

KICK OFF TO SPRING BULL SALE

MARCH 3, 2026

SALE TIME - 5:00 PM

HARTNEY, MANITOBA

WELCOME FROM MAPLE LAKE STOCK FARMS...

Welcome to the 17th Annual Kick Off to Spring Bull Sale at Maple Lake Stock Farms. It has been a pleasure getting to know our many customers. We have an offering again this year that we are very proud of.

Gerry has dedicated his lifetime to developing our foundation herd. The Maple Lake foundation female's progeny rises to the top every year, proven successful lineage.

We aim to bring more performance to our bulls, producing more pounds for the commercial producers. Customers love our physically fit bulls, and that they don't melt down. We all know fat bulls don't breed. 2026 weaning of bull calves in two

pastures 1.

Pasture 2

calves ave 985 lbs cows ave 1500 lbs calves ave 921 lbs cows ave 1430 lbs

Our unique Yearling purchased Winter Feed Program has been successful for 12 years, over the years we added our Guarantee Program for 10% of purchase price.

Please call with any questions and come and view these bulls, pictures do not do them justice.

MARCH 3RD, 2026

SALE TIME 5:00 PM | JOIN US FOR SUPPER BEFORE THE SALE

At the Farm • Hartney, Manitoba

*Come early and tour the bull pens and the cow pens,
enjoy some refreshments and friendship.*

MAPLE LAKE INSURANCE PROGRAM

10% of purchase price

1 year coverage for Sickness, Injury, Death

Maple Lake will supply a replacement bull to finish the breeding season

In case of loss: The Purchase price less salvage price of bull will be credited to 2026 Bull Sale.

Maple Lake encourages you to bring your yearling bull back, for Maple Lake to feed at cost for the first winter, Nov 15, 2025- April 1 2026.

TERMS AND CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at the sale location. The right of property shall not pass until after settlement has been made. Every animal sells to the highest bidder and in cases of disputes, the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Simmental Association and Canadian Angus Association unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Pedigree Estimates

Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

Health:

All animals in the sale have met all necessary health requirements.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Simmental Association and Canadian Angus Association with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Delivery:

Assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail, Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.

SILVER LAKE JENNER SONS

MAPLE LAKE JENNER 4899

20-09-2024 • ML 4899M • 1491346 • Purebred • Polled

He is a moderate frame, thick, soggy bull. Great maternal genetics. The grand dam is from our famous Wheatland 786T bull and our donor PB Black Angus foundation cow. We have generations of the "99" cow family. Check out the John Wayne sons ML 5099N & ML 5299M.

XO CATTLE CO.

TJ & GRACE

Welcome to the Kick Off to Spring Bull Sale, Tanner and I would like to start off by saying Welcome and Thank You Gerry and Linda for letting us consign a couple bulls each year for the past few years and for all that they do for us. This past year has brought some exciting ventures from rebuilding a whole new yard, some thrilling new genetics purchased, top dollar calf prices and grain yields that bust the bins! It sure is an exciting time to be in the Ag Industry. This year brings the first bulls to carry our rebranded Xo Cattle Co Prefix and as excited as we are about that we are equally as excited about the 2 bulls we have to offer you. Be sure to take a look and contact us with any questions or better yet stop in for a tour, the coffee is always on.
Sincerely, XO Cattle Co.

Two full brothers backed by our Donor ML 2266Z, a 786T daughter that works no matter who she is bred to. If you are looking for powerful meaty bull, take a look at these two. They are jam packed with muscle. On their back, the jump muscle is impressive when they walk. This dam is a favorite. A 786T original from the Ranch Haus cow and On Target. At 13 years old, she is sound as any good cow, half her age. We are very excited with the 20 calves we have this calving season. Her 2026 calves are from 6 different sires

This is Charolais x Simmental. Dam is a Black High Voltage female with a beautiful udder. He weaned 1100 lbs. If you can take steers with this rate of gain to market you will be a well paid cattleman. Full brother sold to Glen Mauthe 2026, a long time satisfied customer. Last Sept we sold a group of steers sold at Killarney Auction Mart; ave. 835 lbs for \$ 4617.55 Phenomenal. These bulls can do that!!

This is an exciting calf, a throw back that is a hit. An embryo from our well appreciated, successful Blue Diamond dam. She has had many Blue Roan bulls in our sales over the years. Several being high sellers. 2015 we had 2 full brothers sell for \$16,000 & \$12,000. We flushed 120 embryos from this amazing dam. Simmental sired and Shorthorn sired, all have been Blue Roans.

BLUE DIAMOND - DAM

Testimonial:

I bought 20 Maple Lake cows last Dec, they were bred to Stegall. You would swear they were Angus at birth. Very easy calving and up sucking in minutes. Very vigorous calves. Then 3 weeks passes, walking the pair pen, I did not recognize the Stegall calves. Lots of Growth and hip. I joked with Gerry that these look like Limo. Powerful hind quarter and beautiful feminine fronts. The females will all be retained in my herd! Great dealing with Gerry. He knows cattle. Thanks Domi Anderson Souris MB
