EMERALD 1019J &
STONECUTTER 84P

REMITALL WEST THE BELLE EFFECT^{VOL 4} THE EMBERS OF FIRE STORM

We welcome you to the 2026 Remitall West Production Sale. It is with a lot of enthusiasm and confidence that we offer to you the very best our program has produced. We have selected an elite set of heifer calves from our donor program as well as from our top producing cows. These are show quality females from a cross section of sires used in our herd.

The select group of bred heifers carry early services to calving ease sires Remitall-W Tron 178L, Remitall-W Firestorm ET 138L and our newest herd sire addition Coppertone 31L 20K Nathan 10N.

If you are looking to add a young but proven donor female to your program then we have a great one for you to consider, Lot 3 - MHPH 84G Emerald 1019J. Her natural production has already proven that she can produce elite offspring with the likes of Emerald 61M and Stonecutter 84P. As a first time donor she produced 21 number one embryos on her flush. Another exciting feature is the service she carries to one of the top young sires in the breed, Churchill Legacy 5117N. Take note that this special female will also be a member of our fall show team. In addition, her sensational son Remitall-W Stonecutter 84P is our feature future herd sire that sells as Lot 2. Check him out, he is powerful and checks all the boxes for an elite herd sire prospect.

Also featured is a select number of semen packages on the young sire Remitall-W Nordic 98N, a bull that garnered so much attention at last year's fall shows. He looks better than ever and will be out competing again at the fall shows in 2026.

From our Hereford Plus Baldie program we are offering some of our top bred heifers in both black and red versions. These are the industry's best cow makers. With their full pedigree and performance documentation they will make great additions to any herd. They carry the exciting services to our newest young Polled Hereford sire Coppertone 31L 20K Nathan 10N.

We invite you to view the sale offering any time prior to and including sale day. If you have any questions, please feel free to contact us. Please also make note of the 5:00 PM MDT start time for the sale. If you are unable to make it sale day, real time bidding will be available with DLMS. Remitall West is a member of the 2026 CJHA Heifer Lottery Program – junior purchases in both our Hereford and Hereford Plus program qualify. Junior members will also qualify for a 10% discount on any purchase plus two free straws of semen on any current Remitall West AI sire of the Junior's choosing.

We invite you to stay after the conclusion of the sale for a complimentary supper and social. We look forward to seeing you all sale day!

Regards

Bryan, Annette, Isaac, Zachary & Emily Latimer

TRON 178L

REMITALL WEST VOL. 4 FEMALE SALE

POLLED HEREFORD & HEREFORD PLUS

TERMS

The terms of the sale are cash or cheque, payable at par at the sale location unless satisfactory invoicing arrangements have been made prior to the sale. E-transfers and money wires are also accepted on sale lots that are invoiced. The right of property shall not pass until full settlement has been made.

DELIVERY - CANADIAN PURCHASES

Ontario and east will be delivered on Knill's Trucking or any custom hauler of your choosing at the buyer's expense. Western provinces delivery is the responsibility of the buyer. If you will need assistance with delivery, please contact us.

DELIVERY - USA PURCHASES

All delivery costs to the USA are the responsibility of the buyer. Knill's trucking is an excellent option to bring these purchases across the Canadian/USA border. Remitall West will guarantee all sale cattle to pass any health requirements to any of the states in the USA except in the case where they require the females to be Bangs vaccinated. Remitall West will pay for all required health tests. Please contact us if you have any questions on health requirements to your state.

It is our endeavour to have happy customers and to have the sale cattle arrive at their new destination safely and in good health. Each animal does become the responsibility of the buyer as soon as sold, therefore buyers are urged to insure animals for their full value.

VACCINATIONS

Remitall West vaccinates all calves born here in June and again in September with Vista Once SQ and Vision 8 Somnus with Spur. All cattle are treated routinely with Ivermectin and other Pour Ons for parasite and lice control.

GUARANTEE

The sale cattle will carry the guarantee as recommended by the Canadian Hereford Association. Remitall West stands behind all animals sold in the sale. All sale animals are guaranteed to be free of any known defects.

ANNOUNCEMENTS

Announcements from the block sale day supersede any printed material.

LIABILITY

The owners, their employees, sale staff and representatives accept no liability for any accidents that may occur at the sale, persons attending the sale do so at their own risk.

ONLINE BIDDING

Real time viewing and bidding is available through DLMS, www.dlms.ca.

Please contact Mark Shologan at 780-699-5082 or 780-991-3025 if you have any questions or you want to set up a new account.

EPDs

EPDs are current at the time of printing.

Remitall-W Fire Storm ET 138L has given us everything we could have hoped for in a young sire - calving ease, extra pigment, eye appeal, amazing length of body and extra muscle. He has already given us two sensational sons and future herd sires which are featured in this sale as Lot 1 - Nordic 98N and Lot 2 - Stonecutter 84P. We believe Fire Storm's genetics will be a major contributor to the advancement of the Hereford breed.

Not very often have we made a young donor female like this available for sale, but we wanted to do something really special for this year's offering. Emerald 1019J is that special something and she has proven it through her ability to produce and raise some very elite individuals like Stonecutter 84P and Emerald 61M. As we previously mentioned, Emerald 1019J will be a part of our fall show team as our mature cow calf pair. Interestingly, Emerald 1019J's two-year-old daughter, Emerald 61M will also form part of our show team – now that's not something you see every day, a mother/daughter in the same cow/calf division of a show. Emerald 1019J produced 21 number one embryos in her first flush earlier this spring.

Emerald 1019J sells with the special breeding service of May 3 to Churchill Legacy 5117N.

Selling half interest with no possession.

SELLING CHOICE

Selling your choice of these two ET full sisters. Two awesome individuals offered here. Tons of genetic potential combined with an elite phenotype make them a rare package. These heifers are maternal sisters to herd sire Remitall-W Iron Man ET 27M. Sired by the great breeding bull Fire Storm 138L takes this choice lot to an even higher level! A great opportunity, you take your choice, the other will be retained for our herd.

Remitall W H Barger 28N was the high selling bull in our 2026 spring bull sale at \$42,000 to Harvey Duke, SK. We wanted to take this opportunity to show everyone why we are so enthused about Barger 28N and the Angus program here at Remitall West. We feel this bull is an elite combination of eye appeal, performance and structure. He has EPDs that apply sensible downward pressure on birth weight while still maintaining the ability to have top 10% of the breed for yearling growth. His actual weights are in line with his EPDs with a 72lbs birth weight, a 861lbs weaning weight and a 1439lbs yearling weight. His dam is a beautifully made female with excellent udder quality, sound structure and feet. Look for Barger 28N out at the major fall shows, we think he will make a great impression to all who get the chance to check him out.

- OWNED WITH HARVEY DUKE, SK.
