-topped, loose made and hairy. He has a nice set of balanced EPD's also. What a set of soggy calves he would sire. Keep every heifer off him.

Lot 40 - 37N

HOMO POLLED/HOMO BLACK

A true half-blood I call them. Half blood cow bred to a half-blood bull – the Result – a super made bull like 37N. His mother is an excellent blaze-faced cow, great uddered and to me, the ideal cow especially when she can raise bulls like this. This son of hers is long, deep, great-haired, thick-made and stylish. He weaned off his mother at 935lbs and rated 1/5 for adjusted weaning weight. He is in the top 1% for both adjusted weaning and yearling weight EPD's. What a set of calves he would sire – the kind the feedlot buyers demand and the kind that top the market.

HOMO POLLED/HOMO BLACK

Another true 1/2 blood sired by Bloodline out of a good JHSN Wide Load daughter we purchased at the R Plus dispersal. One of our picks of the cows. She's had many progeny sell through R Plus's Bull Sale and ours including some heifers. 128N is homo polled and homo black, he's deep-bodied, hairy, long-made and would sire an excellent set of replacement females and stout steer calves.

Lot 44 - 134N

HOMO POLLED

A good Bloodline bull again out of a thirteen-year-old cow. 132A has had eleven calves in a row, never missing a year. That's fertility! This is her 7th bull going to Moose Jaw to our sale. That's production! This loose-made, deep-bodied herd bull will sire the right kind that is so in demand at the auction marts.

Lot 45 - 140N

HOMO POLLED/HOMO BLACK

A 3/4 brother to Lot 44 – both 3/4 bloods and both good. The mother to this bull is a really good IPU Bentley 81F daughter who has three daughters in our herd. This is her first bull calf and he is a dandy. Beautiful hair coat (you hear me talk about haircoats a lot. It's a very important trait where I live in Saskatchewan. As I write this footnote, it's -35 degrees Celsius with some wind. Brrr! That's cold and those hairy cattle can take it a lot better. They like them in the feedlots too). 140N is also deep-ribbed, soft made, long and stout. What a set of feeder cattle he would raise.

HOMO POLLED/HOMO BLACK PENDING

A standout RF Rizzini 394 bull out of a black blaze Top Tier daughter going back to the really exceptional cow, Ms Sierra 76H. This is a tremendous bull, really thick, big butted, excellent hair, soggy, big topped, just a heck of a bull, one of my favorites. He has a great set of EPD's from calving, performance, milk, maternally and marbling. He weaned off his mother at 908 lbs indexing 1 out of his 5 contemporaries for adjusted weaning weight. He is herdbull quality... big time.

Lot 48 - 166N

HOMO POLLED/HOMO BLACK

A good Bloodline bull off of probably our favourite black cow in our herd. Ourselves and Circle 7 Ranch purchased her out of the R Plus dispersal. She was our pick of the herd, causing us to pay \$50,000 for her. Her bull calf was the high selling black bull at Marlin's dispersal as well. To me, she is almost the perfect cow except she doesn't want to give us many embryos! Her natural calf, 188N, is a standout and there is an embryo calf that is really good too. 166N will sire some awesome females and bulls and put performance in his calf crop.

Miss R Plus 7172E

Lot 49 - 188N

HOMO POLLED/HETERO BLACK

A feature purebred black bull again out our favourite black cow 7172E and sired by Tommy Gunn, so a different pedigree in the black world. This is 7172E's natural calf. They were out to Bow Valley getting his mother flushed this spring and her calf continued to do so well. He's huge made, with a big old middle, big-topped, big-quartered, excellent hair, nice blaze on his head, he has great disposition and he's POWERFUL! We believe there is a lot of opportunity in this bull. We plan to use him through A.I. ourselves. With a mother like 7172E and an outcross pedigree from his sire – the awesome Tommy Gunn bull – we think his future is endless.

HOMO POLLED This is a good Sochi son out of a first calving Caliber daughter that we really like. Calibers are awesome uddered cattle. Sochi himself is known for calving ease and smaller birthweights. 69N also has performance, weaning off his 2-year-old mother at 895lbs, ranking him 6/82 in contemporaries, he has an excellent set of EPD's, been above average in 11/13 traits with API in the top 5% of the breed and a TI of top 2% of the breed. 69N has some calving ease with an 86lb birthweight and performance too.

HOMO POLLED/HETERO BLACK TWIN Sired by the female maker R Plus Prosecution 0183H, who is a son of the R Plus 7172E cow. At Marlin's R Plus dispersal, the Prosecution open heifers were definitely the best sire group and were the top selling group. We purchased a semen pack on him and have some outstanding replacement heifers in the keeper pen. As you can see by his picture he's very stylish, smooth through that shoulder, nice fronted and headed – very stylish – keep his heifers for replacements.

HOMO POLLED/HOMO BLACK Another Prosecution son out of a powerful Sure Bet cow we purchased out of the WLB dispersal as our pick. This will be her seventh bull calf selling off her. Four in our sale and three in WLB bull sales. From us, she has bulls working at Janjie Holdings, SK, Josh Stentoft, MT and the \$57,000 Caliber son at Mandan Lake Simmentals in North Dakota – the Staigles. 80A will be thirteen this year, has never missed a calving and still looks great with power, good udder and feet. 129N is super haired, nice headed with a star on his forehead, loose made and deep-ribbed. He will add longevity to his progeny.

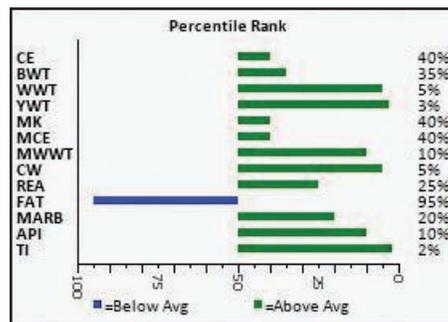

Lot 52 - 129N

Lot 53 - 144N

HOMO POLLED/HOMO BLACK

Maybe the stoutest bull in the sale. He is huge quartered, wide topped, full of meat and potatoes as the saying goes. He's out of a first calving Caliber daughter going back to the Pashmenia 403P cow family and sired by an easy calving bull, KWA Slider. Look at his EPD profile, it doesn't get any better. If you are wanting to add some muscle, shape and capacity to your calves, this is the guy. Can you imagine feeding a group of steer calves that look just like him.

HOMO POLLED/HOMO BLACK

Possible candidate for the heifer pen. Nice low birthweight of 78lbs, very smooth made, nice small head, stylish and correct. We used Poker Face a few years back on some heifers and the females from him made really good cows. They're nice uddered, some blaze faced and raise good calves.

Lot 56 - 174N

HOMO POLLED/HOMO BLACK

A really nice KWA Slider bull out of a first calving R Plus Mandate daughter we purchased from Rainbow River Simmentals out of the Keystone Sale as an open heifer. She's turned out to be a real nice young cow with an excellent udder. This guy is hairy, really nice patterned, has adequate muscle and top, he's got that herd bull look to him that says - Look At Me. 174N is a young February bull that we like a lot.

Lot 57 - 180N

HETERO POLLED/HOMO BLACK

A top Caliber son out of a young Black Cinch cow that's done a great job on this young stud. We all know how good of a bull RF Caliber is – maybe the best black bull ever produced. He's still very popular after siring many calf crops, and his daughters are now raising the good ones. This is really a good bull - one of our best. He's deep-bodied, big-topped, has muscle, is hairy, he's a bull that will sire those big, rugged calves that will top markets and feed out well in the feedlots. A top commercial man's bull.

HOMO POLLED/HOMO BLACK A rare 56U son out of the Deeg Ms Blue Moon cow that's done a great job for us and Circle 7 Ranch. Ourselves and the Oberles bought her in 2017 at the Friday Night Lights Sale in Olds for \$32,000, and she has made us back that money and more. This will be her eighth progeny going through our sale, either our bull sale or Simmsational. We've never had a cow with offspring that has so much hair – nice straight, thick hair. 21E is a producing machine. This 56U son will produce excellent females as the 56U's are noted for and having a mother like Blue Moon.

Lot 58 - 189N

3 generations at harvest. Lynlee and Brodyn in the combines, Barry baling the straw.

RF Caliber 014G

HOMO POLLED/HOMO BLACK

A feature bull in the sale is this RF Caliber son. He's one of my very top favourites in the whole sale. He's mothered by an excellent Yuma daughter going back to the RB Kisses cow family. His grandmother, IPU Kisses 130A, was one of my favourite cows that I ever owned. We don't need to talk anymore about RF Caliber as we all know how good he is. This 190N is a stud, he's deep-bodied, huge-quartered, very long made, big-topped, great haired, clean sheathed and is attractive. You see a bull that catches your eye on the straw pack and you say, "Who's that - Wow". 9 out of 10 times it's 190N. He's Homo Polled - Homo Black - Homo Good! He has herd bull written all over him.

Dale Ehrhardt has been our night watchman in calving season for years. Greatly appreciated. He's only 74 years young.

Chase Muxlow - Works with Lynlee on the grain side but helps with calving and when needed on the cattle side.

Cole McHattie - has been with us for four years now

HOMO POLLED Something I never thought I would do is sell a 1/4 blood bull, but this guy is so neat. His mother is a really nice 1/2 blood Footprint daughter and his sire is a really good Best Answer bull we bought from Justin Morrison of Brooking Angus to use as a clean up bull on our black heifers. He's turned into a super bull and looks like a big, stout performance bull. He will be too big to breed to heifers this year. 233N is an end of February calf with an 80lb birthweight, born unassisted. He's got a beautiful blaze face, super haircoat, he's deep-ribbed and fancy, fancy. He is finer boned and would recommend him for the heifer pen.

HOMO POLLED TEST PENDING/TWIN

This young March bull hasn't had the greatest start to life. He was born a twin and left on his mother. 98K broke her hip and struggled big time this summer, having a hard time getting around and late summer we had to put her down. She was a blaze faced IPU Bentley 81F daughter with a really good udder. 249N did pretty well considering his circumstances. He ended up with an adjusting weaning weight of 834lbs and indexed 1/4. He's blaze faced, has good hair, good quarter and is very attractive and showy.

Lot 61 - 249N

Blaine Axten has helped us with seeding and harvest for many years

POLLED (SCUR)/NON DILUTER

Starting this Fullblood section off with an outstanding Big Sky Chevy 4L son. Ourselves, Circle 7 Ranch and Bohrsen Marketing bought Chevy at the Keystone Sale in December of 2023. This is his first crop of calves selling. As a bonus, he's Homo Polled too. His son, 76N, is mothered by a good red, goggle eyed Solstice daughter going back to the Westgold Standout bull. Chevy 76N is dark, cherry red, loose made, has a big old butt, he's very attractive also. If you're looking for a Polled Fullblood bull that's really good, put 76N on your list.

Lot 63 - 91N

POLLED (SCUR)/NON DILUTOR A Honkytonk son out of a beautiful Walker daughter going back to the Black Gold 141F cow that's in our donor program. This Walker two-year-old is a beautiful, gorgeous, great uddered female just like her mother. Both 141F and 225L are in our top five favourite fullblood females. 91N is solid red with a star on his head. What a set of heifer calves he would sire – keep them all as replacement heifers. Whether you are breeding Simmentals, Charolais cows, Angus or Hereford cows – this bull would be a good choice.

NON DILUTOR

An eye-catching Polled Battle Cry son out of a heifer we purchased at the World Sale in 2024 for \$25,000. He is dark cherry red, deep-ribbed, has huge wrap-around goggles and good muscle. He's in the top 15% for calving ease, top 2% for milk, top 10% for maternal calving ease and top 5% for maternal weaning weight. This means he should calve easy, his daughters calve easy with lots of milk.

**Lot 66 - 125N**

NON DILUTER Another nice dark cherry red Polled Chevy bull out of a good Elevation daughter. We seen Chevy's mother this summer and wow! She's impressive – a big powerful cow that can produce. I was on the phone with Wilf Davis when she sold, he really liked her. We ended up being the runner-up bidder, as she sold for twenty some thousand dollars. We should have kept going! 125N is dark red, very smooth made, has big goggles and is very stylish.

NON DILUTOR

A beautifully hair-coated Chevy son off of a good Black Gold Elevation daughter going back to a Westgold Standout cow. Standout and Elevation really clicked in their matings. These Elevation daughters have been really good producers for us as you can see by this son. He's one of our favourites – so loose made, smooth polled beautiful head, goggles, good quarter and sharp looking. I can imagine a set of calves off him in the feedlot – thick, soggy, high-performing, hairy calves.

Lot 68 - 191N

NON DILUTOR A really good Polled Advantage son out of one our very favourite cows, Black Gold Ms Perry 141F. She has had some sons go through this sale before selling to Pine Creek Simmentals, AB, Silzer Land and Cattle, SK, Mills Farms Cupar, SK and now this good Polled Advantage son. We also have two outstanding Polled daughters in the herd with one of them going into our donor program this spring, following in her mother's footsteps. 191N himself has great hair, he's dark red, big-topped, good quartered and stylish. What a set of replacement heifers he would sire with a mother like he has got.

NON DILUTOR

A polled Barbarian son out of the really good cow Keet's Jan 38F. This is the third bull she is sending to the Bull Sale. Others sold to Richie Joint, MB and Reiten Holdings, Shaunavon, SK. 38F is a nice uddered, well balanced, deep ribbed cow we bought from Keet Simmentals at the Fleckvieh Equation Sale as a bred heifer. 218N is dark red, thick made, smooth with lots of capacity. He has an adjusted weaning weight of 840 lbs ranking him 11/82 contemporaries. This smooth made, dark red bull will be a bull to look up Bull Sale day.

Lot 71 - 223N

HETERO POLLED/NON DILUTOR

This is a really good Barbarian bull off of a super polled Southseven Mr. Adonis 96Z cow. As I said before I think Adonis 96Z is maybe the best Fleckvieh bull ever born. 223N's dam is in our transplant donor program. You should see the beautiful Prime bull calf she has on her this year sucking a beautiful 177G udder. 223N has two big goggles, is very deep-bodied, has an excellent quarter, a beautiful haircoat and is big-topped. He has a great pedigree and is a really great bull.

NON DILUTOR

A tremendous Barbarian son out of a really good Black Gold Bridge cow that's done a great job for us. Her mother Ricochet Aimee was one of our best fullblood cows. We flushed her once and should have done her more times. This Bridge daughter of hers is a very good cow in her own right. She has a son that sold this past spring to Austin Zerie at Assiniboia, SK and now this really good Barbarian son that's plain powerful. He started off with a nice 96lb birthweight and grew into a big, rugged, powerful bull. He was born the last day of February, so he is just turning 12 months a week before the sale. He has an adjusted weaning weight of 875lbs indexing him 3/82 bulls. That's performance! He's big-topped, very deep-bodied, has a good big old quarter, has two big goggles and is a nice dark red colour. Very proud to have raised this powerhouse.

NON DILUTOR

A real feature Polled North Star son that has maybe been our favourite fullblood bull all summer long. He is mothered by an excellent RWR Walker 15J daughter. We had problems with the Walker bull with semen quality and had to sell him. We ended up with just four progeny off of him - two bulls and two heifers. The two heifers we have in our herd are outstanding producing females. Such a shame we had to get rid of him. The 106N bull has one big wrap-around goggle, he's smooth polled, great haired, dark cherry red, long bodied, big quartered and big topped. Just a true herd bull in the making. There's a lot of opportunity here in this feature polled bull.

Lot 78 - 195N

NON DILUTOR Another dark cherry red North Star son out of a good uddered French Attack female. These French Attack females are some of the best in the business - would love to have a bunch of them. 195N is again dark cherry red, goggled, long made and smooth. He's moderate framed, good quartered and has a good top in him.

Lot 79 - 200N

NON DILUTOR

A definite calving ease prospect for the heifer pen. He again is out of a really good Battle Cry first calving heifer making him a ¾ brother to lots 75 and 76. Again, a similar type bull to them. He has a nice low birthweight of 76lbs, born unassisted, he's dark blood red, has smaller goggles, a really nice small head, he's long bodied and smooth made. He had an adjusted weaning weight of 822lbs ranking him 23/82 bulls. He is one of our feature calving ease fullblood bulls. Put him on Angus heifers and make those baldy money-making progeny – red or black.

NEW HERDSIRE PURCHASED FALL OF 2025. SUPER EXCITED TO SELL HIS BULLS IN OUR 2028 BULL SALE.

WELCOME FROM THE MANSKE'S

KYRON, KELSEY, EMBRIE & EVA MANSKE

Box 456 Coronach, SK S0H 0Z0

east.poplar@hotmail.com

306-267-7530

www.eastpoplarsimmentals.com

Welcome to the 46th Annual LaBatte Simmentals Bull and Female Sale! We're excited to present another group of bulls this year. A heartfelt thank you to Barry and Brenda for continuing to have us as the guest consignor. It's always a privilege to be part of this event.

Our daughters, Embrie and Eva, continue to grow and keep us busy. Embrie is thriving in Grade 2 and loving every bit of her learning adventure. Eva started in Pre K this year and is enjoying being in school as well. They started showing cattle this year and it has been rewarding witnessing them become more involved with the industry.

Wow, what a ride this cattle business has been the last two years! We are blasting through record prices and this market is looking to hold into the foreseeable future. Aside from the high prices it is a breath of fresh air to see a renewed optimism coming over the cattle industry. Ranchers have a bit of breathing room and hopefully getting caught up on a few of the lingering effects of the drought.

This year we had a major change in our operation by having an opportunity to purchase some pasture land and effectively double our carrying capacity. With this came some major changes and as many of you have seen we were marketing of large group of commercial bred heifers last fall. We plan to be doing this again this year and are in the market for a larger group/groups of one iron heifers. If you have some open replacement heifers to market we would love to have a conversation.

All the bulls are part of our comprehensive herd health program, will be semen tested, and are fully guaranteed. Delivery is free of charge, though we ask that any bulls returning to our farm for wintering are insured. Most of the bulls in our offering have been homo polled and homo black tested aside from the ones that are known by parentage. All information will be made available sale day.

Visitors are always welcome to view the bulls at the farm, or feel free to call us to discuss the offering. Videos of the bulls are available at www.eastpoplarsimmentals.com. If you can't make it to the sale, the Bohrsen Marketing team listed at the beginning of the catalogue is ready to assist, or you can reach out to myself or Barry directly with any questions.

We look forward to seeing you all on March 6th at Johnstone Auction Mart in Moose Jaw, SK, or online with DLMS!

Kyron Manske

Lot 81 - 503N

HOMO POLLED/HETERO BLACK

503N is a classic Mandate son: great feet, hairy and moderate with great muscle development. The Mandate daughters in our herd are really impressing me for their beautiful udder structure. They are also passing along Mandate's shorter gestation which adds calving ease to any mating.

Lot 82 - 511N

HOMO POLLED BY PARENTAGE, HETERO BLACK

Here is a bull with a lot of presence and look about him. 511N is a direct son of the great Emmy cow that has been very popular in the Simmental business in the last few years. 3/4 siblings to this guy made a stir last year in the show ring as well as leading off the Friday Night Lights sale. We also showed the full sibling to this guy this fall and are excited about her future here and anticipate building a cow family around her. 511N is sound from the ground up, long spined and hairy with that sought after white face.

Full sister to 511N

HOMO POLLED/HETERO BLACK

If you're in the market for a calving ease black bull take note of this guy. Light at birth, out of a Mandate dam, and high CE and BW EPDs make him a great candidate for the heifer pen. The Mandate females are passing along his short gestation and 301L is one of our favorites from that sire group. We used Southside very successfully and really like the way these calves have turned out.

HOMO POLLED BY PARENTAGE

Here is a bull with a cow family behind him that has been around here since we got into purebreds in 2005. If you get a chance to see his dam you will see why this family stands the test of time. She has one of the best udders in the cow herd and is a fault free, sound footed type of female that we think a lot of. If you are looking for a bull to raise top end replacement females this is one to be sure to mark.

HOMO POLLED BY PARENTAGE

We didn't have a big amount of Protest calves last year, but the ones we do have we like a lot. 550N is a hairy and soft made type bull who is wide topped and heavy boned. His dam has sent a couple bulls through the sale and has a really nice looking heifer calf on her this year.

Lot 91 - 550N

Lot 92 - 551N

HOMO POLLED

This was our first crop of Rancher calves and we have been happy with them. What we really value is a bull that can produce and consistently 'stamp' them. SVS Rancher definitely checks that box and more. 551N is a power bull that is sure to stamp your next set of steers with a few added pounds and a heavy hair coat.

HOMO POLLED

The cow family behind this bull is something I get more excited about every year. The 642D cow is one that is easy to find here and is the ideal type for us, great udder, feminine, blaze face and deep bodied. 553N's dam, 2103K, is a female with a bright future ahead of her and we are extremely impressed with the job she did on this long spined individual, but also on her Boomer calf this year. A maternal sister to 2103K was Embrie's junior project this year and we are looking forward to her production in the years to come.

HOMO POLLED BY PARENTAGE

To say I'm happy with the way this guy has turned out would be an understatement. He came in dam from the great Westway program out of their 'Sale of the Decade'. His dam 3062L was a high seller that day and it is easy to see why. Perfect udder, power cow and a great temperament. 568N is a true heifer bull in my opinion, but ties that together with good performance, cherry red heavy hair coat, and a great EPD profile. Take a close look at this guy.

OPEN HEIFERS

LaBette Simmentals will be consigning 11 open heifers to this year's sale. A really good group that weren't picked out till a week before pictures. They were put on feed then as before they were getting 4-5 lbs of pellets a day and free choice hay. The reds are featured by the Red Top 108L bull, Ultra/HVAL Tommy Gunn and Top Tier daughter. Blacks are sired by RF Caliber, Hannibal, North Star and Sochi. Two elite fullbloods, both polled, one by Modano and one by North Star.

If you have any questions about the heifers, give Barry or Brodyn a call. Better yet call Hayley at 306-815-7700, she knows them the best. Or better yet come and have a look at them on the farm before the sale. We would be glad to show you them and their brothers in the bull pen and have a coffee.

HOMO POLLED TEST PENDING

This is a true feature heifer! She's been a standout since summer. Sired by the awesome Red Top 108L blaze faced bull we couldn't be happier with both bulls and heifers from him. She is mothered by a super uddered Betts cow who is one of our favorite red cows. Betts cow produce! She goes back to the Pocahontas 68M cow family. 16N is a beautiful made red blazed heifer that's very easy fleshing, dark red, stylish, good haired, lots of capacity – just a brood cow in the making.

Moving pairs in the fall

Our 3 beautiful granddaughters

Lot 97 - 58N

HOMO POLLED

Another one of these good Red Top daughters that is really good. Beautiful hair again, a splash of white on her forehead, clean fronted, long, angular and again broody. You could put a halter on her and she would be very competitive. She is mothered by one of those good Potent daughters going back to a Springcreek Liner 56U cow. She will be easy to find sale day.

HOMO POLLED

A good Tommy Gunn heifer out of the popular Heirloom cow family of Czeck-mate Simmentals. We purchased 122N's mother as a heifer calf at the 2022 Friday Night Lights sale at Olds. This Tommy Gunn heifer is going to be a great cow. She is so broody, deep ribbed, loose made, hairy, got nice small teats, just going to make a high producing cow.

Lot 99 - 122N

Lot 100 - 222N

HOMO POLLED TEST PENDING

Bull Maker, that's how I would describe this heifer. She's one of my favorites among 105 replacement heifers. Is she a show heifer – NO! Is she the kind that's going to produce – YES! She's easy fleshing, deep bodied, angular, loose made, a high capacity heifer. These Red Top 108L progeny are very good both heifers and bulls. We will be using a lot more of him in the 2026 breeding season. This is a high quality heifer – a brood cow in the making.

HOMO POLLED

A feature black heifer that's a really good one. A RF Caliber daughter out of a Dynasty cow we bought out of the Mader Production sale as a bred heifer. She was our pick of the black breds. She goes back to the famous Mader Iron Sugar 7X cow family. This 130N heifer is very stylish, clean made with a beautiful head and neck design. She's great haired like all the Caliber's are, angular and feminine. Put a show halter on her or just make her a front pasture cow – she's that good!

Lot 104 - 157N

HOMO POLLED A nice baldy Hannibal heifer out of a first calving Nug Jackpot heifer. We still use Hannibal on a few heifers as he calves really good and his calves grow and have excellent calving ease and carcass numbers. This 157N heifer is clean made, nice headed with a big ol blaze, deep ribbed and good haired.

Lot 105 - 64N

POLLED

A really good Kuntz North Star heifer out of a South Seven Adonis female that was a two year old when 64N was born unassisted. We were so happy with these North Star calves. They come so easy, all born in 2025 were born unassisted, tremendous vigor too, they grow and both bulls and heifers which are also red, have big goggles, red lips, deep ribbed and angular and is polled. Be sure to give this heifer a good look as she's got a lot of opportunity in her. Look at her EPD profile also.

Lot 106 - 113N

POLLED

A feature polled Modano heifer that's high on our list. She's out of a really good Battle Cry daughter we purchased from Black Gold. These Battle Cry daughters are producers. You should see her 2024 daughter in our herd. She calved couple weeks ago and her udder is amazing – perfect! This 113N heifer has been really good from a young age, which is important. She's dark cherry red, great haired, deep ribbed, big goggles, just a great prospect polled Fullblood.
