WELCOME TO YEAR 6 OF OUR ONLINE SALE

It sure is a great time to be raising cattle. Feeder prices remain very good despite being a little more volatile in recent weeks. Look for them to keep strong as inventories are still very low across North America.

This year we have a few less lots than previous years but the quality keeps improving each year. We are featuring Bred Heifers out of our herd bulls this year. The Loaded and Monarch daughters we have in production are phenomenal and great uddered. We have a large number of young cows by these sires that need to be seen to be appreciated. These breds will raise some great calves whether going into a purebred or commercial program. Again this year our Red Angus division remains low with just a heifer calf...Don't over look her as she will be a keeper. Stop by anytime or feel free to call at any time with any questions.

We welcome Twelve Oaks Land and Cattle back again this year with their consignments. Forrest and Jody and crew are great to work with and they are building a great program.

Be sure to join us on October 4th for our annual open house and October 5th on DLMS Farmgate Sales for the sale closeout starting at 8pm.

Thanks again to all previous bidders and buyers for the trust in our program. It is all of you that make this cattle business so great to be involved in.

Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

CERTIFICATE OF REGISTRATION: Each animal will carry papers issued by the Canadian Angus Association unless otherwise stated. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

PEDIGREE ESTIMATES: Pedigree Estimates (PE) are created on the projected mating of the animal's sire and dam based on averages of the two, creating estimated values that do not hold the same accuracy of actual EPDs issued from the association and should be used as such.

HEALTH: All animals in the sale have met all necessary health requirements.

GUARANTEE: Each animal becomes the purchaser's risk immediately after the animal is sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Hereford Association with regard to health, free of all known genetic defects and from both reproductive and specific genetic unsoundness.

PREGNANCY INFORMATION: All serviceable age females have been pregnancy examined by an accredited veterinarian, giving an estimated length of gestation. This estimated gestation period shall be used only as a guideline to calving and is not a guarantee of actual service.

It is understood that T Bar C Cattle Co. (2013) Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. (2013) Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and the seller.
